WHATS NEW IN AWS	1
CONTENTS	1
WHAT'S NEW IN AWS: 2020 SERVICES YOU NEED TO KNOW	107
NEW: AMAZON DETECTIVE	107
NEW: AWS DEEPCOMPOSER	109
CUSTOMIZATIONS FOR AWS CONTROL TOWER	110
LAUNCH CONSTRAINTS IN AWS SERVICE CATALOG	112
NEW DIGITAL COURSE: ARCHITECTING SERVERLESS SOLUTIONS	112
MIGRATION ACCELERATION PROGRAM FOR WINDOWS	113
NEW CERTIFICATIONS: DATABASE AND UPDATED SOLUTIONS ARCHITECT EXAM	114
2021.....	117
• <i>AWS Managed Services (AMS) now offers self-service operational reporting across all your AMS managed accounts</i>	<i>117</i>
• <i>Updated classroom course and new digital course: AWS Technical Essentials.....</i>	<i>117</i>
• <i>Amazon Translate now supports XML Localization Interchange File Format - XLIFF documents</i>	<i>117</i>
• <i>Amazon RDS for Oracle now supports additional memory configurations of the r5 instance class.....</i>	<i>118</i>
• <i>AWS Client VPN launches desktop client for Linux</i>	<i>118</i>
• <i>AWS Outposts is now supported in AWS Asia Pacific (Osaka) Region</i>	<i>119</i>
• <i>AWS Lambda support for Amazon Elastic File System now available in Asia Pacific (Osaka) region</i>	<i>119</i>
• <i>Amazon SageMaker Now Supports ml.G4dn instances for Batch Transform and Processing Jobs</i>	<i>119</i>
• <i>AWS Control Tower announces accessibility, console and performance improvements</i>	<i>120</i>

- *Amazon Textract announces quality updates to its forms extraction feature* 120
- *Connect to your Amazon CloudWatch data to detect anomalies and diagnose their root causes using Amazon Lookout for Metrics* 120
- *Sellers, consulting partners, and data providers from Hong Kong and Qatar now available in AWS Marketplace and AWS Data Exchange* 121
- *Amazon Connect Customer Profiles launches in Canada(Central) region* 121
- *AWS Elemental MediaLive now converts image-based subtitles to text-based captions for mobile device playback*..... 122
- *Amazon Aurora Serverless v1 supports fast database cloning*..... 122
- *Amazon Keyspaces (for Apache Cassandra) now helps you monitor and improve application read/write performance and throughput by using new Amazon CloudWatch metrics*..... 122
- *Amazon RDS supports MariaDB Audit Plugin for MySQL version 8.0*..... 122
- *Announcing a new Public Registry for AWS CloudFormation*..... 123
- *Amazon EC2 D3 instances with dense local HDD storage now available in AWS GovCloud (US-West) Region* 123
- *AWS Gateway Load Balancer is now available in the AWS GovCloud (US) Regions* 124
- *Announcing Workflow Studio, a new low-code visual workflow designer for AWS Step Functions*..... 124
- *Amazon Aurora PostgreSQL Supports the pg_proctab Extension to access PostgreSQL system stats* 124
- *Amazon Aurora Supports PostgreSQL 12.6, 11.11, 10.16, and 9.6.21* 125
- *Amazon Aurora PostgreSQL supports the pg_partman extension for managing time or serial id based table partitioning*..... 125
- *Amazon Aurora PostgreSQL supports the pg_bigm extension for faster full text search* 125
- *Amazon Kendra adds support for new AWS Regions*..... 126
- *Amazon Aurora PostgreSQL supports pg_cron extension for scheduling database jobs* 126
- *Amazon MQ is now available in AWS GovCloud (US) Regions* 126
- *KMS Multi-Region Keys* 127
- *AWS Copilot launches v1.8 with improved support for load balanced web services and VPCs*..... 127
- *AWS Announces General Availability of AWS Wavelength in London* 127
- *Amazon Personalize now unlocks information in unstructured text for recommendations* 128
- *Amazon RDS for PostgreSQL Supports Extension Allowlists*..... 128
- *AWS Amplify announces support for IAM permissions boundaries on Amplify-generated IAM roles* 128
- *AWS announces a new shell for F1 instances with increased FPGA resources and data transfer speeds*..... 129
- *Amazon Lex announces support for multi-valued slots*..... 129
- *AWS Certificate Manager Private Certificate Authority now supports more flexibility for CAs shared across accounts* 129
- *Amazon Translate is Now Integrated with Amazon CloudWatch Events and Amazon EventBridge* 130
- *AWS Resource Access Manager enables granular access control with additional managed permissions* 130
- *Introducing AWS Elemental Link UHD: a device to send live UHD 4k HDR video to AWS* 130

- *Amazon Polly Launches a new German Neural Text-to-Speech voice.....* 131
- *Announcing AWS App Mesh Controller for Kubernetes Version 1.4.0 with Ingress Enhancements.....* 131
- *AWS Backup now supports crash-consistent backups of Amazon EBS volumes attached to an Amazon EC2 instance* 131
- *Amazon EC2 now allows you to create crash-consistent AMIs from instances with multiple EBS volumes without rebooting instances.....* 132
- *Internet Group Management Protocol (IGMP) Multicast support on Transit Gateway multicast is now available in AWS GovCloud (US) Regions* 132
- *Announcing support for custom partitioning in AWS IoT Analytics Data Stores.....* 132
- *AWS App Mesh introduces enhanced ingress traffic management capabilities* 133
- *Announcing per second billing for EC2 Windows Server and SQL Server Instances* 133
- *Amazon Lex increases limits for Intents and Slot Types* 133
- *AWS Managed Microsoft Active Directory (AD) and AD Connector now support AD authentication with AWS Transfer Family* 134
- *AWS Client VPN launches in AWS GovCloud (US) Regions* 134
- *Read multiple records simultaneously from Amazon SageMaker Feature Store using the new BatchGetRecord API* 134
- *AWS Elemental MediaConnect adds support for input source selection and priority.....* 135
- *Amazon EC2 adds new AMI property to flag outdated AMIs.....* 135
- *Amazon SageMaker Pipelines now supports callback capability.....* 135
- *Amazon Cognito now supports targeted sign out through refresh token revocation.....* 136
- *Amazon Athena engine version 2 is generally available in all AWS commercial and GovCloud regions* 136
- *AWS Transit Gateway adds Internet Group Management Protocol (IGMP) Multicast support in 4 additional AWS regions* 136
- *AWS Removes NAT Gateway's Dependence on Internet Gateway for Private Communications.....* 136
- *Amazon Managed Blockchain now supports customer-managed customer master keys.....* 137
- *Amazon AppFlow now supports documents with Veeva* 137
- *Amazon Cognito is now available in the Middle East (Bahrain) Region.....* 137
- *Easily install and manage Amazon EFS utilities on your instances with Quick Setup.....* 138
- *AWS announces the general availability of AWS Proton* 138
- *Amazon SageMaker Data Wrangler now supports Snowflake as a data source* 138
- *Amazon FSx for Windows File Server now supports file access auditing* 139
- *Amazon Aurora R6g instance types, powered by AWS Graviton2 processors, now available in AWS GovCloud (US) Regions* 139
- *AWS Systems Manager is now FedRAMP-High Compliant* 139
- *Amazon MQ now supports ActiveMQ version 5.16.2.....* 140
- *Amazon RDS M6g and R6g instances now available for MySQL, MariaDB, and PostgreSQL in AWS GovCloud (US), Asia Pacific (Seoul), and Europe (Stockholm) regions* 140
- *New AWS Solutions Consulting Offer - Financial Services Security and Compliance Framework.....* 140

- *Announcing new PostgreSQL 13.2, 13.1, and 12.6 version support for Amazon RDS on AWS Outposts* 141
- *AWS China (Beijing) Region Adds the Third Availability Zone* 141
- *AWS Glue Studio now includes a code editor for customizing your job scripts* 141
- *AWS Audit Manager is now available in the Asia Pacific (Mumbai) and Canada (Central) Regions* 142
- *Amazon RDS for SQL Server now supports Business Intelligence Suite in the AWS GovCloud (US) Regions* 142
- *Amazon CloudWatch releases a C# client library for Embedded Metric Format* 142
- *Announcing R5d instances and lookup cache for Amazon Neptune* 143
- *AWS Backint Agent version 1.04 now available* 143
- *Amazon Neptune simplifies in-console experience to help customers get started faster* 143
- *AWS Security Hub adds 16 new controls to its Foundational Security Best Practices standard for enhanced cloud security posture monitoring* 144
- *Amazon SageMaker model registry now supports rollback of deployed models* 144
- *AWS Glue Studio now allows you to specify streaming ETL job settings* 144
- *Amazon EMR Studio is now available in 13 regions* 145
- *AWS Systems Manager Session Manager plugin for the AWS CLI is now open source* 145
- *New LoRaWAN gateway management features generally available for AWS IoT Core for LoRaWAN* 145
- *Amazon Rekognition Custom Labels adds support for deploying models via the Console* 146
- *AWS Transit Gateway Updates Service Level Agreement to 99.99%* 146
- *AWS Lambda Extensions are now Generally Available in all commercial regions* 146
- *AWS Solutions Implementation - AWS MLOps Framework adds multi-account support to help improve governance and security of ML workloads* .. 147
- *Amazon GameLift Adds SDK Support and Updates for Unreal 4.26* 147
- *Identify and Copy existing objects to use S3 Bucket Keys, reducing the costs of Server-Side Encryption with AWS Key Management Service (SSE-KMS)*
147
- *Amazon Keyspaces is now in scope for AWS SOC Reports to help you run highly regulated Apache Cassandra workloads more easily* 148
- *New digital course: Improve Code Quality with Amazon CodeGuru Reviewer* 148
- *Amazon EKS pods running on AWS Fargate now support custom security groups* 148
- *Amazon WorkSpaces Cost Optimizer v2.3 adds support for existing VPCs and improves billing accuracy and reporting* 149
- *Announcing Global Clusters for Amazon DocumentDB (with MongoDB compatibility)* 149
- *Amazon RDS for PostgreSQL Supports New Minor Versions 13.2, 12.6, 11.11, 10.16, 9.6.21, and 9.5.25 in AWS GovCloud (US) Regions* 149
- *Amazon Cognito now supports SMS Sandbox from Amazon SNS* 150
- *New AWS Solutions Implementation: Disaster Recovery for AWS IoT* 150
- *Amazon Polly Launches a new Canadian French Neural Text-to-Speech voice* 150

- *Amazon Keyspaces now supports customer managed customer master keys (CMKs) for encryption of data at rest to help you meet your compliance and regulatory requirements* 151
- *NICE DCV releases web client SDK 1.0.1* 151
- *Amazon Location Service is now generally available* 151
- *NICE DCV releases version 2021.1 with accurate audio/video synchronization*..... 152
- *AWS WAF and AWS Shield Advanced are available in Asia Pacific (Osaka)*..... 152
- *Amazon SNS now supports SMS Sandbox and displays available origination IDs in your account* 152
- *Amazon QLDB supports IAM-based access policy for PartiQL queries and ledger tables* 152
- *Amazon API Gateway now supports synchronous invocations of Express Workflows using REST APIs*..... 153
- *Amazon CloudWatch adds Control Plane API Usage Metrics across AWS Services* 153
- *Amazon RDS for Oracle now supports April 2021 Patch Set Update (PSU) for Oracle Database 12.1*..... 153
- *Announcing Amazon CloudWatch Resource Health*..... 154
- *Amazon CloudWatch Logs announces Dimension support for Metric Filters*..... 154
- *Amazon SageMaker Autopilot adds automatic cross validation to improve model quality on smaller datasets by up to 35%* 154
- *AWS Launch Wizard adds support for SQL Server Always On Failover Cluster Instances deployed on Amazon FSx for Windows File Server*..... 155
- *Introducing AWS App Runner Integration in the AWS Toolkit for JetBrains IDEs*..... 155
- *AWS announces general availability of Amazon Redshift ML*..... 156
- *Announcing Amazon Kinesis Data Analytics Studio: Interactively query data streams and develop stream processing applications powered by Apache Flink* 156
- *AWS Glue DataBrew adds new nest and unnest transformations* 156
- *Amazon SQS Now Supports a High Throughput Mode for FIFO Queues* 157
- *AWS Wavelength is now System and Organization Controls (SOC) compliant* 157
- *Amazon FSx for Lustre now supports data compression*..... 157
- *Amazon Kendra releases Query Suggestions* 157
- *Amazon Elastic Container Service Anywhere is now generally available*..... 158
- *Amazon API Gateway REST APIs integrates with Step Functions Synchronous Express Workflows* 158
- *Amazon Polly Launches a new Korean Neural Text-to-Speech voice* 158
- *Amazon Lightsail DNS now supports pointing root domains to Lightsail Container Services* 159
- *Alarms feature now generally available for AWS IoT SiteWise and AWS IoT Events* 159
- *Amazon CloudWatch Synthetics is now available in the AWS Asia Pacific (Osaka) Region* 159
- *New self-paced courses for cloud procurement, .NET, and Amazon CodeGuru available* 160
- *AWS Certificate Manager Private Certificate Authority now supports storing CRLs in private S3 buckets*..... 160

- *EC2 High Memory instances with up to 12TB of memory are now available in two additional regions with On-Demand and Savings Plan purchase options* 160
- *Amazon Aurora with MySQL Compatibility Supports T3.large Instances*..... 161
- *Amazon Keyspaces (for Apache Cassandra) is now HIPAA eligible to help you run healthcare workloads more easily* 161
- *AWS Security Hub now supports bidirectional integration with Atlassian Jira Service Management* 161
- *Amazon EMR 6.3 release version now supports Apache Spark 3.1.1*..... 162
- *Amazon Managed Workflows for Apache Airflow (MWAA) now supports Apache Airflow version 2.0*..... 162
- *Amazon MQ for RabbitMQ is now available in Amazon Web Services China Regions* 162
- *Amazon Aurora MySQL Improves Availability of Read Replicas*..... 163
- *Fleet Hub for AWS IoT Device Management, a new, easy way to monitor & interact with IoT device fleets, is now generally available*..... 163
- *AWS Transit Gateway Network Manager is now available in AWS GovCloud (US) Regions*..... 163
- *Amazon SageMaker Pipelines is now integrated with Amazon SageMaker Experiments* 164
- *Updated classroom course: Migrating to AWS* 164
- *Amazon AppFlow now expands its features with Marketo* 164
- *AWS IoT Device Management launches Job Templates in Preview to make deployment of fleet-wide remote operations faster, easier, and more secure*..... 165
- *AWS Transfer Family now supports Microsoft Active Directory*..... 165
- *Amazon MSK adds support for Apache Kafka version 2.7.1*..... 165
- *Amazon Braket introduces quantum circuit noise simulator, DM1*..... 166
- *AWS Database Migration Service now supports PostgreSQL version 13 in preview mode*..... 166
- *AWS Data Exchange now supports custom payment schedules for private offers* 166
- *Amazon RDS for Oracle supports multitenant container database* 167
- *AWS Lambda Extensions are now Generally Available* 167
- *Amazon EC2 M5zn instances, with high frequency processors and 100 Gbps networking are now available in Asia Pacific (Seoul)*..... 167
- *Amazon CloudWatch Logs service limits can now be managed with AWS Service Quotas* 168
- *AWS Compute Optimizer enhances EC2 instance type recommendations*..... 168
- *AWS Outposts launches support for EC2 Capacity Reservations*..... 168
- *Amazon Lumberyard Beta 1.28 is Now Available* 169
- *Amazon EMR now supports Amazon EC2 On-Demand Capacity Reservations*..... 169
- *Manage Amazon Keyspaces (for Apache Cassandra) service quotas through the Service Quotas console*..... 169
- *Amazon Elastic File System now supports longer resource identifiers*..... 170
- *Announcing enhancements to Amazon Rekognition text detection - support for more words, higher accuracy, and lower latency*..... 170

- *AWS App2Container now supports deployment of containerized applications to AWS App Runner*..... 170
- *Amazon Forecast now supports generating predictions for 5X more items using 3X more historic data points*..... 171
- *AWS X-Ray now supports VPC endpoints*..... 171
- *Amazon RDS for Oracle now supports April 2021 Release Updates (RU)*..... 171
- *Amazon EMR on EKS is now available in the South America (São Paulo) region* 172
- *AWS customers can now self opt-in to AWS Wavelength Zones*..... 172
- *Amazon SageMaker now offers new flexibility in configuring the model building pipelines* 172
- *EKS Add-Ons Now Supports CoreDNS and kube-proxy*..... 172
- *AWS Toolkit for Visual Studio Code adds Java and Go Support for Serverless Applications* 173
- *Amazon Lightsail is now available in the AWS Europe (Stockholm) Region*..... 173
- *WkWebView now supported with Amazon Chime SDK for JavaScript*..... 173
- *Amazon CloudWatch Application Insights now supports container monitoring*..... 174
- *Amazon Lex now supports resource-based policies for bots and aliases* 174
- *Announcing Amazon Forecast Weather Index for South America* 174
- *Customizations for AWS Control Tower v2.1 adds more scaling optimizations and improves compatibility with AWS CodeBuild*..... 175
- *Amazon EC2 Auto Scaling Introduces Predictive Scaling as a Native Scaling Policy* 175
- *Amazon EventBridge now supports sharing events between event buses in the same account and Region* 175
- *AWS Load Balancer Controller version 2.2 now available with support for NLB instance targeting* 176
- *Amazon Route 53 Resolver Endpoints for Hybrid Cloud Are Now Available in the Asia Pacific (Osaka) Region* 176
- *AWS Solutions Implementation - AWS Data Streaming Solution for Amazon MSK adds support for Apache Kafka versions 2.8.0 and 2.6.2* 176
- *AWS Solutions Implementations - Serverless Bot Framework adds new integrations for customers to expand the use of their Amazon Lex chatbots* 176
- *AWS Application Cost Profiler* 177
- *Amazon SageMaker Autopilot adds automatic deployment support for the best trained model* 177
- *Introducing AWS Copilot v1.7 with support for AWS App Runner and more* 177
- *AWS License Manager now provides historical license usage reporting*..... 178
- *AWS Compute Optimizer Now Supports Exporting Amazon EBS and AWS Lambda Recommendations to Amazon S3* 178
- *Announcing the general availability of AWS IoT Core Device Advisor* 178
- *Amazon EKS and EKS Distro now support Kubernetes version 1.20*..... 179
- *AWS Database Migration Service now supports Apache Kafka TLS and Authentication*..... 179
- *AWS Announces AWS App Runner* 179
- *AWS Amplify Hosting announces server-side rendering (SSR) support for Next.js web apps* 180
- *Announcing general availability of AWS Application Migration Service*..... 180

• <i>AWS Elemental MediaConnect adds CDI and JPEG XS support</i>	181
• <i>AWS CloudFormation Guard 2.0 is now generally available</i>	181
• <i>New AWS Solutions Consulting Offer - Enterprise Cloud Foundation Accelerator</i>	181
• <i>Amazon Macie supports criteria-based bucket selection for sensitive data discovery jobs</i>	182
• <i>AWS Transit Gateway Connect is now available in AWS GovCloud (US) Regions</i>	182
• <i>Amazon Lex is now available in the AWS Canada (Central) Region</i>	182
• <i>Amazon WorkDocs adds filtering to the activity feed for both iOS and Android</i>	183
• <i>Amazon DynamoDB global tables now support AWS CloudFormation</i>	183
• <i>Amazon Transcribe Medical now provides automatic Protected Health Information (PHI) identification for batch processing</i>	183
• <i>AWS Premium Support launches Support Automation Workflow (SAW) runbooks for self-service diagnosis and remediation</i>	184
• <i>AWS Step Functions now supports custom events to Amazon EventBridge</i>	184
• <i>Amazon Elasticsearch Service announces a new lower cost storage tier</i>	184
• <i>Amazon RDS Data API now supports FIPS 140-2 validated endpoints</i>	185
• <i>Announcing PostgreSQL 12.5 support for Amazon RDS on AWS Outposts</i>	185
• <i>Amazon Kendra now available in Asia-Pacific (Singapore) AWS region</i>	186
• <i>Amazon EMR 6.3 now supports Apache Ranger for fine-grained data access control</i>	186
• <i>AWS WAF adds support for log filtering</i>	186
• <i>Amazon Connect adds near real-time insights into voice call, chat, and task activity</i>	186
• <i>Amazon Athena adds built-in support for cross-account AWS Glue Data Catalogs</i>	187
• <i>Learn how to develop applications with Amazon DynamoDB</i>	187
• <i>AWS announces that all AWS Federal Information Processing Standard (FIPS) endpoints now only accept a minimum of Transport Layer Security (TLS) 1.2 connections</i>	188
• <i>New patch releases for Amazon Aurora PostgreSQL are now available</i>	188
• <i>AWS Solutions Implementation - The Improving Forecast Accuracy with Machine Learning solution adds contextual featurizations and visualization functionalities to enrich forecast insight</i>	188
• <i>Introducing Distributed Load Testing v1.3</i>	189
• <i>Four new EC2 High Memory instances with up to 12TB of memory are now available with On-Demand and Savings Plan purchase options</i>	189
• <i>Amazon CloudWatch Now Supports Composite Alarms in AWS GovCloud (US) Regions</i>	189
• <i>AWS SaaS Boost released as an open source project</i>	190
• <i>Now use AWS Systems Manager Change Calendar to prevent desired-state updates during critical events</i>	190
• <i>Introducing the new Machine Downtime Monitor on AWS solution</i>	191
• <i>Amazon EC2 P4d instances now available in Europe (Frankfurt) and Asia Pacific (Seoul) regions</i>	191

- *Amazon EKS managed node groups adds support for Kubernetes node taints* 191
- *Amazon EMR on EKS is now available in the EU (Paris and Stockholm) region* 192
- *Amazon Transcribe improves live subtitling with partial results stabilization* 192
- *Announcing the General Availability of AWS Local Zones in Boston, Houston, and Miami* 192
- *New digital training and AWS Certification Guide for AWS End User Computing* 193
- *Amazon Fraud Detector now supports AWS CloudFormation* 193
- *AWS Certificate Manager Private Certificate Authority is now available in the Asia Pacific (Osaka) Region* 193
- *Announcing Amazon RDS for SQL Server on AWS Outposts* 194
- *Amazon Kinesis Data Analytics now supports RollbackApplication, ListApplicationVersions, and DescribeApplicationVersion APIs in preview* 194
- *AWS Lake Formation now supports Tag-based access control (TBAC)* 194
- *Support for Kantar watermarking is now available with AWS Elemental MediaConvert* 195
- *Introducing Incident Manager from AWS Systems Manager* 195
- *Amazon SageMaker now supports Elastic Fabric Adapter for distributed training* 195
- *Migration Evaluator announces a faster way to project AWS cloud costs with Quick Insights* 196
- *Amazon RDS for SQL Server supports Managed Disaster Recovery (DR) with Amazon RDS Cross-Region Automated Backups* 196
- *Amazon Athena drivers now support Azure AD and PingFederate authentication* 196
- *Use Kubernetes Pod Templates with Amazon EMR on Amazon EKS to simplify running Spark workloads and control costs* 197
- *Amazon MQ now supports ActiveMQ version 5.15.15* 197
- *Prepare data for machine learning faster and easier on Amazon SageMaker Data Wrangler with support for more data sources and distributed jobs*
198
- *AWS Organizations launches new console experience* 198
- *Amazon EBS Container Storage Interface (CSI) driver is now generally available* 198
- *Amazon SageMaker Automatic Model Tuning now supports up to 10x faster tuning and enables exploring up to 20X more models* 199
- *Amazon CloudWatch Synthetics supports cron expression for scheduling* 199
- *Introducing IAM Access Control for Apache Kafka on Amazon MSK* 199
- *Amazon CloudFront announces price cuts in India and Asia Pacific regions* 200
- *AWS Transit Gateway Connect is now available in additional AWS Regions* 200
- *Updated AWS IoT Device Tester for AWS IoT Greengrass is now available* 200
- *AWS Audit Manager now offers three new frameworks - NIST Cybersecurity Framework version 1.1, AWS Foundational Security Best Practices, and AWS Well-Architected framework* 201
- *AWS Data Provider for SAP Version 4.0 now available* 201
- *AWS Nitro Enclaves is now available in AWS GovCloud (US) Regions* 201

- *AWS Ground Station is now available in the Asia Pacific (Seoul) Region* 201
- *New AWS Solutions Consulting Offer - DevOps Automation Springboard* 202
- *Amazon Pinpoint Announces Journey Pause and Resume* 202
- *Announcing availability of AWS Outposts in Colombia, Macao, and Puerto Rico*..... 202
- *Host Resource Groups for EC2 Dedicated Hosts now support AWS CloudFormation* 203
- *Amazon VPC Announces Pricing Change for VPC Peering*..... 203
- *Amazon CodeGuru Reviewer now supports customer-managed customer master keys*..... 203
- *Amazon Translate increases the concurrent API limit for Batch Translation to 1000*..... 204
- *AWS announces a price reduction for Amazon Managed Service for Prometheus (AMP)*..... 204
- *Amazon Elasticsearch Service now offers AWS Graviton2 (M6g, C6g, R6g, and R6gd) instances* 204
- *Porting Assistant for .NET now available as a Visual Studio IDE extension*..... 205
- *Amazon DocumentDB (with MongoDB compatibility) adds support for renameCollection, \$natural, \$indexOfArray, \$reverseArray, \$zip and indexing improvements* 205
- *Now clone runbooks with AWS Systems Manager*..... 205
- *Amazon Personalize now supports exporting data* 206
- *AWS Identity and Access Management (IAM) now makes it easier for you to manage permissions for AWS services accessing your resources* 206
- *Amazon QuickSight Launches Threshold Alerts*..... 206
- *Amazon DevOps Guru now generally available with additional capabilities* 207
- *AWS OpsWorks for Configuration Management now supports Puppet Enterprise LTS Version 2019.8.5* 207
- *FreeRTOS 202104.00 includes new managed OTA and MQTT capabilities for IoT applications* 207
- *Easily clean up unused resources in Amazon Forecast using hierarchical deletion*..... 208
- *Amazon RDS for Oracle and Amazon RDS for PostgreSQL now support Amazon RDS Encrypted Cross-Region Automated Backups*..... 208
- *S3 Object Lambda is now available in the AWS GovCloud (US) Regions*..... 209
- *Amazon CloudFront announces CloudFront Functions, a lightweight edge compute capability* 209
- *AWS Transit Gateway Network Manager is now available in AWS Asia Pacific (Osaka) Region*..... 209
- *Amazon Connect Customer Profiles launches Identity Resolution in Preview to detect and merge duplicate customer profiles*..... 209
- *Amazon Connect CTI Adapter for Salesforce adds programmable buttons with CTI Actions* 210
- *Introducing Amazon FinSpace, a fully managed service to store, prepare, and analyze data for the financial services industry (FSI)* 210
- *Amazon DynamoDB local now supports the AWS SDK for Java 2.x* 211
- *New AWS Solutions Consulting Offer - Cloud Assessment and Design*..... 211
- *Amazon Redshift announces preview of cross-account data sharing* 211
- *New AWS Solutions Implementation: AWS Blueprints*..... 212

- *Amazon Kinesis Data Analytics for Apache Flink introduces custom maintenance windows in preview* 212
- *Amazon Monitron Service is Now Available in the Europe (Ireland) region* 212
- *AWS Cloud Development Kit (AWS CDK) v2 and Go CDK is now available for Developer Preview* 213
- *Announcing support for linear interpolation in AWS IoT SiteWise* 213
- *Amazon Chime SDK now supports video prioritization policies* 213
- *AWS RoboMaker announces support for Robot Operating System (ROS) 2 Foxy and Gazebo 11* 214
- *New Developer Desktop Feature in AWS RoboMaker Integrated Development Environment (IDE)* 214
- *AWS Launch Wizard now supports SAP deployments with SUSE Linux Enterprise Server 15 SP2 and RHEL 8.2* 214
- *AWS Systems Manager Fleet Manager is now available in AWS GovCloud (US) Regions* 215
- *Amazon ECS on AWS Fargate now allows you to configure the size of ephemeral storage for your Tasks* 215
- *Amazon Connect reduces 26 rates in Latin America* 215
- *EC2 Image Builder supports Auto Scaling launch template* 216
- *AWS Lambda@Edge now supports Node 14.x* 216
- *AWS SAM CLI now supports AWS CDK applications - public preview* 216
- *AWS Network Firewall is now available in ten more regions* 216
- *Amazon RDS for SQL Server Now Supports High Availability in AWS Asia Pacific (Osaka) Region* 217
- *Amazon Redshift announces support for hierarchical data queries with Recursive CTE* 217
- *Amazon CloudWatch Monitoring Framework for Apache is generally available* 218
- *New digital course: Amazon Elastic Block Store Primer* 218
- *AWS Glue DataBrew announces native console integration with Amazon AppFlow to connect to data from SaaS (Software as a Service) applications and AWS services (in Preview)* 218
- *Amazon SNS now supports setting attributes required for India DLT requirements when sending SMS using local routes in India* 219
- *AWS Managed Services (AMS) now offers a new feature enabling customers to purchase AMS separate from infrastructure services through their preferred Solution Provider* 219
- *AWS Snow Family now enables you to order, track, and manage long-term pricing Snow jobs* 220
- *AWS Instance Scheduler v1.4 adds support for multiple stack deployments and GovCloud US Regions* 220
- *Amazon Connect reduces telephony rates in Cyprus, Belgium, and Portugal* 220
- *AWS Distro for OpenTelemetry adds support for AWS managed Lambda Layer and other features* 221
- *Amazon MSK adds support for Apache Kafka version 2.6.2* 221
- *Announcing general availability of Amazon Redshift native JSON and semi-structured data support* 221
- *New digital course: AWS Network Connectivity Options* 222
- *Database Activity Streams now available for Amazon Aurora in Asia Pacific (Osaka) Region* 222

- *Amazon MSK adds support for Apache Kafka version 2.8.0*..... 222
- *AWS Snowcone is now available in the AWS Canada (Central) Region* 223
- *AWS Glue now supports client authentication for Apache Kafka streams*..... 223
- *AWS Audit Manager now offers a new standard framework for GxP EU Annex 11* 223
- *AWS announces general availability of Amazon Nimble Studio*..... 224
- *Introducing AWS for Media and Entertainment*..... 224
- *Amazon FSx File Gateway delivers faster and more efficient on-premises access to fully managed file storage in the cloud* 224
- *Announcing open source robotics projects for AWS DeepRacer* 225
- *AWS Proton adds an API to cancel deployments* 225
- *AWS Nitro Enclaves now supports Windows operating system* 225
- *AWS Proton introduces customer-managed environments* 226
- *Achieve faster database failover with Amazon Web Services JDBC Driver for PostgreSQL, now in preview* 226
- *AWS Systems Manager OpsCenter and Explorer now integrate with AWS Security Hub for diagnosis and remediation of security findings* 226
- *Announcing availability of Red Hat Enterprise Linux with High availability for Amazon EC2* 227
- *Introducing Performance Dashboard on AWS* 227
- *Alexa for Business now available on Zoom Rooms appliances*..... 228
- *Announcing Moving Graphs for CloudWatch Dashboards*..... 228
- *AWS Proton allows adding and removing instances from an existing service* 228
- *Amazon Kendra launches dynamic relevance tuning*..... 228
- *Amazon RDS Now Supports PostgreSQL 13 in AWS GovCloud (US) Regions*..... 229
- *Amazon SNS grows the set of message filtering operators*..... 229
- *AWS announces data sink capability for the Glue connectors* 229
- *Third-party software built for AWS Control Tower is now available in the AWS Control Tower Console, powered by AWS Marketplace* 230
- *Amazon Rekognition Custom Labels is now available in the Europe (Frankfurt), Europe (London), and Asia Pacific (Mumbai) AWS Regions*..... 230
- *AWS Transit Gateway is Now Available in AWS Asia Pacific (Osaka) Region* 231
- *Amazon Aurora PostgreSQL Patches 1.9.2 / 2.7.2 / 3.4.2 / 4.0.2 now available* 231
- *AWS Secrets Manager Delivers Provider for Kubernetes Secrets Store CSI Driver* 231
- *Amazon Translate increases the size limit of Parallel data from 1GB to 5GB*..... 232
- *AWS Service Catalog launches a console experience for AppRegistry* 232
- *Amazon Timestream is now available in Europe (Frankfurt) region* 232
- *AWS CodeDeploy improves support for EC2 deployments with Auto Scaling Groups*..... 233
- *AWS Cost Categories introduces a details page*..... 233

- *AWS Resource Access Manager is Now Available in the Asia Pacific (Osaka) Region* 233
- *Amazon EC2 enables replacing root volumes for quick restoration and troubleshooting* 234
- *AWS Systems Manager now supports Amazon Elastic Container Service clusters* 234
- *AWS Control Tower releases a new Partner program, Built on Control Tower* 234
- *New digital course: Amazon S3 Performance Optimization*..... 235
- *Get estimated run time for forecast creation jobs while using Amazon Forecast*..... 235
- *Amazon ElastiCache now supports publishing Redis logs to Amazon CloudWatch Logs and Kinesis Data Firehose* 235
- *AWS Service Catalog is now available in Osaka*..... 236
- *NoSQL Workbench for Amazon DynamoDB now supports AWS CloudFormation* 236
- *Amazon Interactive Video Service launches edge locations in India* 236
- *AWS Ground Station now supports data delivery to Amazon S3* 237
- *Amazon Elasticsearch Service announces support for Elasticsearch version 7.10* 237
- *Amazon RDS on VMware networking now simplified and more secure* 237
- *Announcing general availability of Amazon Redshift native console integration with partners* 238
- *Announcing availability of AWS Outposts in the Philippines and Brunei* 238
- *Amazon Elasticsearch Service announces support for Asynchronous Search* 238
- *Now available credential profile support for AWS SSO and Assume Role with MFA in the AWS Toolkit for Visual Studio*..... 239
- *AWS Cloud9 now supports Amazon Linux 2 environments* 239
- *Amazon Rekognition launches tagging support for collections, stream processors, and Custom Labels* 239
- *Amazon EMR Release 5.33 now supports 10 new instance types*..... 240
- *Amazon SageMaker announces a price reduction by up to 14% on instances and SageMaker Savings Plans with up to 64% cost saving* 240
- *Amazon S3 on Outposts Events now available in Amazon CloudWatch* 240
- *Amazon Textract achieves FedRAMP compliance*..... 241
- *AWS Chatbot now expands coverage of AWS Services monitored through Amazon EventBridge* 241
- *AWS Glue Studio is now available in the AWS Africa (Cape Town) Region* 241
- *Amazon EMR Studio is now generally available*..... 242
- *You now can use AWS CloudTrail to log Amazon DynamoDB Streams data-plane API activity*..... 242
- *Now visualize and report patch compliance using AWS Systems Manager Patch Manager* 242
- *Announcing general availability of Amazon Athena ML powered by Amazon SageMaker* 243
- *New AWS Solutions Consulting Offer - IoT Resource Monitoring Framework* 243
- *Introducing Machine to Cloud Connectivity Framework v2.2* 243
- *AWS Amplify now orchestrates multiple Amazon DynamoDB GSI updates in a single deployment*..... 244

- *Review last accessed information to identify unused EC2, IAM, and Lambda permissions and tighten access for your IAM roles*..... 244
- *AWS Control Tower now provides configurable naming during Landing Zone setup* 245
- *User Defined Functions (UDF) are now generally available for Amazon Athena* 245
- *AWS Backup extends centralized backup management support for Amazon FSx to five additional AWS Regions* 245
- *Amazon Pinpoint is now FedRAMP High Compliant*..... 246
- *You can now use macros and transforms in CloudFormation templates to create AWS CloudFormation StackSets* 246
- *Amazon Managed Service for Grafana now supports Grafana Enterprise upgrade, Grafana version 7.5, Open Distro for Elasticsearch integration, and AWS Billing reports* 246
- *New free ML training for business and technical leaders* 247
- *New datasets available in the Registry of Open Data on AWS from United States Geological Survey (USGS), the Swiss Institute of Bioinformatics, iNaturalist.org, and others*..... 247
- *Amazon MQ for Active MQ is now available in AWS China (Beijing) region, operated by Sinnet and AWS China (Ningxia) region, operated by NWCD* 248
- *AWS Security Hub Automated Response & Remediation Solution adds support for AWS Foundational Security Best Practices standard*..... 248
- *Amazon Macie adds CloudWatch logging for job status and health monitoring of sensitive data discovery jobs* 248
- *Now reference latest AWS Systems Manager parameter values in AWS CloudFormation templates without specifying parameter versions* 248
- *AWS Ground Station is now available in US East (N. Virginia) and EU (Frankfurt) Regions*..... 249
- *Amazon EventBridge introduces support for cross-Region event bus targets* 249
- *AWS Data Exchange launches post-subscription wizard to configure revision exports to Amazon S3* 249
- *Amazon Elasticsearch Service now supports integration with Microsoft Power BI* 250
- *Amazon RDS for PostgreSQL Supports pg_bigm extension for faster full text search* 250
- *AWS Network Firewall is now available in Asia Pacific (Mumbai), Asia Pacific (Singapore), and EU (London)* 250
- *Amazon Connect allows contact center managers to configure agent settings in a custom Contact Control Panel (CCP)* 251
- *Amazon Connect launches audio device settings for the custom Contact Control Panel (CCP)* 251
- *AWS Storage Gateway achieves FedRAMP Moderate compliance*..... 251
- *AWS announces general availability of AQUA for Amazon Redshift*..... 252
- *AWS CloudShell is now available in the Asia Pacific (Mumbai), Asia Pacific (Sydney), and Europe (Frankfurt) regions* 252
- *Now Use Tags to Track and Allocate Amazon SageMaker Studio Notebooks Costs* 252
- *AWS CodeArtifact is now available in Paris, London, and Milan*..... 253
- *AWS CodeCommit is Now Available in the Asia Pacific (Osaka) Region*..... 253
- *Amazon RDS for PostgreSQL Integrates with AWS Lambda*..... 253
- *New digital course: Getting Started with Data Analytics on AWS* 254

- *AWS CloudFormation Modules now Provides YAML and Delimiter Support*..... 254
- *Amazon RDS for PostgreSQL supports new minor versions 13.2, 12.6, 11.11, 10.16, 9.6.21, and 9.5.25* 254
- *Updated classroom course: Systems Operations on AWS*..... 255
- *AWS Batch increases job scheduling and EC2 instance scaling performance* 255
- *AWS Identity and Access Management now makes it easier to relate a user's IAM role activity to their corporate identity* 255
- *Amazon Interactive Video Service adds new Cloudwatch Metrics* 255
- *AWS Console Mobile Application adds support for Asia Pacific (Osaka) region* 256
- *Amazon Redshift now supports data sharing when producer clusters are paused*..... 256
- *New digital rewards and racer profile personalization features on the AWS DeepRacer console* 256
- *Amazon RDS for MySQL M6g and R6g instances now available in N. California, Canada, São Paulo, and London regions*..... 257
- *NICE DCV releases version 2021.0 with Webcam redirection and printer redirection* 257
- *Amazon Kinesis Data Streams for Amazon DynamoDB now supports AWS CloudFormation* 257
- *Amazon FSx and AWS Backup announce support for copying file system backups across AWS Regions and AWS accounts* 258
- *Amazon RDS Data API now available in Asia Pacific (Seoul) and Canada (Central) AWS regions*..... 258
- *AWS Transit Gateway Connect is now available in additional AWS Regions*..... 258
- *New AWS Solutions Implementation: Amazon S3 Glacier Re:Freezer*..... 259
- *Amazon CloudWatch Lambda Insights Now Supports AWS Lambda Container Images (General Availability)* 259
- *Amazon AppStream 2.0 adds support for fully managed image updates*..... 259
- *Service Quotas is now available in AWS GovCloud (US) Regions* 260
- *Internet Group Management Protocol (IGMP) Multicast on AWS Transit Gateway is now available in major AWS regions worldwide*..... 260
- *AWS Firewall Manager Now Available in AWS GovCloud (US)* 260
- *AWS CloudFormation Command Line Interface (CFN-CLI) now supports TypeScript*..... 261
- *Amazon RDS for SQL Server now supports Extended Events*..... 261
- *Amazon Athena now presents query execution plans to aid tuning* 261
- *Amazon EC2 Auto Scaling introduces Warm Pools to accelerate scale out while saving money*..... 262
- *Updated classroom course: AWS Cloud Practitioner Essentials*..... 262
- *Amazon Connect Customer Profiles now includes support for AWS CloudFormation* 262
- *Amazon Connect Customer Profiles now includes support for AWS PrivateLink*..... 263
- *Amazon Textract announces quality updates to its tables extraction feature*..... 263
- *Detect abnormal equipment behavior with Amazon Lookout for Equipment — now generally available* 263
- *eksctl now supports creating node groups using resource specifications and dry run mode* 264
- *New AWS Solutions Consulting Offer - Application Modernization and Migration to AWS Cloud*..... 264

- *Amazon EC2 instances featuring AMD EPYC processors are now available in additional regions*..... 264
- *AWS IoT Analytics adds schema inference support for Apache Parquet based data stores* 265
- *Customers can now use ServiceNow to track operational items related to AWS resources* 265
- *AWS Control Tower introduces changes to preventive S3 guardrails and updates to S3 bucket encryption protocols* 266
- *New AWS Solutions Consulting Offer - RegCloud: ControllerView® on AWS*..... 266
- *AWS RoboMaker now supports the ability to configure tools for simulation jobs*..... 266
- *AWS Step Functions adds new data flow simulator for modelling input and output processing*..... 267
- *Amazon GuardDuty Now Available in AWS Asia Pacific (Osaka) Region* 267
- *Amazon Keyspaces (for Apache Cassandra) now offers FIPS 140-2 compliant endpoints to help you run highly regulated workloads more easily* 267
- *You can now deploy CloudFormation Stacks concurrently across multiple AWS regions using AWS CloudFormation StackSets* 267
- *AWS Control Tower now available in Mumbai, Seoul and Tokyo AWS Regions* 268
- *Amazon Fraud Detector automates sampling for imbalanced model training datasets* 268
- *AWS Glue now supports missing value imputation based on machine learning* 269
- *Amazon MQ now supports RabbitMQ version 3.8.11* 269
- *IAM Access Analyzer makes it easier to implement least privilege permissions by generating IAM policies based on access activity* 269
- *Amazon ElastiCache now supports Tag-Based Access Control* 270
- *AWS Backup now supports cost allocation tags for Amazon EFS Backups* 270
- *Amplify iOS now available via Swift Package Manager (SPM)* 270
- *Amazon Route 53 Resolver DNS Firewall Generally Available* 271
- *Multi-Attach for Provisioned IOPS io2 Now Available in Thirteen Additional AWS Regions* 271
- *AWS Audit Manager now offers a new standard framework for NIST 800-53 (Rev. 5) Low-Moderate-High*..... 271
- *Amazon Interactive Video Service adds support for recording live streams to Amazon S3* 272
- *New instructor-led course: Developing Serverless Solutions on AWS* 272
- *AWS Systems Manager Parameter Store now supports removal of parameter labels*..... 272
- *Amazon EC2 G4ad instances, powered by AMD Radeon Pro V520 GPUs, are now available in 5 additional regions* 273
- *Amazon EC2 now allows you to copy Amazon Machine Images across AWS GovCloud, AWS China and other AWS Regions*..... 273
- *Amazon CodeGuru announces a new, lower and predictable Pricing Model for CodeGuru Reviewer*..... 273
- *Python Support for Amazon CodeGuru Reviewer is now generally available* 274
- *AWS Batch simplifies permissions by introducing Service-Linked Roles*..... 274
- *Data management is now generally available in the AWS Amplify Admin UI* 274
- *AWS Glue now supports cross-account reads from Amazon Kinesis Data Streams* 275
- *AWS Elemental MediaLive now supports HTML 5 motion graphics overlay* 275

- *AWS Systems Manager Run Command now displays more logs and enables log download from the console.....* 275
- *Amazon WorkSpaces webcam support now Generally Available* 276
- *New options to trigger Amazon SageMaker Pipeline executions.....* 276
- *Amazon MQ is now available in the Japan (Osaka) region* 276
- *New AWS Solutions Consulting Offer - Design and Build Applications at Speed with DAPx* 277
- *Amazon WorkSpaces now supports smart cards with the WorkSpaces macOS client application* 277
- *Amazon Macie now available in AWS Asia Pacific (Osaka) Region.....* 277
- *Amazon Aurora PostgreSQL Patches 1.9.1 / 2.7.1 / 3.4.1 / 4.0.1 now available* 278
- *AWS Budgets announces CloudFormation support for budget actions* 278
- *Announcing support for IAM Condition Keys and CMK for custom models for Amazon Comprehend* 278
- *AWS WAF now supports Labels to improve rule customization and reporting.....* 279
- *Prepare data from Amazon Redshift and other JDBC-supported databases/data warehouses in AWS Glue DataBrew through native connectors.....* 279
- *Amazon VPC Flow Logs announces out-of-the-box integration with Amazon Athena* 280
- *Bring Your Own IP for Amazon Virtual Private Cloud is Now Available in Four Additional Regions* 280
- *Amazon EKS is now FedRAMP-High Compliant.....* 280
- *AWS Firewall Manager now supports centralized deployment of the new AWS WAF Bot Control across your organization* 280
- *AWS Batch now supports EFS volumes at the job level.....* 281
- *Announcing cross-VPC support for Amazon Redshift powered by AWS PrivateLink* 281
- *AWS Firewall Manager now supports centralized management of Amazon Route 53 Resolver DNS Firewall.....* 281
- *Amazon Lightsail expands blueprint selection with support for PrestaShop and CentOS 8.....* 282
- *Announcing Amazon Forecast Weather Index for Canada* 282
- *Amazon EMR now supported on Amazon EC2 Graviton2-based instances in AWS GovCloud (US) Regions.....* 283
- *AWS Systems Manager Parameter Store now supports easier public parameter discoverability* 283
- *AWS Glue Schema Registry is now available in four more AWS regions.....* 283
- *AWS Security Hub achieves FedRAMP High authorization to enable security posture management for high-impact workloads* 284
- *AWS Backint Agent version 1.03 now available.....* 284
- *Amazon Lex launches support for Japanese.....* 284
- *HLS inputs now available with AWS Elemental MediaConvert* 285
- *Announcing AWS WAF Bot Control for visibility and control over common and pervasive bots.....* 285
- *AWS Snowball Edge Compute Optimized is now available in the AWS Asia Pacific (Singapore) Region* 285
- *Seven popular classroom courses now with AWS Jam options* 286
- *New AWS Storage Gateway management console simplifies gateway creation and management* 286

- *AWS Gateway Load Balancer is now available in the Canada (Central), Asia Pacific (Seoul) and Asia Pacific (Osaka) Regions* 286
- *Amazon RDS for MySQL Supports New Minor Versions 5.6.51, 5.7.33, and 8.0.23.* 287
- *Amazon Transcribe Custom Language Models now support Australian English, British English, Hindi and US Spanish* 287
- *Introducing Amazon Route 53 Resolver DNS Firewall* 287
- *Amazon Connect is now available in the Canada (Central) AWS Region* 288
- *Amazon Simple Email Service is now available in the EU (Milano) and Africa (Cape Town) Regions* 288
- *AWS Direct Connect Announces MACsec Encryption for Dedicated 10Gbps and 100Gbps Connections at Select Locations* 288
- *The Amazon Redshift Query Editor is now available in the AWS GovCloud (US) Regions* 289
- *Announcing Amazon CloudWatch Metric Streams* 289
- *AWS Lambda@Edge changes duration billing granularity from 50ms down to 1ms* 289
- *Introducing the interactive EC2 Serial Console* 290
- *The Amazon Redshift Data API is now available in the AWS GovCloud (US) Regions* 290
- *AWS announces preview of AWS Glue custom blueprints* 290
- *AWS Glue DataBrew now supports time-based, pattern-based and customizable parameters to create dynamic datasets* 291
- *Detect outliers and use dedicated transforms to handle outliers in AWS Glue DataBrew* 291
- *AWS Config launches the ability to track and visualize compliance change history of conformance packs* 291
- *Announcing new training for building data lakes on AWS* 292
- *AWS Data Exchange providers can now copy product metadata from their existing products to a new product* 292
- *Amazon API Gateway custom domain names now support multi-level base path mappings* 293
- *AWS announces General Availability of Amazon GameLift Queue notifications* 293
- *Amazon Fraud Detector now supports Batch Fraud Predictions* 293
- *AWS Site-to-Site VPN increases service quotas for route limits* 294
- *Amazon Pinpoint Announces Improved Journey Controls* 294
- *Amazon EMR now supports Amazon EC2 Instance Metadata Service v2* 294
- *AWS Transit Gateway Connect increases service quotas for route limits* 295
- *New AWS Solutions Consulting Offer - AMI Factory* 295
- *AWS Global Accelerator launches a new Edge location in Indonesia* 295
- *Amazon SageMaker Autopilot adds Model Explainability* 296
- *AWS Config adds pagination support for advanced queries that contain aggregate functions* 296
- *Announcing AWS Step Functions' integration with Amazon EMR on EKS* 297
- *AWS Security Hub now available in the AWS Asia Pacific (Osaka) Region* 297
- *AWS WAF adds support for Request Header Insertion* 297

- *AWS WAF adds support for Custom Responses* 298
- *New AWS Solutions Consulting Offer - Pipeline Factory* 298
- *Amazon DocumentDB (with MongoDB compatibility) now supports Event Subscriptions* 298
- *CloudWatch Container Insights for Amazon ECS now available in the AWS Africa (Cape Town) region* 299
- *Amazon Forecast enables AWS Resource Groups* 299
- *AWS DevOps Monitoring Dashboard solution is Generally Available* 299
- *Amazon SageMaker now supports private Docker registry authentication*..... 300
- *New AWS Solutions Consulting Offer - WorkSpaces Manager for Amazon WorkSpaces*..... 300
- *Amazon WorkDocs offers additional sharing controls throughout its Android app* 300
- *Amazon EKS now supports P4d instances* 301
- *Amazon API Gateway now provides IAM condition keys for governing endpoint, authorization, and logging configurations*..... 301
- *Amazon EKS now supports Elastic Fabric Adapter* 301
- *Amazon ElastiCache for Redis now supports highly available clusters on AWS Local Zones* 302
- *AWS Security Hub integrates with Amazon Macie to automatically ingest sensitive data findings for improved centralized security posture management*..... 302
- *AWS Backup is now available in the AWS Asia Pacific (Osaka) Region*..... 302
- *Detect anomalies in your metrics, and diagnose issues quickly with Amazon Lookout for Metrics – now generally available*..... 303
- *Amazon Polly NTTS voices now available in Canada (Central), and Asia Pacific (Seoul)*..... 303
- *AWS License Manager adds ability to set up exclusion rules for automated discovery* 303
- *Lower Cost Storage Classes for Amazon Elastic File System are now available in Asia (Osaka) region* 304
- *Amazon Kinesis Data Analytics now supports Python with Apache Flink v1.11*..... 304
- *Configurable Endpoints with Custom Domains now generally available for AWS IoT Core*..... 304
- *Amazon Kendra adds new partner search connectors from Perficient* 305
- *Updated classroom course: Advanced Architecting on AWS* 305
- *AWS Snowcone is now available in the AWS Asia Pacific (Sydney) Region in Australia*..... 305
- *NICE DCV releases web client SDK for building customized web applications* 306
- *Amazon and Red Hat announce the General Availability of Red Hat OpenShift Service on AWS (ROSA)* 306
- *Amazon AppFlow now supports Zendesk as a destination* 307
- *AWS Elemental MediaTailor now supports Enhanced Debug Logs and other enhancements ** 307
- *Now available AWS SSO credential profile support in the AWS Toolkit for VS Code*..... 307
- *Amazon Timestream now supports Amazon VPC endpoints*..... 308
- *AWS Cloud Map now supports API-only services in namespaces configured with DNS resolution*..... 308

- *Amazon Detective launches in AWS GovCloud (US) Regions* 308
- *Announcing General Availability of AWS IoT Device Defender ML Detect* 308
- *AWS Backup adds support for bulk deletion of recovery points*..... 309
- *AWS CloudTrail Adds Logging of Data Events for Amazon DynamoDB* 309
- *Create forecasting systems faster with automated workflows and notifications in Amazon Forecast* 310
- *Amazon Elasticsearch Service announces Auto-Tune feature for improved performance and application availability* 310
- *Now you can use AWS CloudTrail to log data-plane API activity to monitor, alarm, and archive item-level activity in your Amazon DynamoDB tables*
310
- *Amazon RDS for MariaDB M6g and R6g instances now available in N. California, Canada, São Paulo, and London regions*..... 311
- *Announcing AWS Media Intelligence solutions*..... 311
- *Amazon EFS CSI driver now supports dynamic provisioning* 311
- *Amazon EC2 M5n, M5dn, R5n, and R5dn instances now available in additional regions*..... 312
- *Amazon Redshift Spectrum launches in four additional AWS Regions* 312
- *Amazon QuickSight launches Custom Tooltips, Updates to Anomaly Detection, and More* 312
- *Leverage state of the art Natural Language Processing with Hugging Face and Amazon SageMaker* 313
- *AWS Glue Studio now supports transforms defined in SQL*..... 313
- *AWS Cost Categories now supports inherited and default values*..... 313
- *Amazon VPC Endpoints For Amazon EC2 Are Now Available In Asia Pacific (Osaka)* 314
- *Amazon EC2 Inf1 instances based on AWS Inferentia now available in 4 additional regions*..... 314
- *AWS Database Migration Service now supports Db2 LUW version 11.5 as a source*..... 314
- *Sellers can now manage versions and update information of their AMI and Container products through the AWS Marketplace Catalog API* 315
- *AWS IoT Core’s Apache Kafka action now supports username and password authentication for Amazon Managed Streaming for Apache Kafka (Amazon MSK)*..... 315
- *AWS Client VPN announces expanded presence inside six AWS Regions*..... 315
- *AWS Audit Manager now supports CIS AWS Foundations Benchmark v1.3.0, Level 1 and 2 as a new standard framework* 316
- *Amazon EC2 now supports UEFI boot when migrating virtual machines to EC2* 316
- *AWS Solutions Implementation - The Discovering Hot Topics Using Machine Learning solution adds the capability to filter and visualize Twitter topics based on geographical coordinates* 316
- *Amazon RDS for Oracle now supports January 2021 Patch Set Update (PSU) for Oracle Database 12.1*..... 317
- *Amazon EKS reduces control plane creation time for EKS clusters by 40%* 317
- *AWS Proton introduces deletion protection for in-use templates*..... 317
- *AWS Fargate updates platform version 1.4.0 to be the LATEST version* 318

- *AWS Gateway Load Balancer is now available in additional 9 regions*..... 318
- *Amazon RDS for MySQL now supports rollback protection for database major version upgrades* 318
- *Amazon QLDB Increases Verification APIs Throughput by an Order of Magnitude* 319
- *Amazon EC2 Auto Scaling Instance Refresh now supports phased deployments* 319
- *AWS Launch Wizard now supports 'No Rollback on Failure'*..... 319
- *S3 Object Lambda allows you to add your own code to S3 GET requests to modify and process data as it is returned to an application* 320
- *New digital course: AWS Cloud Technical Essentials*..... 320
- *Amazon Comprehend now identifies documents that contain personally identifiable information (PII)* 320
- *AWS X-Ray Insights is now available in AWS GovCloud (US) Regions*..... 321
- *Support for SRT protocol added to AWS Elemental MediaConnect* 321
- *AWS announces General Availability of Six New Regions for Amazon GameLift* 321
- *Amazon Connect launches new metric capabilities for measuring queue service levels* 322
- *New AWS SSO gallery app simplifies Azure AD set-up with AWS*..... 322
- *AWS announces Developer Preview release of opinionated deployment tool for .NET CLI* 322
- *IAM Access Analyzer now supports over 100 policy checks with actionable recommendations to help you author secure and functional policies*..... 323
- *Amazon RDS Proxy now supports database connectivity from multiple Amazon VPCs*..... 323
- *Amazon RDS Proxy adds read-only endpoints for Amazon Aurora Replicas* 324
- *New AWS Solutions Consulting Offer - Deploy Containers on AWS* 324
- *New AWS Solutions Consulting Offer - Build Cloud Foundations* 324
- *AWS IoT SiteWise Monitor adds support for accessing Monitor portals using AWS Identity and Access Management (IAM) users and roles* 325
- *New digital course: Amazon S3 Cost Optimization* 325
- *Announcing support for multiple containers on Amazon SageMaker Inference endpoints, leading to cost savings of up to 80%* 325
- *AWS Copilot launches v1.4 with support for ECS exec and more* 326
- *Announcing the General Availability of Amazon Corretto 16* 326
- *Announcing General Availability of AWS Fault Injection Simulator, a fully managed service to run controlled experiments* 326
- *Lower Cost Storage Classes for Amazon Elastic File System are now available in additional regions* 326
- *Announcing new operations plan AWS Managed Services Accelerate* 327
- *Announcing new Amazon EC2 X2gd instances powered by AWS Graviton2 processors*..... 327
- *AWS Batch now available in the Africa (Cape Town) and the Asia-Pacific (Osaka) Regions*..... 328
- *Amazon S3 Glacier announces a 40% price reduction for PUT and Lifecycle requests*..... 328
- *AWS Cost Anomaly Detection now supports AWS CloudFormation*..... 328
- *Amazon ECS now allows you to execute commands in a container running on Amazon EC2 or AWS Fargate* 328

- *AWS Config Adds 3 New Config Rules for Amazon Secrets Manager* 329
- *Bundle Management APIs now generally available for Amazon WorkSpaces*..... 329
- *AWS Glue DataBrew is now available in Asia Pacific (Seoul), North America (Montreal), and South America (Sao Paulo) AWS Regions*..... 329
- *AWS Wavelength is now ISO 9001, 27001, 27017 and 27018 compliant* 330
- *New AWS Solutions Consulting Offer - Virtual Desktop Accelerator*..... 330
- *Achieve up to 35% better price/performance with Amazon Aurora using new Graviton2 instances* 331
- *New AWS Solutions Consulting Offer - Conversational AI Platform*..... 331
- *Amazon EC2 Auto Scaling adds support for local time zones for scheduled scaling* 331
- *New AWS Solutions Consulting Offer - Design and Implementation for Druva Data Protection Solutions*..... 332
- *Amazon Elasticsearch Service now publishes events to Amazon CloudWatch and Amazon EventBridge for service software updates*..... 332
- *Amazon RDS for Oracle supports Oracle Management Agent (OMA) version 13.4 for Oracle Enterprise Manager Cloud Control 13cR4*..... 332
- *AWS Elemental MediaTailor introduces Channel Assembly for creating virtual linear OTT channels* 333
- *Amazon Transcribe supports word-level confidence scores for streaming transcription*..... 333
- *Announcing General Availability of Amazon Redshift Data Sharing* 333
- *Announcing General Availability of Amazon Redshift Cross-database queries*..... 334
- *IAM Access Analyzer now enables you to validate public and cross-account access before deploying permissions changes* 334
- *AWS Backup adds support for continuous backup and point-in-time recovery of Amazon RDS instances*..... 334
- *Amazon Kinesis Video Streams updates media playback API service quotas to enable up to 10x more simultaneous consumers*..... 335
- *Introducing a new API allowing you to stop in-progress workflows in Amazon Forecast*..... 335
- *CloudEndure Migration and CloudEndure Disaster Recovery now support EBS Local Snapshots on AWS Outposts* 335
- *Amazon Aurora PostgreSQL-Compatible edition supports simultaneous authentication with both Microsoft Active Directory (AD) and AWS Identity and Access Management (IAM)*..... 336
- *AWS Glue DataBrew enhances its data quality dashboard with a visual comparison matrix* 336
- *Introducing Lower Cost Storage Classes for Amazon Elastic File System* 337
- *Amazon Aurora Global Database Expands Availability to São Paulo and Stockholm* 337
- *Introducing Lower Cost Storage Classes for Amazon Elastic File System* 337
- *Amazon RDS for PostgreSQL M6g and R6g instances now available in N. California, Canada, São Paulo, and London regions*..... 337
- *Amazon WorkSpaces is available in the Asia Pacific (Mumbai) Region* 338
- *AWS Security Hub adds 25 new controls to its Foundational Security Best Practices standard*..... 338
- *Announcing Kotlin-centric developer experience in Amplify Android* 339
- *AWS Lambda adds four Trusted Advisor checks* 339
- *Amazon RDS for PostgreSQL supports managed disaster recovery (DR) with Cross-Region Automated Backups* 339

- *AWS CloudFormation now supports Amazon S3 on Outposts* 340
- *AWS Proton now supports services without pipelines* 340
- *Amazon EMR introduces instance fleets to help lower cost and improve cluster provisioning in AWS GovCloud (US) Regions*..... 340
- *AWS IoT Device SDK for Embedded C now supports over-the-air update, AWS IoT Device Defender custom metrics, and multiple shadows for a single IoT device* 341
- *AWS Glue DataBrew adds binning, skewness, binarization, and transpose transformations for pre-processing data for machine learning and analytics* 341
- *Amazon Connect now provides an out-of-the-box chat user interface for your website* 341
- *AWS Proton makes new fields available for Jinja parametrization*..... 342
- *Amazon EKS now supports creation and management of add-ons using AWS CloudFormation*..... 342
- *Amazon EC2 D3 instances with dense local HDD storage now available in Asia Pacific (Singapore, Sydney and Tokyo), and Europe (Frankfurt) regions* 342
- *AWS Shield Advanced now supports resource tagging* 342
- *AWS Elemental MediaLive launches Workflow Wizard* 343
- *AWS Proton now supports tagging capabilities*..... 343
- *Amazon Quicksight Launches Sankey Diagram, Field folders and more* 343
- *AWS IoT Device Defender now supports CloudFormation* 344
- *AWS Secrets Manager now provides support to replicate secrets in AWS Secrets Manager to multiple AWS Regions* 344
- *AWS Network Firewall is now available in the US East (Ohio), Asia Pacific (Tokyo), Europe (Frankfurt), and Europe (Stockholm) AWS Regions* 344
- *Amazon EMR on EKS is now available in US West (N. California), US East (Ohio), Canada (Central), EU (Frankfurt and London), Asia Pacific (Mumbai, Seoul, Singapore, Sydney, and Tokyo) regions*..... 345
- *Amazon EC2 P4d Instances now available in the US East (Ohio) and Asia Pacific (Tokyo) regions*..... 345
- *AWS Systems Manager Change Manager now supports multi-level approvals* 345
- *Amazon EventBridge introduces support for API Destinations* 346
- *AWS Step Functions adds tooling support for YAML*..... 346
- *Amazon Redshift launches RA3.16xlarge and RA3.4xlarge in AWS GovCloud (US) Regions and RA3.xlplus in additional AWS Regions* 346
- *AWS Solutions: Serverless Bot Framework adds Amazon Lex V2 Console and API integration for an improved bot building experience* 347
- *Amazon Elastic File System (Amazon EFS) is now available in the AWS Asia Pacific (Osaka) region*..... 347
- *AWS Systems Manager OpsCenter now displays an aggregated view of all operational issues for a specified resource* 347
- *New AWS Solutions Consulting Offer - Driving Digital Transformation with Sitecore* 348
- *FreeRTOS demonstrates meeting a set of security criteria for IoT platforms* 348
- *AWS Certificate Manager now provides certificate expiry monitoring through Amazon CloudWatch*..... 348

- *Amazon VPC Flow Logs now reflects AWS Service name, Traffic Path and Flow Direction*..... 349
- *Four new digital training offerings for AWS End User Computing* 349
- *AWS Glue DataBrew extends its datasets to support files without an explicit file extension or a header row*..... 349
- *New AWS Solutions Consulting Offer - Intelligent SAP Migration and Management on AWS* 350
- *Announcing General Availability of Ethereum on Amazon Managed Blockchain*..... 350
- *Amazon Aurora Supports PostgreSQL 11.9, 10.14, and 9.6.19 in AWS GovCloud (US) Regions* 351
- *FreeRTOS Long Term Support now includes AWS IoT over-the-air update, AWS IoT Device Defender, and AWS IoT Jobs libraries*..... 351
- *New Amazon SNS Console Now Available in AWS GovCloud (US) Regions*..... 351
- *Amazon Elasticsearch Service now supports tag-based authorization for configuration APIs* 351
- *Amazon EventBridge now supports propagation of X-Ray trace context* 352
- *The AWS Lambda console now features a new navigation design* 352
- *Amazon EKS now supports adding KMS envelope encryption to existing clusters to enhance security for secrets* 352
- *AWS AppConfig is now available in AWS GovCloud (US) Regions*..... 353
- *AWS CodePipeline now supports 1000 pipelines per account*..... 353
- *Amazon Connect now supports 15 minute intervals for historical metric reporting*..... 353
- *Get ready to roll! 2021 AWS DeepRacer League Season is now underway*..... 354
- *Amazon Connect Customer Profiles now supports data sources from Amazon S3*..... 354
- *Amazon CloudWatch Synthetics now supports cross region bucket access and upgraded dependencies*..... 354
- *Announcing the newly expanded AWS Asia Pacific (Osaka) Region* 355
- *AWS Gateway Load Balancer is now available in the US East (Ohio), Asia Pacific (Tokyo), and EU (Frankfurt and Stockholm) Regions*..... 355
- *AWS Config now supports Amazon container services* 355
- *Real-Time Contact Lens for Amazon Connect is now available in the Europe (London), Europe (Frankfurt), and Asia Pacific (Tokyo) AWS Regions*.... 356
- *Support for AS923-1 frequency band is now generally available for AWS IoT Core for LoRaWAN* 356
- *AWS Launch Wizard now allows you to specify IP addresses for SAP deployments* 356
- *AWS Elemental MediaTailor now supports many media origins and paths within a single configuration with Configuration Aliases*..... 357
- *New AWS Solutions Consulting Offer - JumpStart for Amazon Textract* 357
- *Updated digital course on Coursera and edX - AWS Cloud Practitioner Essentials*..... 357
- *New digital class and lab on DevOps on AWS*..... 358
- *AWS Network Firewall Deployment Automations for AWS Transit Gateway is Generally Available* 358
- *Announcing two new on-demand digital courses for Media Services*..... 358
- *New digital curriculum: Build Modern Apps with Purpose-Built Databases* 359
- *Amazon Elasticsearch Service now supports rollups, reducing storage costs for extended retention* 359

- Automate quality inspection with Amazon Lookout for Vision — now generally available..... 359
- Amazon RDS now supports PostgreSQL 13 360
- AWS Transfer Family is now available in AWS Middle East (Bahrain), AWS Asia Pacific (Hong Kong), and AWS Africa (Cape Town) Regions 360
- Amazon EC2 Auto Scaling now shows scaling history for deleted groups..... 360
- New troubleshooting feature now generally available for AWS IoT Events..... 361
- Amazon RDS for SQL Server now supports Always On Availability Groups for Standard Edition 361
- AWS Database Migration Service now supports MariaDB version 10.5 362
- Introducing our new Solutions Training for Partners: Sales Best Practices courses 362
- Access Amazon EFS file systems from EC2 Mac instances running macOS Big Sur 362
- Amazon EC2 Mac Instances now support macOS Big Sur 362
- New AWS Solutions Implementation: IoT Static IP Endpoints..... 363
- Amazon Aurora PostgreSQL Patches 1.8.2 / 2.6.2 / 3.3.2 now available..... 363
- Amazon Elasticsearch Service add support for Reporting in Kibana 363
- Amazon CloudWatch Contributor Insights for Amazon DynamoDB now supports AWS CloudFormation..... 364
- Amazon Connect now provides disconnect reason for Voice Calls & Tasks 364
- AWS Control Tower now provides region selection..... 364
- AWS CodeBuild supports Arm-based workloads using AWS Graviton2 365
- Amazon RDS for Oracle now supports January 2021 Release Updates (RU)..... 365
- Announcing new Amazon EC2 T4g instances powered by AWS Graviton2 processors in Asia Pacific (Hong Kong), and Europe (Stockholm) regions .. 365
- Announcing new Amazon EC2 T4g instances powered by AWS Graviton2 processors along with a T4g free trial in Asia Pacific (Seoul) region 366
- Support for KMS encryption on S3 buckets used by AWS Config 366
- Now create Amazon SageMaker Studio presigned URL with custom expiration time..... 366
- Amazon RDS Publishes New Events for Multi-AZ Deployments 367
- Amazon CloudWatch Synthetics supports canary events with Amazon EventBridge 367
- Assign a Delegated Administrator to manage AWS CloudFormation StackSets across your AWS Organization 367
- Updated digital training for AWS Partners on End User Computing and Machine Learning 368
- Amazon Elasticsearch Service adds Trace Analytics, a new feature for distributed tracing 368
- Amazon Redshift Query Editor now supports clusters with enhanced VPC routing, longer query run times, and all node types..... 368
- AWS Glue Studio jobs can now update AWS Glue Data Catalog tables..... 369
- Simplified Amazon Elastic File System management console now available in AWS GovCloud (US) Regions 369
- Amazon Pinpoint now supports 10DLC and toll-free numbers..... 369
- Amazon ml.Inf1 instances are now available on Amazon SageMaker in 14 additional AWS regions 370

- *Amazon SNS now supports sending SMS messages to US destinations using ten-digit long codes and toll-free numbers* 370
- *AWS Glue Studio now supports reading uncatalogued data from Amazon S3 and inferring its schema* 370
- *Update content of inbound and outbound emails using AWS Lambda in Amazon WorkMail*..... 371
- *AWS Config now supports the ability to save advanced queries in AWS GovCloud (US) Regions*..... 371
- *AWS Fargate increases default resource count service quotas to 1000*..... 371
- *Amazon EKS and EKS Distro now supports Kubernetes version 1.19* 372
- *AWS Elemental MediaLive now supports region transfer for AWS Elemental Link*..... 372
- *AWS Elemental Link now available in Europe (Paris) region*..... 372
- *AWS Graviton2 based M6g, C6g, and R6g instances are now available in EU (Stockholm) region, and M6gd, C6gd, and R6gd instances are now available in US West (Northern California), and Asia Pacific (Tokyo) regions* 373
- *Announcing General Availability of Amplify Flutter, with new data and authentication support* 373
- *AWS Direct Connect Announces Native 100 Gbps Dedicated Connections at Select Locations* 373
- *Amazon S3 on Outposts adds a smaller storage tier*..... 374
- *Amazon Keyspaces (for Apache Cassandra) now supports PCI DSS compliance to help you run payment processing workloads more easily*..... 374
- *AWS Elemental MediaLive expands its automatic input failover capabilities*..... 374
- *Amazon DynamoDB Accelerator (DAX) now supports next generation, burstable general-purpose Amazon EC2 T3 instance types*..... 374
- *Amazon RDS for MySQL and MariaDB support replication filtering* 375
- *Now Launch Amazon SageMaker Studio using AWS CloudFormation*..... 375
- *AWS WAF adds support for JSON parsing and inspection*..... 375
- *Amazon EKS clusters now support user authentication with OIDC compatible identity providers* 376
- *AWS CloudFormation StackSets is now available in Japan (Osaka) Region* 376
- *Amazon Simple Email Service launches a redesigned service console experience* 376
- *Introducing Amazon VPC Endpoints for AWS CloudHSM* 377
- *AWS Glue DataBrew supports transformations for seven additional datatypes* 377
- *AWS Identity and Access Management now supports tags on additional resources* 377
- *Amazon EC2 M5zn instances, with high frequency processors and 100 Gbps networking are now available in Asia Pacific (Singapore and Sydney)* .. 378
- *Amazon Aurora Global Database supports managed planned failover*..... 378
- *AWS Glue DataBrew now allows you to configure the size of the dataset when auto-generating data quality statistics* 378
- *Amazon VPC Traffic Mirroring is now supported on select non-Nitro instance types*..... 379
- *Introducing Serverless Image Handler v5.2*..... 379
- *Amazon Lex is now available in the AWS GovCloud (US-West) Region*..... 379
- *Amazon Timestream now offers cross table queries, query execution statistics, and more*..... 380

• <i>Announcing AMD instance support for Amazon GameLift FleetIQ</i>	380
• <i>AWS Cloud9 launches visual source control integration for Git</i>	381
• <i>AWS Glue now provides column importance metrics in the FindMatches machine learning transform</i>	381
• <i>AWS DeepComposer launches Transformer Notebook on GitHub</i>	381
• <i>Amazon Keyspaces (for Apache Cassandra) now helps you automate table creation by supporting point-in-time recovery and tag settings in AWS</i>	
<i>CloudFormation</i>	382
• <i>New digital curriculum: Managing Amazon S3</i>	382
• <i>AWS Glue is now available in the AWS Africa (Cape Town) Region</i>	382
• <i>AWS Lake Formation is now available in Asia Pacific (Hong Kong) region</i>	383
• <i>AWS Data Exchange enables subscribers to export full revisions</i>	383
• <i>Amazon CloudFront launches in Croatia</i>	383
• <i>New AWS Solutions Consulting Offer - Persistent Digital Bank and Credit Union Solution</i>	384
• <i>Application Load Balancer now supports Application Cookie Stickiness</i>	384
• <i>AWS CloudHSM Adds New Availability Zones</i>	384
• <i>New AWS Solutions Consulting Offer - AI-Powered Inventory Management</i>	384
• <i>New AWS Solutions Consulting Offer - Digital Banking Engagement Platform</i>	385
• <i>Amazon ECS Service Discovery Now Available in Africa (Cape Town) and Europe (Milan)</i>	385
• <i>You now can use PartiQL with DynamoDB local to query, insert, update, and delete table data in Amazon DynamoDB</i>	385
• <i>AWS Cloud Map now supports resource tagging in AWS Console</i>	386
• <i>Introducing Amazon CloudFront Security Savings Bundle</i>	386
• <i>AWS Graviton2 M6g, C6g, and R6g instances now available in Asia Pacific (Seoul, Hong Kong) regions, and M6gd, C6gd, and R6gd instances now available in EU (Frankfurt), and Asia Pacific (Singapore, Sydney) regions</i>	387
• <i>Introducing Amazon EC2 M5n, M5dn, R5n, and R5dn Bare Metal Instances</i>	387
• <i>AWS Solutions Implementation - AWS Data Streaming Solution for Amazon MSK adds a template for you to read events and store data to Amazon S3 from a streaming application</i>	387
• <i>AWS Solutions Implementation - AWS MLOps Framework adds a model monitoring pipeline for customers to take remedial action when there are deviations in model quality</i>	388
• <i>Announcing AWS App Mesh Controller for Kubernetes version 1.3.0 with mTLS support</i>	388
• <i>AWS Copilot launches v1.2 providing more deployment capabilities</i>	388
• <i>Introducing Amazon EBS Local Snapshots on Outposts</i>	389
• <i>AWS App Mesh now supports mutual TLS authentication</i>	389
• <i>Announcing new AWS Wavelength Zone in Osaka, Japan</i>	389

- *AWS Amplify Hosting adds monitoring capabilities with Amazon CloudWatch integration*..... 390
- *Amazon Connect is now available in the AWS GovCloud (US-West) Region*..... 390
- *AWS Backup Events and Metrics now available in Amazon CloudWatch* 390
- *Take actions before and after patching to improve safety during patch installation* 391
- *AWS Elemental MediaLive adds support for VPC outputs*..... 391
- *AWS Lambda now supports Node.js 14*..... 391
- *Amazon Virtual Private Cloud (VPC) customers can now customize reverse DNS for their Elastic IP addresses*..... 391
- *Amazon CloudWatch Synthetics supports Amazon API Gateway in API blueprint*..... 392
- *AWS Console Mobile Application adds support for new regions* 392
- *Amazon RDS for Oracle supports Oracle Application Express (APEX) Version 20.2* 392
- *Amazon S3 now supports AWS PrivateLink*..... 393
- *Amazon Macie announces a slew of new capabilities including support for cross-account sensitive data discovery, scanning by Amazon S3 object prefix, improved pre-scan cost estimation, and added location detail in findings* 393
- *Insights is now generally available for AWS X-Ray* 393
- *Amazon S3 Batch Operations adds support for Delete Object Tagging* 394
- *Scheduled Actions of Application Auto Scaling now support Local Time Zone*..... 394
- *Amazon Redshift delivers better cold query performance to three additional AWS regions* 394
- *AWS Launch Wizard now configures RHEL and SLES clustering for SAP application High Availability* 394
- *Amazon GuardDuty introduces machine learning domain reputation model to expand threat detection and improve accuracy* 395
- *Amazon Elastic File System triples read throughput*..... 395
- *Amazon SNS now supports 1-minute CloudWatch metrics*..... 395
- *Amazon Transcribe Medical now provides automatic Protected Health Information (PHI) identification* 396
- *Amazon Managed Blockchain now supports resource tagging and tag-based access control*..... 396
- *AWS Glue DataBrew is now available in six additional AWS Regions*..... 397
- *AWS Control Tower now provides bulk account update* 397
- *AWS Control Tower now extends governance to existing OUs in your AWS Organizations* 397
- *AWS Control Tower now available in Canada, Frankfurt, London, Stockholm and Singapore AWS Regions*..... 398
- *AWS Marketplace announces support for multiple Private Marketplace catalogs* 398
- *Amazon CloudWatch now adds Fluent Bit support for container logs from Amazon EKS and Kubernetes* 398
- *AWS Glue DataBrew now supports six additional delimiters for its datasets* 399
- *Amazon Aurora supports PostgreSQL 12* 399
- *Amazon Aurora supports in-place upgrades from PostgreSQL 11 to 12* 400

- *AWS RoboMaker supports data upload configurations in simulation jobs*..... 400
- *Amazon Elasticsearch Service extends encryption at rest and node-to-node encryption to existing domains*..... 400
- *Amazon FSx is now available in the AWS Africa (Cape Town), Europe (Milan), and Middle East (Bahrain) Regions* 401
- *Discover, review, and remediate unintended access to Secrets Manager secrets using IAM Access Analyzer*..... 401
- *Amazon Timestream can now be used for workloads subject to HIPAA, ISO, and PCI DSS*..... 401
- *AWS CodePipeline now available in Europe South (Milan) region* 402
- *AWS Security Hub adds 1 new integration globally and adds 5 integrations to AWS GovCloud (US) Regions* 402
- *Amazon SES now lets you assign a configuration set to an email identity* 402
- *Amazon RDS for SQL Server now supports tempdb on local instance store with R5d and M5d instance types* 403
- *AWS Direct Connect launches second location in Italy*..... 403
- *Amazon EBS announces CloudWatch metrics with 1-minute granularity on all EBS volume types* 403
- *AWS Shield Advanced now provides mitigation metrics and network traffic timelines*..... 404
- *Amazon Redshift doubles managed storage quota to 128 TB per node for RA3.16XL and RA3.4XL node-types*..... 404
- *Announcing new Amazon EC2 T4g instances powered by AWS Graviton2 processors along with a T4g free trial in Asia Pacific (Sydney, Singapore), Europe (London), North Americas (Canada Central, San Francisco), and South Americas (Sao Paulo) regions* 404
- *Amazon EBS direct APIs now enable you to create EBS snapshots in the Asia Pacific (Osaka-Local) Region directly from any block storage*..... 405
- *Amazon GuardDuty enhances security incident investigation workflows through new integration with Amazon Detective* 405
- *Launching Amazon Lex streaming conversation APIs for improved virtual agent conversational experiences* 405
- *Amazon Kendra achieves ISO and PCI compliance*..... 406
- *Amazon CloudWatch Agent Now Supports macOS on Amazon EC2 Mac instances* 406
- *AWS App Mesh is now available in Africa (Cape Town) AWS Region* 406
- *AWS Cloud Map Updates Service Level Agreement* 407
- *Amazon Keyspaces (for Apache Cassandra) now supports JSON syntax to help you read and write data from other systems more easily*..... 407
- *Launching Amazon Lex V2 console and APIs for an improved bot building experience* 407
- *Amazon CloudWatch Agent now supports OpenTelemetry APIs and SDKs* 408
- *Amazon MSK now supports the ability to change the size or family of your Apache Kafka brokers* 408
- *New partner training on migration, cloud governance, and machine learning* 408
- *Resource Groups Tagging API launches ResourceARNList parameter for the GetResources operation* 409
- *Amazon Detective enhances IP Address Analytics* 409
- *Amazon SQS now supports 1-Minute CloudWatch Metrics in AWS GovCloud (US) Regions* 409
- *Amazon RDS for MariaDB now supports version 10.5.8* 410
- *Amazon Chime SDKs for iOS and Android now support screen share* 410

- *Announcing CDK Support for AWS Chalice* 410
- *New AWS IoT Device Client simplifies onboarding to AWS IoT Core, AWS IoT Device Management, and AWS IoT Device Defender* 411
- *Amazon FSx now supports FIPS 140-2 validated endpoints* 411
- *Amazon ECS announces increased service quotas for tasks per service and services per cluster* 412
- *Announcing date and time functions and timezone support in AWS IoT SiteWise* 412
- *New self-paced course about designing data lakes on edX and Coursera* 412
- *Amazon EC2 P4d Instances now available in the Europe (Ireland) region* 412
- *PCI DSS compliance for AWS Wavelength*..... 413
- *Amazon RDS for PostgreSQL Supports pg_cron Extension for Scheduling Database Jobs* 413
- *Announcing three new digital courses for Amazon S3* 413
- *AWS Certificate Manager Private Certificate Authority now supports additional certificate customization* 414
- *AWS SDK for Go version 2 is now generally available*..... 414
- *Amazon CloudWatch Application Insights supports Oracle database monitoring*..... 414
- *Amazon ECS now supports VPC Endpoint policies*..... 415
- *The graphical user interface of Porting Assistant for .NET is now open source* 415
- *New Amazon Builders' Library Article: Making retries safe with idempotent APIs*..... 415
- *Amazon CloudWatch Container Insights now available on AWS Graviton2* 416
- *Amazon Rekognition Custom Labels is now available in the Asia Pacific (Singapore), Asia Pacific (Sydney), Asia Pacific (Seoul), and Asia Pacific (Tokyo)*
- AWS Regions* 416
- *Introducing update to Multi-Region Application Architecture*..... 416
- *Amazon EC2 X1 and X1e instances are now available in additional AWS regions*..... 417
- *Announcing New Segmentation Capabilities for Amazon Pinpoint* 417
- *New AWS Public Datasets available from the Illumina, the University of Alaska Fairbanks, IntelinAir, and others* 417
- *New digital course and lab: AWS Cloud Development Kit (CDK) Primer* 418
- *New digital course: Configuring and Deploying VPCs with Multiple Subnets* 418
- *Amplify DataStore launches support for sorting and selectively syncing app data* 418
- *Amazon Cognito Identity Pools enables using user attributes from identity providers for access control to simplify permissions management in AWS*
419
- *AWS Snow Family console further simplifies Snow data transfer and compute job creation and management* 419
- *Amazon Fraud Detector launches ability to cancel in-progress model trainings* 419
- *Amazon EMR Release 5.32 now supports Amazon EMR on EKS, and EMR Studio Preview* 420
- *Amazon AppStream 2.0 now supports using smart cards for Active Directory domain login and streaming applications* 420

- *Announcing support for Methods via Uniform Function Call syntax in AWS IoT SiteWise*..... 420
- *Amazon RDS for PostgreSQL Supports New Minor Versions 12.5, 11.10, 10.15, 9.6.20, and 9.5.24* 421
- *Announcing the global expansion of AWS Contact Center Intelligence solutions* 421
- *AWS Snowcone now supports multicast streams and routing by providing instances with direct access to external networks*..... 421
- *Amazon Redshift now supports fine-grained access control on COPY and UNLOAD commands*..... 422
- *Amazon Lightsail now supports IPv6*..... 422
- *Amazon SNS adds support for message archiving and analytics via Kinesis Data Firehose subscriptions*..... 422
- *Amazon Aurora supports in-place upgrades from MySQL 5.6 to 5.7* 423
- *Monitor your Amazon Elastic File System (Amazon EFS) storage usage with Amazon CloudWatch* 423
- *Amazon EC2 API now supports Internet Protocol Version 6 (IPv6)* 423
- *Customers can now tag resources in the Amazon Braket console* 423
- *AWS CloudFormation now supports AWS DataSync* 424
- *Amazon EMR now supports Apache Ranger for fine-grained data access control* 424
- *AWS Cloud Map achieves PCI DSS Certification* 424
- *AWS App Mesh achieves PCI DSS Certification*..... 425
- *New AWS Config console streamlines resource configuration and compliance management* 425
- *Amazon API Gateway now supports data mapping in HTTP APIs*..... 425
- *Introducing AWS Transfer Family support for Amazon Elastic File System*..... 426
- *Achieve faster database failover with Amazon Web Services MySQL JDBC Driver - now in preview*..... 426
- *AWS Network Firewall is now available in the Asia Pacific (Sydney) Region* 426
- *AWS Step Functions adds support for AWS Glue DataBrew jobs to prepare data in analytics and machine learning workflows*..... 427
- *Amazon AppFlow now supports Salesforce Pardot*..... 427
- *Amazon CloudSearch announces updates to its search instances* 427
- *FreeRTOS includes pre-configured projects for software emulations of microcontroller cores using QEMU open source emulator* 428
- *Amazon EC2 Auto Scaling now allows up to 40 instance types when defining a Mixed Instances Policy*..... 428
- *New beta exam for AWS Certified SysOps Administrator - Associate* 428
- *Amazon SQS announces tiered pricing*..... 429
- *Amazon Connect launches new contact search page with an enhanced user experience*..... 429
- *Announcing the APN Foundations Advanced Navigate track* 430
- *New AWS Solutions Consulting Offer - Voicemail Queues for Amazon Connect*..... 430
- *Announcing the APN Foundations ISV Partner Path Navigate track*..... 430
- *New AWS Solutions Consulting Offer - Accelerated Cloud Engineering FedRAMP Launchpad*..... 431

- *Amazon RDS for Oracle now supports October 2020 Oracle Patch Set Updates (PSU) for 11.2.0.4 Enterprise Edition, and allows setting database system events.....* 431
- *Amazon EC2 R5B Instances now certified for SAP workloads* 431
- *AWS Certificate Manager is now FedRAMP compliant* 432
- *Introducing Serverless Image Handler v5.1* 432
- *Amazon MSK adds support for Apache Kafka version 2.6.1.....* 432
- *Hong Kong and Qatar now available in AWS Marketplace (including AWS Data Exchange)* 433
- *Amazon Detective introduces new resource summary home page* 433
- *Amazon GuardDuty introduces new machine learning capability to more accurately identify potentially malicious activity* 433
- *Amazon RDS for PostgreSQL Supports pg_partman extension for data partitioning* 434
- *Amazon CloudFront announces a new Regional Edge Cache in US West (Northern California) Region* 434
- *Amazon DocumentDB (with MongoDB compatibility) adds six new aggregation operators and improved indexing capabilities.....* 434
- *Amazon CloudFront announces new TLSv1.2_2021 security policy for viewer connections* 435
- *Amazon CloudFront launches in Indonesia* 435
- *The AWS Architecture Center launches 6 new technology categories and industries.....* 435

2020..... 437

- *AWS Control Tower console shows more detail about external AWS Config rules* 437
- *Amazon Elastic Container Service launches new management console* 437
- *AWS IoT SiteWise Monitor now supports AWS CloudFormation* 437
- *AWS CodePipeline supports deployments with CloudFormation StackSets* 438
- *Introducing AWS Data Exchange Publisher Coordinator and Subscriber Coordinator* 438
- *Amazon WorkDocs offers additional collaboration controls throughout its Android app* 438
- *Amazon MSK adds support for Apache Kafka version 2.7.0.....* 439
- *Publish Oracle Management Agent logs from Amazon RDS for Oracle to Amazon CloudWatch Logs.....* 439
- *Amazon AppStream 2.0 adds support for real-time audio-video.....* 439
- *Announcing new AWS Wavelength Zones in Denver and Seattle* 440
- *Amazon QuickSight is now Available in Canada (Central) and South America (Sao Paulo) Regions* 440
- *AWS Service Catalog now supports TagOption Sharing.....* 440
- *Microsoft SQL Server point-in-time recovery is now generally available for Amazon RDS on VMware.....* 441
- *Introducing Service Workbench on AWS.....* 441
- *Customer Owned IP generally available for Amazon RDS on Outposts* 441

- *Provisioned product referencing is now available in AWS Service Catalog* 442
- *New versions of MySQL and PostgreSQL now available on Amazon RDS for Outposts* 442
- *AWS Compute Optimizer Now Delivers Recommendations For AWS Lambda Functions* 442
- *Introducing Video on Demand on AWS v5.2* 443
- *Announcing the first AWS Wavelength Zone in South Korea* 443
- *Host resource groups now provides APIs along with the ability to add existing Dedicated Hosts to further simplify your BYOL experience*..... 444
- *AWS CodePipeline now available in Asia Pacific (Hong Kong) region* 444
- *Service Quotas now supports tagging and Attribute-Based Access Control (ABAC)* 444
- *Introducing FHIR Works on AWS* 445
- *Amazon EC2 M6g, C6g and R6g instances powered by AWS Graviton2 processors are now available in South America (Sao Paulo) and AWS GovCloud (US) Regions* 445
- *FreeRTOS now supports over-the-air update (OTA) for multiple file types* 445
- *AWS WAF Now Available in AWS GovCloud (US-East) Region* 446
- *Amazon GuardDuty adds three new threat detections to help you better protect your data stored in Amazon S3*..... 446
- *AWS Database Migration Service now supports MariaDB version 10.4* 446
- *Amazon Neptune now supports the db.r5.24xlarge instance type* 447
- *Use AWS Secrets Manager to rotate your AWS Data Migration Service source and target database credentials*..... 447
- *AWS Database Migration Service now supports parallel apply when using Redshift as a target during on-going replications* 447
- *AWS Glue launches AWS Glue Custom Connectors*..... 448
- *Introducing process check rules with AWS Config conformance packs*..... 448
- *AWS Artifact makes compliance documents easy to download and share*..... 449
- *AWS Config launches ability to save advanced queries* 449
- *Introducing Compliant Framework for Federal and DoD Workloads in AWS GovCloud (US)*..... 449
- *Amazon EMR Release 6.2 now supports improved Apache HBase performance on Amazon S3, and Apache Hive ACID Transactions on HDFS and Amazon S3* 450
- *Now compare different versions of your runbooks with AWS Systems Manager* 450
- *Amazon EC2 M5zn instances, with high frequency processors and 100 Gbps networking are now available in South America (Sao Paulo)* 450
- *New AWS Solutions Consulting Offer - High-Governance Foundation with AWS Control Tower*..... 451
- *Amazon GameLift Updates Server SDK Supporting Unity 2020 and Unreal 4.25*..... 451
- *AWS App2Container now supports remote execution of containerization workflows*..... 451
- *Amazon QuickSight enhances dashboard performance with Dynamic Querying and other dataset optimizations*..... 452
- *Amazon ECS announces the general availability of ECS Deployment Circuit Breaker* 452

- *Updated AWS IoT Device Tester for FreeRTOS and AWS IoT Device Tester for AWS IoT Greengrass are now available* 452
- *AWS OpsHub for AWS Snow Family is now available for Linux*..... 453
- *Amazon Connect now supports sharing attachments in chat*..... 453
- *Amazon Connect CTI Adapter for Salesforce now supports Contact Lens*..... 454
- *You now can use PartiQL with NoSQL Workbench to query, insert, update, and delete table data in Amazon DynamoDB* 454
- *PartiQL for DynamoDB now is supported in 23 AWS Regions*..... 454
- *AWS Database Migration Service now supports Amazon DocumentDB 4.0 as a source* 455
- *AWS CodeBuild is now available in the Africa (Cape Town) Region*..... 455
- *Amazon Transcribe Medical now supports both streaming and batch transcription of multi-channel audio* 456
- *New IAM condition keys for Amazon S3 limit requests to buckets owned by specific AWS accounts, and to specific TLS versions* 456
- *Amazon Virtual Private Cloud (VPC) Now supports Tag on Create for Elastic IP addresses*..... 456
- *Porting Assistant for .NET supports automated code translation*..... 457
- *AWS DeepComposer launches new learning capsule that dives deep into Transformer models*..... 457
- *AWS Snow Family now supports the Amazon Linux 2 operating system* 457
- *AWS Load Balancer Controller version 2.1 now available with support for additional ELB configurations* 458
- *Apache Kafka client resiliency testing made easier with an Amazon MSK reboot broker API* 458
- *AWS Pricing Calculator now supports Windows Server and SQL Server workload cost estimates* 458
- *Now launch Amazon SageMaker Studio Notebooks backed by Spark in Amazon EMR*..... 459
- *Amazon AppFlow now provides data integration with Upsolver* 459
- *EC2 Hibernation feature is now available in AWS GovCloud (US) Regions* 459
- *Amazon Macie now available in AWS Africa (Cape Town), Europe (Milan), and Middle East (Bahrain) Regions* 460
- *AWS Systems Manager now enables advanced flow control for Automation runbook executions*..... 460
- *Amazon MQ now supports ActiveMQ version 5.15.14*..... 460
- *Announcing the General Availability of Amazon Corretto 11 for Linux on ARM32 and for Windows on x86 (32-bit)* 461
- *Multi-Attach support now available on Amazon EBS Provisioned IOPS volume type, io2* 461
- *Announcing the availability of AWS Outposts Private Connectivity*..... 461
- *Amazon Managed Blockchain now supports Ethereum (Preview)*..... 462
- *AWS Data Exchange data sets now easily available for visual transformation using AWS Glue DataBrew via console integration* 462
- *AWS Data Exchange now supports filtered views for provider products and data sets*..... 462
- *Amazon Chime now supports joining meetings from Echo Show 8*..... 463
- *Join Zoom meetings with Alexa on Echo Show 8*..... 463
- *Amazon AppFlow now stores credentials in customers' AWS Secrets Manager account*..... 463

- *Software providers on AWS Marketplace can now use the self-service management portal to update their Container products* 464
- *Introducing Distributed Load Testing v1.2* 464
- *AWS CloudFormation StackSets is now available in Africa (Cape Town), EU (Milan), and Middle East (Bahrain) Regions* 465
- *Amazon Machine Image copy limits increased to 100 images per destination Region* 465
- *Announcing new Amazon EC2 C6gn instances powered by AWS Graviton2 processors with 100 Gbps networking* 465
- *Amazon SageMaker Autopilot adds Deep Learning Models* 466
- *AWS Lambda now supports SASL/SCRAM authentication for functions triggered from Amazon MSK* 466
- *Amazon Connect supports Amazon Lex chatbots with Latin American Spanish and German* 466
- *Amazon FSx now supports on-premises access from additional IP address ranges* 467
- *Attribute-Based Access Control (ABAC) for the AWS Key Management Service* 467
- *EC2 Image Builder now supports container images* 467
- *Amazon SQS Now Supports a High Throughput Mode for FIFO Queues (Preview)* 467
- *AWS Cloud Map is now available in the AWS Africa (Cape Town) and Europe (Milan) AWS Regions* 468
- *AWS Well-Architected Guidance Engine now available in AWS Control Tower* 468
- *AWS Nitro Enclaves is now available in 6 additional regions* 468
- *Introducing Amazon SageMaker ml.P4d instances for highest performance ML training in the cloud* 469
- *Announcing Amazon Route 53 support for DNSSEC* 469
- *Amazon Data Lifecycle Manager now automates copying EBS snapshots across accounts* 469
- *Cost & Usage Report Now Available to Member (Linked) Accounts* 469
- *Amazon FSx is now available in the AWS GovCloud (US) Regions* 470
- *APIs now available for the AWS Well-Architected Tool* 470
- *Three new digital courses for AWS Partners* 470
- *AWS Launch Wizard now supports SAP application software installation* 471
- *AWS announces Amazon Location Service (Preview)* 471
- *AWS Cost Anomaly Detection is now generally available* 471
- *Announcing AWS IoT Device Defender ML Detect public preview* 471
- *AWS announces Amazon Managed Service for Prometheus for container monitoring* 472
- *Introducing AWS CloudShell* 472
- *AWS Personal Health Dashboard now supports organization-wide event aggregation* 473
- *Introducing AWS IoT Core for LoRaWAN: connect and manage LoRaWAN devices at scale easily and cost-effectively* 473
- *AWS IoT Core Device Advisor now available in preview* 473
- *Deploy Microsoft Active Directory Infrastructure on Amazon EC2 using AWS Launch Wizard* 474

- *AWS IoT Core adds the ability to deliver data to Apache Kafka clusters*..... 474
- *Introducing AWS IoT EduKit* 475
- *Introducing AWS IoT SiteWise plugin for Grafana* 475
- *AWS IoT SiteWise launches support for Modbus TCP and EtherNet/IP protocols with enhancements to OPC-UA data ingestion* 475
- *Introducing AWS Systems Manager Fleet Manager* 476
- *Announcing Amazon Sidewalk Integration for AWS IoT Core* 476
- *AWS IoT Device Management introduces Fleet Hub, a new, easy way to monitor and interact with IoT device fleets* 476
- *Announcing AWS IoT SiteWise Edge (Preview), a new capability of AWS IoT SiteWise to collect, process, and monitor industrial equipment data on-premises* 477
- *Introducing AWS Systems Manager Change Manager* 477
- *AWS IoT Device Defender adds support for custom metrics* 477
- *Announcing support for Alarms (Preview) in AWS IoT Events and AWS IoT SiteWise*..... 478
- *AWS Lambda now supports self-managed Apache Kafka as an event source*..... 478
- *Announcing FreeRTOS Long Term Support*..... 478
- *AWS Lambda now makes it easier to build analytics for Amazon Kinesis and Amazon DynamoDB Streams*..... 479
- *AWS Lambda launches checkpointing for Amazon Kinesis and Amazon DynamoDB Streams* 479
- *AWS IoT Greengrass 2.0 provides an open source edge runtime and new capabilities for building and operating IoT device software* 479
- *AWS announces Amazon Managed Service for Grafana in Preview* 480
- *AWS IoT Analytics can now store processed IoT data in data stores using Apache Parquet format* 480
- *Announcing the first AWS Wavelength Zone in Tokyo, Japan*..... 480
- *AWS SDK for JavaScript version 3 is now generally available* 481
- *Introducing AWS Systems Manager Application Manager* 481
- *Enhanced error handling capabilities in AWS IoT Analytics data processing pipelines*..... 481
- *Manage Microsoft SQL Server workloads on Amazon EC2 using Application Manager capability in AWS Systems Manager* 482
- *AWS Single Sign-On now supports Microsoft Active Directory (AD) synchronization* 482
- *FreeRTOS adds cellular LTE-M interface library to support cellular IoT based applications* 482
- *Now Secure Your SageMaker Studio Access Using AWS PrivateLink and AWS IAM SourceIP Restrictions* 483
- *Announcing Unified Search in the AWS Management Console* 483
- *AWS IoT SDK for Embedded C version 202012.00 includes over-the-air update (OTA) library and PKCS #11 implementation* 484
- *Amazon EC2 announces Spot Blueprints, an infrastructure code template generator to get started with EC2 Spot Instances* 484
- *AWS Security Hub now supports bidirectional integration with ServiceNow ITSM*..... 484
- *Amazon Aurora PostgreSQL Integrates with AWS Lambda* 485

- *AWS IDE Toolkit now available for AWS Cloud9* 485
- *Amazon Aurora Supports PostgreSQL 11.9, 10.14, and 9.6.19* 485
- *Amazon Lumberyard Beta 1.27 Now Available* 486
- *Simplify EC2 provisioning and viewing cloud resources in the ServiceNow CMDB with AWS Service Management Connector for ServiceNow*..... 486
- *Amazon API Gateway now supports integration with Step Functions StartSyncExecution for HTTP APIs* 486
- *Amazon EBS reduces the minimum volume size of Throughput Optimized HDD and Cold HDD Volumes by 75%* 487
- *Introducing Amazon Aurora R6g instance types, powered by AWS Graviton2 processors, in preview*..... 487
- *Amazon QuickSight now supports Amazon Elasticsearch Service, and adds new box plot and filled map visuals* 487
- *Amplify CLI enables serverless container deployments using AWS Fargate* 488
- *Amazon Virtual Private Cloud (VPC) announces Reachability Analyzer to simplify connectivity testing and troubleshooting*..... 488
- *Amazon Kendra adds support for custom synonyms* 488
- *AWS customers can now use industry standard Internet Group Management Protocol (IGMP) to easily deploy, manage and scale their multicast applications in AWS cloud*..... 489
- *Introducing AWS Transit Gateway Connect to simplify SD-WAN branch connectivity*..... 489
- *Amazon EC2 announces new network performance metrics for EC2 instances*..... 489
- *Amazon Redshift launches RA3.xlplus nodes with managed storage* 490
- *Amazon Redshift introduces data sharing (preview)* 490
- *Amazon Redshift announces support for native JSON and semi-structured data processing (preview)*..... 490
- *Amazon Redshift announces native console integration with partners (Preview)* 491
- *Amazon EMR Studio makes it easier for data scientists to build and deploy code* 491
- *AWS Global Accelerator launches custom routing*..... 491
- *Simplify running Apache Spark jobs with Amazon EMR on Amazon EKS*..... 492
- *Announcing preview of AWS Lake Formation features: Transactions, Row-level Security, and Acceleration* 492
- *Announcing new Amazon EC2 G4ad instances, powered by AMD Radeon Pro V520 GPUs, with the best price performance for graphics intensive applications in the cloud* 492
- *Amazon Redshift launches the ability to easily move clusters between AWS Availability Zones (AZs)*..... 493
- *Amazon Redshift now includes Amazon RDS for MySQL and Amazon Aurora MySQL databases as new data sources for federated querying (Preview)*
493
- *Amazon Redshift announces Automatic Table Optimization* 494
- *Announcing Amazon Forecast Weather Index – automatically include local weather to increase your forecasting model accuracy* 494
- *Amazon CodeGuru Profiler adds Memory Profiling and Heap Summary*..... 494
- *Amazon Kendra adds Google Drive connector* 495

- *AWS announces AWS Audit Manager*..... 495
- *Introducing Amazon SageMaker Data Wrangler – The fastest and easiest way to prepare data for machine learning*..... 495
- *Announcing Amazon Lookout for Metrics* 496
- *Amazon SageMaker Model Monitor now supports new capabilities to maintain model quality in production* 496
- *Introducing Amazon SageMaker JumpStart – Easily and quickly bring machine learning applications to market* 496
- *Amazon Kendra launches connector library*..... 497
- *Announcing new capabilities for Amazon SageMaker Debugger with real-time monitoring of system resources and profiling training jobs*..... 497
- *Introducing Amazon SageMaker Feature Store - a fully managed repository to store, discover, share and serve machine learning features*..... 497
- *Amazon Braket now supports PennyLane* 497
- *Amazon ECR announces cross region replication of images* 498
- *Amazon announces Amazon Neptune ML: easy, fast, and accurate predictions for graphs* 498
- *Detect bias in ML models and explain model behavior with Amazon SageMaker Clarify*..... 499
- *AWS announces Amazon Redshift ML (preview)*..... 499
- *Introducing Amazon HealthLake to make sense of health data* 499
- *Amazon Kendra launches incremental learning*..... 499
- *AWS introduces Amazon SageMaker Edge Manager - Model Management for Edge Devices* 500
- *Amazon AppFlow now provides Amazon Lookout for Metrics connectivity to several cloud applications* 500
- *Two new libraries for distributed training on Amazon SageMaker*..... 500
- *Introducing Amazon SageMaker Pipelines, first purpose built CI/CD service for machine learning* 501
- *Amazon Braket tensor network simulator supports 50-qubit quantum circuits* 501
- *AWS Security Hub integrates with AWS Audit Manager for simplified security posture management*..... 501
- *AWS Transit Gateway Inter-region Peering is Now Available in Middle East (Bahrain), Africa (Cape Town), Asia Pacific (Hong Kong), and Europe (Milan) AWS Regions* 502
- *Announcing table charts for AWS IoT SiteWise*..... 502
- *AWS Data Exchange introduces flexible revision access controls for new products* 502
- *Amazon Connect reduces 10 Latin America telephony rates* 503
- *AWS Security Hub adds open source tool integrations with Kube-bench and Cloud Custodian* 503
- *Amazon Connect adds inbound telephony for four Latin America countries* 504
- *Amazon Machine Images (AMIs) now support tag-on-create and tag-based access control*..... 504
- *AWS CloudTrail provides more granular control of data event logging through advanced event selectors*..... 504
- *Amazon EBS io2 volumes now support SAP workloads*..... 505
- *Amazon API Gateway now supports integration with Step Functions StartSyncExecution for HTTP APIs* 505

- *AWS announces General Availability of Amazon GameLift Feature Update* 505
- *Amazon RDS for Oracle supports managed disaster recovery (DR) with Amazon RDS Cross-Region Automated Backups*..... 506
- *Amazon EMR now provides up to 30% lower cost and up to 15% improved performance for Spark workloads on Graviton2-based instances* 506
- *Amazon ECS Announces the Preview of ECS Deployment Circuit Breaker*..... 506
- *Python Support for Amazon CodeGuru is available in Preview* 507
- *Amazon RDS for Oracle and Amazon RDS for SQL Server now support R5b instance types in additional AWS Regions* 507
- *Introducing Amazon RDS Service Delivery Partners* 507
- *Introducing AWS SaaS Factory Insights Hub* 508
- *Customers can now use AWS Service Catalog AppRegistry to define and describe their AWS applications*..... 508
- *AWS Well-Architected Tool now Supports AWS SaaS Lens* 508
- *Introducing AWS SaaS Boost*..... 509
- *Amazon Connect Chat now supports Apple Business Chat (Preview)* 509
- *AWS License Manager enhances automated discovery with tag-based search and detection of software uninstalls*..... 509
- *Serverless Batch Scheduling with AWS Batch and AWS Fargate* 510
- *Announcing Amazon CloudWatch Lambda Insights (General Availability)*..... 510
- *Professional Services for third-party software now available in AWS Marketplace* 510
- *AWS Compute Optimizer now supports Amazon EBS volume recommendations*..... 511
- *AWS ISV Accelerate, a co-sell program for AWS Partners*..... 511
- *Announcing AWS Public Safety and Disaster Response Technology Partners*..... 511
- *Amazon Aurora Serverless v1 with PostgreSQL compatibility now available in eight additional regions* 512
- *Announcing the APN Travel & Hospitality Navigate track* 512
- *AWS Marketplace Announces APIs for Private Marketplace* 512
- *AWS License Manager announces Managed Entitlements for AWS Marketplace*..... 513
- *Introducing the New AWS Travel and Hospitality Competency* 513
- *AWS Foundational Technical Review Lens now available in the AWS Well-Architected Tool*..... 513
- *AWS Managed Services (AMS) supports AWS Outposts* 514
- *Announcing Three New Digital Courses for AWS Snowcone* 514
- *Announcing Three New Digital Courses for AWS Snowcone* 514
- *Introducing Amazon QuickSight Q: ask questions about your data and get answers in seconds* 515
- *Amazon AppFlow now provides Amazon Honeycode connectivity to several cloud applications*..... 515
- *Introducing new Amazon EBS general purpose volumes, gp3* 515
- *Amazon Connect Wisdom provides contact center agents the information they need to quickly solve customer issues*..... 516

- *Contact Lens for Amazon Connect launches real-time contact center analytics to detect customer issues on live calls*..... 516
- *Amazon CodeGuru Reviewer announces Security Detectors to help improve code security*..... 516
- *Babelfish for Amazon Aurora PostgreSQL is Available for Preview*..... 517
- *AWS Lambda now supports up to 10 GB of memory and 6 vCPU cores for Lambda Functions*..... 517
- *Amazon EKS simplifies installation and management for Kubernetes cluster add-ons* 517
- *Introducing Amazon EKS Distro - an open source Kubernetes distribution used by Amazon EKS.* 518
- *Amazon EKS adds built-in logging support for AWS Fargate* 518
- *Announcing AWS Glue Elastic Views Preview* 518
- *Amazon WorkSpaces Streaming Protocol now Generally Available* 519
- *Amazon Connect Voice ID provides real-time caller authentication for more secure calls*..... 519
- *Introducing Amazon Monitron, an end-to-end system to detect abnormal equipment behavior* 519
- *Amazon Connect Customer Profiles for a unified view of your customers to provide more personalized service* 519
- *Amazon Web Services Announces AWS Proton* 520
- *AWS Lambda changes duration billing granularity from 100ms down to 1ms*..... 520
- *Integrate Amazon Honeycode with popular SaaS applications, AWS services, and more* 520
- *AWS Amplify announces new Admin UI*..... 521
- *AWS announces AQUA for Amazon Redshift (preview)* 521
- *Introducing Amazon EC2 M5zn instances, with high frequency processors and 100 Gbps networking* 521
- *Amazon QuickSight launches new session capacity pricing options, embedding without user management and a developer portal for embedded analytics*..... 522
- *Amazon S3 Replication adds support for two-way replication* 522
- *Amazon Connect Tasks makes it easy to prioritize, assign, track, and automate contact center agent tasks* 523
- *Announcing Amazon Elasticsearch Service support for AWS Glue Elastic Views* 523
- *Announcing new AWS Wavelength Zone in Las Vegas* 523
- *Amazon EKS adds support for EC2 Spot Instances in managed node groups* 524
- *Amazon S3 now delivers strong read-after-write consistency automatically for all applications*..... 524
- *Introducing the next version of Amazon Aurora Serverless in preview* 524
- *AWS announces tiered pricing for input/output operations per second (IOPS) charges for Amazon Elastic Block Store (EBS) io2 volume, reducing the cost of provisioning peak IOPS by 15%*..... 525
- *Amazon S3 Bucket Keys reduce the costs of Server-Side Encryption with AWS Key Management Service (SSE-KMS)* 525
- *Announcing Amazon ECR Public and Amazon ECR Public Gallery*..... 525
- *Amazon S3 Replication adds support for multiple destinations in the same, or different AWS Regions* 526

- *Introducing AWS Panorama for computer vision at the edge.....* 526
- *Amazon AppFlow now provides Amazon Connect Customer Profiles connectivity to several cloud applications* 526
- *Announcing Amazon Lookout for Equipment, a service which detects abnormal equipment behavior and enable predictive maintenance.....* 527
- *AWS announces Amazon DevOps Guru in Preview, an ML-powered cloud operations service to improve application availability for AWS workloads.....* 527
- *What’s around the turn in 2021? AWS DeepRacer League announces new divisions, rewards, and community leagues* 527
- *AWS quadruples per-volume maximum capacity and performance on io2 volumes (in preview).....* 528
- *Introducing new Amazon EC2 R5b instances featuring 60 Gbps of EBS Bandwidth and 260K IOPS* 528
- *AWS announces Amazon Lookout for Vision to automate quality inspection* 529
- *Announcing Preview of AWS Local Zones in Boston, Houston, and Miami* 529
- *Introducing Amazon EC2 D3 and D3en, the next generation of dense HDD storage instances* 529
- *AWS Lambda now supports container images as a packaging format.....* 530
- *Amazon EKS Console Now Includes Kubernetes Resources to Simplify Cluster Management* 530
- *You now can use Amazon DynamoDB with AWS Glue Elastic Views to combine and replicate data across multiple data stores by using SQL – available in limited preview.....* 530
- *Announcing Amazon EC2 Mac instances for macOS.....* 531
- *AWS Systems Manager Change Calendar integrates with Amazon EventBridge to enable automated actions based on calendar state changes.....* 531
- *The Amazon Chime SDK now supports messaging.....* 532
- *Porting Assistant for .NET adds support for .NET 5* 532
- *AWS Transfer Family supports AWS WAF for identity provider integrations* 532
- *Amazon Forecast now supports accuracy measurements for individual items.....* 533
- *AWS Batch now has integrated Amazon Linux 2 support* 533
- *New AWS Solutions Consulting Offer - Ubertas Consulting Foundations for AWS Well-Architected.....* 533
- *New AWS Solutions Consulting Offer - Centricity Secure Workplace for Government.....* 534
- *AWS Ground Station launches new antenna location in Hawaii, USA* 534
- *Amazon ECS Capacity Providers Now Support Update Functionality.....* 534
- *Amazon ECS Cluster Auto Scaling now supports specifying a custom instance warm-up time* 535
- *PostgreSQL 13 now available in Amazon RDS Database preview environment.....* 535
- *AWS IoT Analytics now supports notifications for and reprocessing of late data* 535
- *Amazon CodeGuru Reviewer announces Code Maintainability Detector to help manage code complexities and technical debt* 536
- *Amazon Neptune releases graph notebook as an open-source project.....* 536
- *Managed Backup Retention for AWS CloudHSM* 536
- *Amazon CloudWatch Application Insights adds Automatic Application Discovery.....* 537

- *Amazon Lex adds language support for German and Latin American Spanish*..... 537
- *Announcing Modules for AWS CloudFormation*..... 537
- *AWS Toolkit for JetBrains IDEs Announces new features for SQS and CloudWatch Logs Insights* 538
- *Encrypt your data in AWS IoT SiteWise with your own encryption key*..... 538
- *AWS App2Container now supports authenticated Windows applications deployment to EKS and Custom AWS Profiles* 538
- *Amazon EventBridge adds Server-Side Encryption (SSE) and increases default quotas*..... 538
- *Introducing Location-Based Notifications Using Amazon Pinpoint*..... 539
- *Amazon Transcribe now supports Brazilian Portuguese, Japanese and Korean and 3 corresponding AWS regions for streaming transcription*..... 539
- *Amazon Cognito is now available in the South America (Sao Paulo) and US West (N. California) Regions*..... 539
- *Amazon RDS for Oracle now supports October 2020 Oracle Patch Set Updates (PSU) and Release Updates (RU), and allows setting database system events*..... 540
- *Amazon Translate now adds support for sixteen more languages and variants* 540
- *Amazon Transcribe Medical adds streaming transcription support for medical specialties: cardiology, oncology, neurology, radiology, and urology* 540
- *Amazon Braket now supports manual qubit allocation* 541
- *Amazon Elasticsearch Service announces support for Elasticsearch version 7.9* 541
- *Amazon CloudWatch Synthetics now supports canary scripts in Python with Selenium framework*..... 541
- *Amazon Simple Email Service is now available in the Middle East (Bahrain) Region* 542
- *AWS Storage Gateway now supports IBM Spectrum Protect 8.1.10 on Tape Gateway* 542
- *Amazon Elasticsearch Service revamps Kibana security user interface while integrating with other features* 542
- *AWS Storage Gateway now supports IBM Spectrum Protect 8.1.10 on Tape Gateway* 543
- *AWS Lambda now supports Advanced Vector Extensions 2 (AVX2)*..... 543
- *AWS Single Sign-On enables attribute-based access control for workforce users to simplify permissions in AWS* 543
- *AWS Glue now supports workload partitioning to further improve the reliability of Spark applications* 544
- *AWS Secrets Manager now supports 5000 requests per second for the GetSecretValue API operation* 544
- *Amazon FSx for Lustre now enables you to grow storage on your file systems with the click of a button* 544
- *Amazon Elasticsearch Service adds Gantt charts for visualizing events, steps and tasks* 545
- *Amazon FSx for Lustre now enables you to grow storage on your file systems with the click of a button* 545
- *Introducing Amazon Pinpoint Preference Center* 545
- *AWS Config now supports organization-wide resource data aggregation in a delegated administrator account*..... 546
- *AWS Step Functions now supports Synchronous Express Workflows*..... 546
- *Amazon Elasticsearch Service announces support for Remote Reindex*..... 547
- *AWS announces the launch of Amazon Comprehend Events*..... 547

- *Amazon Elasticsearch Service now supports anomaly detection for high cardinality datasets* 547
- *Amazon Connect Chat now supports interactive messages* 548
- *Amazon Elasticsearch Service introduces Piped Processing Language (PPL)* 548
- *AWS Lambda now supports batch windows of up to 5 minutes for functions with Amazon SQS as an event source* 549
- *Amazon ECS adds support for P4d instance types* 549
- *Amazon RDS Performance Insights supports an additional dimension to segment performance data on Amazon RDS for MySQL, Amazon Aurora with MySQL compatibility, and Amazon RDS for MariaDB* 549
- *Amazon RDS Performance Insights supports additional dimensions to segment performance data on Amazon RDS for PostgreSQL and Amazon Aurora with PostgreSQL compatibility* 550
- *Amazon Transcribe announces support for Ogg opus and FLAC encoded audio for streaming transcription* 550
- *Amazon ECS Cluster Auto Scaling now offers more responsive scaling* 550
- *AWS Marketplace launches self-service tool for sellers to update their AMI products* 550
- *Introducing Amazon Managed Workflows for Apache Airflow (MWAA)* 551
- *Amazon RDS for SQL Server now supports the Business Intelligence Suite on SQL Server 2019* 551
- *AWS Storage Gateway achieves FedRAMP compliance* 551
- *AWS Database Migration Service now supports Aurora PostgreSQL Serverless as a target* 552
- *Amazon Polly NTTS voices now available in AWS GovCloud (US-West)* 552
- *AWS Single Sign-On enables administrators to require users to set up MFA devices during sign-in* 552
- *Third-party software built for Amazon S3 is now available in the Amazon S3 Management Console, powered by AWS Marketplace* 553
- *Amazon AppFlow expands integrations with ServiceNow* 553
- *AWS CodeArtifact now supports NuGet* 553
- *Amazon CloudWatch Synthetics launches enhancements for API monitoring* 554
- *AWS Client VPN adds support in additional Regions* 554
- *AWS Snowball is now available in the AWS Africa (Cape Town) Region* 554
- *AWS Security Hub integrates with AWS Organizations for simplified security posture management* 555
- *AWS License Manager allows enforcing licensing rules with shared AMIs across multiple AWS accounts* 555
- *Amazon EC2 Fleet and Spot Fleet now integrate with Amazon EventBridge for easier operations and monitoring* 556
- *AWS Systems Manager now supports Amazon Virtual Private Cloud (Amazon VPC) endpoint policies* 556
- *Amazon EC2 Auto Scaling now supports attaching multiple network interfaces at launch* 556
- *Amazon SageMaker Studio is now expanded to AWS regions worldwide* 557
- *You now can use a SQL-compatible query language to query, insert, update, and delete table data in Amazon DynamoDB* 557
- *Now you can use Amazon Kinesis Data Streams to capture item-level changes in your Amazon DynamoDB tables* 557

- *You now can restore Amazon DynamoDB tables even faster when recovering from data loss or corruption* 558
- *Amazon CloudWatch Container Insights now available in AWS GovCloud (US) Regions*..... 558
- *Amazon DocumentDB (with MongoDB compatibility) is now available in AWS China (Ningxia) Region, Operated by NWCD* 558
- *Announcing Code Signing, a trust and integrity control for AWS Lambda*..... 559
- *AWS Pricing Calculator now supports Amazon DynamoDB* 559
- *AWS Copilot CLI is now Generally Available* 559
- *Amazon MSK now offers consumer lag metrics and select topic-level metrics for free* 560
- *Amazon Translate announces the General Availability of Active Custom Translation - ACT* 560
- *Amazon Connect adds additional call attributes to improve fraud detection and routing* 561
- *Amazon CloudWatch Application Insights adds Java Application Monitoring*..... 561
- *Amazon EventBridge announces improved resource policies for event buses* 561
- *Amazon CodeGuru Reviewer announces tag support to better organize resources* 562
- *AWS IoT SiteWise now allows ingestion of data that is up to 7 days old*..... 562
- *Amazon WorkDocs now supports Dark Mode on Android* 562
- *AWS Cloud Map now supports FIPS 140-2 compliant endpoints* 563
- *Amazon DocumentDB (with MongoDB compatibility) is now available in the South America (Sao Paulo) region*..... 563
- *NICE EnginFrame releases version 2020.0 with refreshed UI and support for DCV session manager* 563
- *Amazon Kinesis Data Analytics now supports Apache Flink v1.11*..... 564
- *AWS Single Sign-On adds Web Authentication (WebAuthn) support for user authentication with security keys and built-in biometric authenticators*
564
- *AWS Announcing Windows Server version 20H2 AMIs for Amazon EC2*..... 564
- *Control the evolution of data streams using the AWS Glue Schema Registry*..... 565
- *Amazon EC2 M6g, C6g and R6g instances powered by AWS Graviton2 processors are now available in Europe(London) and Canada(Central) regions*
565
- *Introducing the AWS Network Firewall - a new managed service to deploy network security across your Amazon VPCs with just a few clicks* 565
- *Amazon Kinesis Data Analytics now supports the Apache Flink Dashboard*..... 566
- *Announcing context management on Amazon Lex*..... 566
- *Amazon QuickSight launches persistence and cross dataset filters* 567
- *AWS Backup and AWS Organizations bring cross-account backup feature*..... 567
- *Introducing Real-Time Live Sports Updates Using AWS AppSync* 567
- *Amazon Chime SDK now supports enhanced audio and video features including Amazon Voice Focus* 568
- *AWS Managed Microsoft AD adds automated multi-region replication* 568

- *Amazon Honeycode supports single sign-on with popular identity providers* 568
- *Amazon EC2 Inf1 instances based on AWS Inferentia now available in 6 additional regions* 569
- *Amazon Cognito is now available in the Europe (Stockholm) and Europe (Paris) Regions* 569
- *Amazon Textract now supports AWS Key Management Service* 569
- *AWS Identity and Access Management introduces new policy defaults for IAM user passwords* 570
- *Amazon EC2 Auto Scaling announces support for multiple launch templates for Auto Scaling groups* 570
- *Amazon Athena is now available in the AWS Africa (Cape Town) region* 570
- *Amazon Connect now supports Amazon Lex chatbots for French, Spanish, Italian and Canadian French* 570
- *Amazon EC2 Fleet now supports deleting instant type fleets* 571
- *AWS IoT Greengrass is now available in AWS GovCloud (US-East) Region* 571
- *AWS ParallelCluster 2.10* 571
- *Amazon Connect launches API to configure user hierarchies programmatically* 572
- *AWS IQ launches new functionality to support firms* 572
- *AWS Snowcone is now available in the AWS Europe (Frankfurt) Region* 572
- *AWS Database Migration Service now supports C5, R5 and T3 instance types* 573
- *Amazon RDS Performance Insights Supports SQL-level Metrics on Amazon RDS for PostgreSQL* 573
- *Amazon CloudWatch Synthetics now supports custom browser launch settings* 573
- *AWS CloudFormation change sets now support nested stacks* 574
- *Amazon RDS on VMware Adds Support for Cross-Custom-Availability-Zone Read Replicas* 574
- *Amazon Chime SDK now supports public switched telephone network (PSTN) audio* 574
- *AWS Firewall Manager now supports centralized management of AWS Network Firewall* 575
- *Amazon MSK customers can now use Cruise Control to more easily scale and balance resource utilization within clusters* 575
- *Amazon S3 Storage Lens delivers organization-wide visibility into object storage usage and activity trends* 576
- *Amazon Elasticsearch Service adds support for hot reload of dictionary files* 576
- *Now customize the idle session timeout value and stream session logs to Amazon CloudWatch Logs for Session Manager* 576
- *Pause and Resume Workloads on T3 and T3a Instances with Amazon EC2 Hibernation* 577
- *AWS Step Functions now supports Amazon API Gateway service integration* 577
- *AWS Migration Hub now includes network visualization to simplify and accelerate migration planning* 577
- *Announcing new features for AWS IoT SiteWise* 578
- *AWS Global Accelerator launches a new Edge location in Thailand* 578
- *Introducing Video On Demand on AWS Foundation* 578
- *AWS KMS - based Encryption is Now Available in Amazon SageMaker Studio* 578

- *Move database migration tasks from one replication instance to another* 579
- *AWS Launch Wizard now enables customers to further automate SAP deployments with pre and post-deployment configuration scripts*..... 579
- *AWS Partners: Learn how to engage customers in ML and AI opportunities!* 579
- *AWS Trusted Advisor enables multi-account reporting of best practice recommendations with AWS Organizations* 580
- *Amazon ECS extensions for AWS CDK is now generally available* 580
- *Customers can now use AWS Service Catalog stack import to add governance to their existing AWS CloudFormation stacks* 580
- *Amazon CloudFront launches in Thailand* 581
- *Amazon Aurora PostgreSQL Patches 1.7.6 / 2.5.6 / 3.2.6 now available*..... 581
- *Join the Final Lap of the 2020 DeepRacer League at AWS re:Invent 2020*..... 581
- *Introducing Machine to Cloud Connectivity Framework v2.1* 582
- *Amazon Textract supports handwriting and five new languages* 582
- *Amazon Augmented AI is now a HIPAA eligible service* 583
- *Amazon SageMaker Studio now supports multi-GPU instances* 583
- *Announcing protection groups for AWS Shield Advanced*..... 583
- *AWS X-Ray now supports trace context propagation for Amazon Simple Storage Service (S3)* 584
- *Amazon CloudWatch Synthetics now supports Environment Variables*..... 584
- *New AWS Solutions Consulting Offer - Open Banking Enablement Service* 584
- *Amazon Kendra adds user tokens for secure search* 585
- *The AWS CDK EKS Construct Library is Now Available as a Developer Preview and Adds Support for cdk8s* 585
- *AWS IoT Device Management enhances Secure Tunneling with new multiplexing capability, supporting multiple connections to a single device over a secure tunnel*..... 585
- *AWS Step Functions now supports Amazon EKS service integration* 586
- *Network Load Balancer now supports IPv6*..... 586
- *Amazon QuickSight launches new Chart Types, Table Improvements and more*..... 586
- *Amazon QuickSight now supports Column Level Security, Column Descriptions, and a new Oracle Connector* 587
- *Amazon Kinesis Video Streams WebRTC SDK in C now supports client metrics* 587
- *Amazon Athena announces availability of engine version 2* 588
- *Amazon Neptune now supports custom endpoints to access your workload* 588
- *Amazon Athena adds support for running SQL queries across relational, non-relational, object, and custom data sources*..... 588
- *Announcing Amazon Lightsail Containers, an easy way to run containerized applications on the cloud* 588
- *Apply your business rules to Amazon Personalize recommendations on the fly* 589
- *Amazon VPC CNI plugin version 1.7 now default for Amazon EKS clusters*..... 589

- *Amazon EBS direct APIs for Snapshots now supports FIPS 140-2 compliant endpoints in the US Commercial and Canada (Central) AWS Regions* 589
- *AWS Lambda now makes it easier to send logs to custom destinations*..... 590
- *AWS Managed Services (AMS) is now available in the AWS Europe (Paris) Region* 590
- *Amazon Connect now supports Olivia, Amazon Polly’s latest conversational text-to-speech voice*..... 590
- *New AWS Solutions Consulting Offer - Atlassian Managed Hosting*..... 591
- *Updated digital course: AWS Cloud Practitioner Essentials* 591
- *Automated ABR (Adaptive Bit Rate) Configuration now available in AWS Elemental MediaConvert* 591
- *AWS RoboMaker now supports tag-on-create for 3D simulation worlds* 592
- *Amazon Polly launches a new Australian English neural text-to-speech voice*..... 592
- *Amazon Lex adds language support for French, Spanish, Italian and Canadian French* 592
- *Amazon Aurora now supports T3 and R5 instance types in AWS GovCloud (US) Regions* 593
- *AWS CodePipeline Source Action for AWS CodeCommit Supports git clone* 593
- *AWS Amplify Hosting is now generally available in the Europe (Milan), Middle East (Bahrain), and Asia Pacific (Hong Kong) regions*..... 593
- *AWS Systems Manager Explorer now provides a multi-account, multi-region summary of AWS Config compliance*..... 594
- *Automatic backups for Amazon Elastic File System using AWS Backup is now available in AWS Europe (Milan) and AWS Africa (Cape Town) regions*
594
- *Amazon Redshift announces support for TIME and TIMETZ data types* 594
- *New self-paced courses for security and IoT on edX and Coursera* 595
- *Announcing a new digital curriculum: Break Free of Legacy Databases*..... 595
- *Amazon Neptune now supports Event notifications* 595
- *AWS Elemental Link adds features and service regions* 596
- *Simplified Amazon Elastic File System management console now available in AWS Europe (Milan), AWS Africa (Cape Town) and AWS China regions*
596
- *Amazon Redshift announces automatic refresh and query rewrite for materialized views*..... 596
- *New Amazon S3 console improves upload speed, simplifies common tasks, and makes it even easier to manage storage* 597
- *Introducing AWS Gateway Load Balancer* 597
- *FreeRTOS now includes IoT and AWS libraries optimized for memory usage and modularity*..... 598
- *NICE DCV releases version 2020.2 with new session manager and performance enhancements for high frame rate interactive workloads* 598
- *Amazon Aurora increases maximum storage size to 128TB in AWS GovCloud (US) Regions* 599
- *AWS AppSync Now Available in Asia Pacific (Hong Kong), Middle East (Bahrain) and China (Ningxia)* 599
- *Memcached 1.6.6 now available on Amazon ElastiCache* 599
- *AWS Lake Formation is now available in AWS GovCloud (US-West) Region* 599

- *Introducing AWS Glue DataBrew: Visual data preparation tool to clean and normalize data up to 80% faster* 600
- *Announcing new AWS Wavelength Zones in Dallas and Miami*..... 600
- *Amazon Polly launches a British English Newscaster speaking Style* 600
- *New – Deep Dive with Security: AWS Identity and Access Management (IAM)* 601
- *AWS Managed Services (AMS) now offers Infrastructure Auto-Tagging functionality*..... 601
- *Now privately connect to AWS Database Migration Service from Amazon Virtual Private Cloud*..... 601
- *AWS DeepComposer launches new learning capsule on sequence modeling and Transformers* 601
- *Amazon S3 Object Ownership is now generally available with AWS CloudFormation support* 602
- *AWS announces 40% price reduction for Amazon Elastic Block Store (EBS) Cold HDD (sc1) volumes* 602
- *Amazon DocumentDB (with MongoDB compatibility) adds support for MongoDB 4.0 and transactions*..... 602
- *AWS Storage Gateway increases local storage cache by 4x for Tape and Volume Gateway* 603
- *AWS App Mesh introduces circuit breaker capabilities*..... 603
- *Announcing AWS DeepComposer’s next Chartbusters challenge, Keep Calm and Model On*..... 603
- *AWS Snowball Edge now supports Windows operating systems*..... 604
- *AMI Lifecycle Management now available with Data Lifecycle Manager* 604
- *AWS DeepComposer adds new Transformers algorithm that allows developers to extend an input melody* 605
- *Amazon ECS now supports the use of Amazon FSx for persistent, shared storage for Windows containers*..... 605
- *AWS Storage Gateway enhances security by introducing access-based enumeration for File Gateway*..... 605
- *AWS Snowball Edge now supports importing virtual machine images to your deployed Snow devices*..... 606
- *AWS Storage Gateway simplifies in-cloud processing by adding file-level upload notifications for File Gateway* 606
- *AWS Backup extends centralized backup management support to Amazon FSx* 606
- *Amazon Keyspaces now helps you update and store common data between multiple rows efficiently by using static columns* 607
- *Amazon S3 Intelligent-Tiering adds Archive Access Tiers — further optimizes storage costs*..... 607
- *You can now adjust the network bandwidth used by a running AWS DataSync task* 607
- *Quickly create Amazon EFS file systems from the EC2 Launch Instance Wizard*..... 608
- *AWS DataSync announces fully automated transfers between AWS Storage services*..... 608
- *Amazon FSx for Lustre now supports storage quotas* 608
- *Amazon Aurora Global Database Expands Manageability Capabilities*..... 609
- *AWS Data Exchange introduces Private Products*..... 609
- *AWS Transfer Family now supports shared services VPC environments* 609
- *Announcing AWS App Mesh Controller for Kubernetes Version 1.2.0*..... 610
- *Amazon CodeGuru Profiler simplifies profiling for AWS Lambda functions*..... 610

- *AWS Data Exchange now supports private offer auto-renewals* 610
- *Amazon S3 Replication adds support for metrics and notifications* 611
- *AWS Database Migration Service now supports Amazon DocumentDB (with MongoDB 4.0 compatibility) as a target* 611
- *Amazon S3 Replication adds support for replicating delete markers*..... 611
- *AWS Storage Gateway adds schedule-based network bandwidth throttling for Tape and Volume Gateway* 612
- *Amazon FSx for Windows File Server Now Supports Access to File Systems Using Alternate DNS Names* 612
- *AWS Data Exchange now supports provider-controlled auto-renewal terms*..... 612
- *Now you can export your Amazon DynamoDB table data to your data lake in Amazon S3 to perform analytics at any scale*..... 613
- *Amazon WorkDocs adds support for managing the color theme in-app on iOS*..... 613
- *Amazon ECS now supports Internet Protocol Version 6 (IPv6) in awsvpc networking mode* 613
- *Amazon EventBridge introduces support for Event Replay* 614
- *Encrypt your Amazon DynamoDB global tables by using your own encryption keys*..... 614
- *IP Multicast on AWS Transit Gateway is now available in major AWS regions world wide*..... 614
- *Amazon Aurora with PostgreSQL Compatibility supports data import from Amazon S3 in AWS GovCloud (US) Regions*..... 615
- *Amazon Aurora now supports PostgreSQL versions 10.12 and 9.6.17 in AWS GovCloud (US) Regions*..... 615
- *Amazon Connect CTI Adapter for Salesforce now supports nine new languages* 615
- *Amazon Translate allows user to specify a part of the text to not be translated – Do Not Translate* 616
- *Amazon Fraud Detector launches ability to delete additional resource types in AWS Console and SDK* 616
- *Amazon Connect Discounts Toll-Free Phone Number Pricing for the United States* 616
- *AWS IoT SDK for Embedded C version 202011.00 now includes refactored coreHTTP, AWS IoT Device Defender, and AWS IoT Jobs libraries*..... 617
- *AWS Lambda now supports Amazon MQ for Apache ActiveMQ as an event source*..... 617
- *AWS Systems Manager Quick Setup now supports targeting a resource group*..... 618
- *Amazon Redshift announces Open Source JDBC and Python drivers* 618
- *AWS Systems Manager OpsCenter now integrates with Amazon CloudWatch for easier diagnosis and remediation of alarms* 618
- *New AWS Solutions Consulting Offer - Next-Generation Landing Zone* 619
- *AWS Client VPN now supports Client Connect Handler*..... 619
- *Amazon Connect has just reduced its 44th telephony rate this year* 619
- *Amazon EBS Fast Snapshot Restore (FSR) is now available in AWS GovCloud (US) Regions*..... 619
- *AWS Fargate for Amazon ECS launches features focused on configuration and metrics* 620
- *Amazon EMR service limits can now be managed through AWS Service Quotas* 620
- *Amazon SQS introduces new console experience in AWS GovCloud (US) regions*..... 620
- *Amazon Kendra adds Confluence Cloud connector*..... 621

- *Savings Plans Alerts now available in AWS Cost Management* 621
- *Amazon Elasticsearch Service now supports defining a custom name for your domain endpoint* 621
- *AWS Service Catalog now supports StackSet instance operations*..... 622
- *Announcing Amazon MQ for RabbitMQ* 622
- *Introducing EC2 Instance rebalance recommendation for EC2 Spot Instances*..... 622
- *AWS Client VPN announces self service portal to download VPN profiles and desktop applications* 623
- *Amazon CloudWatch launches Metrics Explorer*..... 623
- *Amazon Transcribe now supports German, Italian and 2 more AWS regions for streaming audio*..... 623
- *Introducing Document Understanding Solution*..... 624
- *AWS Security Hub adds five new integrations and a new consulting partner* 624
- *AWS Marketplace enables vendor-provided cost allocation tags, enhancing visibility into software costs for analysis, allocation, and optimization* . 625
- *AWS Launch Wizard now supports single-instance deployments of SQL Server on Windows and Linux*..... 625
- *Amazon Kinesis Data Streams enables data stream retention up to one year* 625
- *Amazon EC2 Auto Scaling, EC2 Fleet, and Spot Fleet announce Capacity Rebalancing for EC2 Spot Instances* 626
- *Amazon RDS Data API supports tag-based authorization*..... 626
- *Amazon EC2 On-Demand Capacity Reservations now supports AWS Wavelength Zones* 626
- *Amazon EventBridge is now available in AWS GovCloud (US) Regions*..... 627
- *Amazon RDS for SQL Server now supports Database Mail*..... 627
- *New AWS Solutions Consulting Offer - Antares Cloud Management*..... 627
- *Amazon Kendra now available in Asia-Pacific (Sydney) AWS region* 628
- *AWS IoT SiteWise now supports AWS CloudFormation* 628
- *Announcing AWS PrivateLink support for Amazon Braket*..... 628
- *Amazon Braket now supports resource tagging* 628
- *EFA Now Supports NVIDIA GPUDirect RDMA*..... 629
- *Announcing new Amazon EC2 P4d instances deployed in EC2 UltraClusters for highest performance ML training and HPC applications in the cloud* 629
- *AWS CodeArtifact now supports resource tagging* 630
- *Amazon Honeycode releases three new app templates that help teams manage work* 630
- *Introducing new visualization features in AWS IoT SiteWise: Status Charts, Scatter Plot and Trend lines*..... 630
- *Amazon GuardDuty now available in AWS GovCloud (US-East) Region* 631
- *AWS Database Migration Service now supports Amazon DocumentDB (with MongoDB compatibility) as a source* 631
- *Amazon Cognito User Pools enables easy quota management and usage tracking* 632
- *Amazon Chime SDK for JavaScript now enables meeting health monitoring and troubleshooting* 632

- *AWS Database Migration Service Now Supports Parallel Full Load for Amazon DocumentDB (with MongoDB compatibility) and MongoDB.....* 633
- *Application Load Balancers enables gRPC workloads with end to end HTTP/2 support* 633
- *Amazon Kendra achieves HIPAA eligibility* 633
- *New AWS Solutions Consulting Offer - Virtusa Desktop-as-a-Service (vDaaS).....* 634
- *Introducing new sizes for C5d instance in Asia Pacific (Mumbai), and for M5, M5d, R5, R5d instances in Asia Pacific (Hong Kong) regions.....* 634
- *AWS Server Migration Service now adds support for application monitoring using Amazon CloudWatch Application Insights* 634
- *Amazon SES now offers list and subscription management capabilities* 634
- *AWS Site-to-Site VPN now supports health notifications.....* 635
- *Customers can now use Jira Service Desk to track operational items related to AWS resources.....* 635
- *Simplify provisioning of compute resources with version 1.7 of the AWS Service Management Connector for Jira Service Desk.....* 635
- *AWS Service Catalog now provides One-Page Provisioning with a new console experience* 636
- *Amazon API Gateway now supports disabling the default REST API endpoint* 636
- *Amazon DocumentDB (with MongoDB compatibility) adds support for increased change stream retention and ability to watch change stream events on a database or the entire cluster* 636
- *Amazon Neptune now supports Apache TinkerPop 3.4.8 in the latest engine release* 637
- *Announcing General Availability of AWS Nitro Enclaves.....* 637
- *Announcing SSL/TLS certificates for Amazon EC2 instances with AWS Certificate Manager (ACM) for Nitro Enclaves* 637
- *Announcing the first technical course just for APN Technology Partners* 638
- *Amazon FSx is now available in AWS China (Beijing) Region, operated by Sinnet and AWS China (Ningxia) Region, operated by NWCD.....* 638
- *Amazon Elasticsearch Service adds native SAML Authentication for Kibana.....* 638
- *Introducing the AWS Activate Console - helping startups accelerate their growth and development* 639
- *Amazon QuickSight now available in the AWS GovCloud (US-West) Region* 639
- *Amazon Pinpoint is now available in Singapore (SIN) region.....* 640
- *Amazon Elasticsearch Service announces support for Elasticsearch version 7.8* 640
- *EC2 Image Builder now supports AMI distribution across AWS accounts.....* 640
- *Amazon Textract announces improvements to reduce average API processing times by up to 20%* 640
- *Now generally available – design and visualize Amazon Keyspaces data models more easily by using NoSQL Workbench.....* 641
- *New Amazon Neptune engine release now enforces a minimum version of TLS 1.2 and SSL client connections* 641
- *Amazon Rekognition Custom Labels makes it easier to import, search, and filter dataset label lists* 641
- *Amazon ElastiCache for Redis Global Datastore now available in 6 additional regions* 642
- *New digital course: Advanced Testing Practices using AWS DevOps Tools* 642
- *Announcing two new on-demand digital courses for Game Tech.....* 642

- *AWS Elemental MediaPackage expands Monitoring and Deployment Automation capabilities* 643
- *AWS Auto Scaling is now generally available in the AWS Africa (Cape Town) and AWS Europe (Milan) regions*..... 643
- *AWS IoT SiteWise launches support for VPC private links*..... 643
- *Amazon SageMaker Studio Notebooks now support custom images*..... 644
- *Amazon Kendra adds Confluence Server connector*..... 644
- *Amazon Aurora for PostgreSQL now supports Read Replicas for Amazon RDS for PostgreSQL in AWS GovCloud (US) Regions to simplify database migrations*..... 644
- *Now use AWS Systems Manager to view vulnerability identifiers for missing patches on your Linux instances*..... 645
- *Amazon Corretto 8u272, 11.0.9, 15.0.1 quarterly updates are now available* 645
- *AWS Fargate Spot for Amazon ECS is now supported in AWS CloudFormation*..... 645
- *Amazon AppFlow supports importing custom dimensions and metrics from Google Analytics to Amazon S3* 646
- *Amazon Redshift announces support for Lambda UDFs and enables tokenization* 646
- *AWS Shield now provides global and per-account event summaries to all AWS customers*..... 646
- *Amazon RDS for MySQL Supports Minor Version 8.0.21* 647
- *Introducing the AWS Load Balancer Controller*..... 647
- *Amazon EKS is now FedRAMP-Moderate compliant*..... 647
- *Amazon SNS now supports selecting the origination number when sending SMS messages*..... 648
- *AWS Copilot CLI launches v0.5 to let users deploy scheduled jobs and more* 648
- *AWS App Mesh supports cross account sharing of ACM Private Certificate Authority*..... 648
- *Amazon SNS introduces First-in-First-out (FIFO) topics with strict ordering and deduplication of messages*..... 649
- *AWS App Mesh increases default limits on several resources*..... 649
- *Amazon Redshift now supports the scheduling of SQL queries by integrating with Amazon EventBridge*..... 649
- *Amazon Relational Database Service (RDS) Snapshot Export to S3 available in additional regions*..... 650
- *Amazon RDS for Oracle supports managed disaster recovery (DR) with Oracle Data Guard physical standby database*..... 650
- *Amazon AppStream 2.0 adds a smaller instance size to the General Purpose instance family* 650
- *Amazon MQ now supports ActiveMQ version 5.15.13*..... 651
- *AWS CloudFormation now supports increased limits on five service quotas* 651
- *AWS Step Functions now supports Amazon Athena service integration*..... 651
- *Amazon SageMaker is now available in the Africa (Cape Town) and Europe (Milan) AWS regions* 651
- *Amazon Kendra now supports custom data sources* 652
- *Amazon CloudFront announces support for public key management through IAM user permissions for signed URLs and signed cookies*..... 652
- *CloudWatch Application Insights adds EBS volume and API Gateway metrics* 652

- *Amazon QLDB Go Driver is now generally available* 653
- *Now customize your Session Manager shell environment with configurable shell profiles* 653
- *AWS Security Hub is now available in the AWS China (Beijing) Region operated by Sinnet and in the AWS China (Ningxia) Region operated by NWCD*
653
- *Use existing Cognito User Pools & Identity Pools for your Amplify project* 654
- *Amazon MSK adds support for Apache Kafka version 2.6.0* 654
- *AWS App Mesh is now available in Europe (Milan) Region* 654
- *AWS Global Accelerator launches port overrides* 655
- *New AWS Solutions Consulting Offer - Jira Software Data Center Implementation* 655
- *Pause and Resume Workloads on I3, M5ad, and R5ad Instances with Amazon EC2 Hibernation* 655
- *Amazon Simple Email Service is now available in the US West (N. California), Europe (Paris), and Europe (Stockholm) Regions* 656
- *AWS Backup is now available in Cape Town and Milan* 656
- *Announcing AWS Distro for OpenTelemetry in Preview* 656
- *Amazon CloudWatch Logs Insights is now available in the Asia Pacific (Osaka-Local) Region* 657
- *Amazon Kinesis Data Analytics is now available in the US West (California) AWS region* 657
- *Amazon Connect launches agent connection time metrics* 657
- *AWS Systems Manager now allows filtering automation executions by applications or environments* 658
- *Announcing Amazon CloudFront Origin Shield* 658
- *Amazon Redshift now supports modifying column compression encodings to optimize storage utilization and query performance* 658
- *AWS Batch now supports Configurable Job Retries* 659
- *AWS Lambda now supports AWS PrivateLink* 659
- *Port forwarding sessions created using Session Manager now support multiple simultaneous connections* 659
- *Kinesis Client Library now enables multi-stream processing* 660
- *AWS IQ now provides integrated access logs for expert activity* 660
- *Amazon Connect supports “neural” Text-to-Speech voices in the London, Frankfurt, Singapore, and Tokyo regions* 660
- *AWS DataSync simplifies initial setup for online data transfers* 661
- *You now can manage access to Amazon Keyspaces by using temporary security credentials for the Python, Go, and Node.js Cassandra drivers* 661
- *Porting Assistant for .NET is now open source* 661
- *Amazon Textract is now available in the Asia Pacific (Seoul) and Canada (Central) Regions* 662
- *Amazon QuickSight adds support for on-sheet filter controls* 662
- *Amazon EMR now provides up to 35% lower cost and up to 15% improved performance for Spark workloads on Graviton2-based instances* 662
- *Resource Access Manager Support is now available on AWS Outposts* 663

- *AWS Systems Manager Patch Manager now provides a catalog of all patches for Amazon Linux* 663
- *AWS Launch Wizard now supports SAP HANA backups with AWS Backint Agent* 663
- *AWS Systems Manager now supports free-text search of runbooks* 664
- *Amazon Rekognition now detects Personal Protective Equipment (PPE) such as face covers, head covers, and hand covers on persons in images*.... 664
- *AWS Glue crawlers now support Amazon DocumentDB (with MongoDB compatibility) and MongoDB collections*..... 665
- *Amazon Aurora enables dynamic resizing for database storage space*..... 665
- *Amazon RDS for PostgreSQL supports concurrent major version upgrades of read replicas*..... 665
- *New course for Amazon Elastic Kubernetes Service (Amazon EKS)*..... 665
- *AWS Purchase Order Management is now generally available* 666
- *AWS Glue Streaming ETL jobs support reading records in the Apache Avro format*..... 666
- *Amazon Connect now supports one click drill downs for real-time metrics*..... 666
- *AWS IAM Access Analyzer now supports archive rules for existing findings*..... 667
- *Announcing AWS Budgets Actions* 667
- *Amazon CloudWatch Synthetics launches Recorder to generate user flow scripts for canaries*..... 667
- *Announcing AWS Budgets price reduction* 668
- *New AWS Solutions Consulting Offer - Jira Service Desk Data Center Implementation*..... 668
- *Announcing cross-database queries for Amazon Redshift (preview)*..... 668
- *Achieve up to 52% better price/performance with Amazon RDS using new Graviton2 instances* 669
- *AWS End of Support Migration Program for Windows Server now available as a self-serve solution for customers*..... 669
- *Fluent Bit supports Amazon S3 as a destination to route container logs*..... 669
- *New AWS Solutions Consulting Offer - Infosys Data Testing Workbench* 670
- *AWS Glue supports reading from self-managed Apache Kafka* 670
- *AWS Elemental MediaLive Statmux adds MPEG2 support and other features*..... 670
- *Database Activity Streams for Amazon Aurora is available in four additional regions*..... 671
- *Announcing new digital curriculum: Moving to Managed Databases on AWS* 671
- *Amazon EKS now supports Kubernetes version 1.18*..... 671
- *Amazon Rekognition adds support for six new content moderation categories*..... 672
- *CloudWatch Application Insights offers new, improved user interface* 672
- *Easily restore an Amazon RDS for MySQL database from your MySQL 8.0 backup*..... 673
- *Amazon Transcribe announces support for AWS PrivateLink for Batch APIs* 673
- *Amazon EMR integration with AWS Lake Formation is now generally available* 673

- *Amazon Personalize announces improvements that reduce model training time by up to 40% and latency for generating recommendations by up to 30%* 674
- *Amazon Connect supports Amazon Lex bots with US Spanish* 674
- *Amazon Rekognition Custom Labels now guides customers to fix dataset related errors, enabling faster creation of a high quality custom inference API* 674
- *AWS Cloud Map simplifies service discovery with optional parameters* 675
- *Amazon EventBridge announces support for Dead Letter Queues* 675
- *New AWS Public Datasets Available from Massachusetts Institute of Technology, the First Street Foundation, Ookla, and others* 675
- *AWS Lake Formation now supports cross account database sharing* 676
- *Amazon Inspector has expanded operating system support for Red Hat Enterprise Linux (RHEL) 8, Ubuntu 20.04 LTS, Debian 10, and Windows Server 2019* 676
- *Amazon Kinesis Data Analytics now supports Force Stop and a new Autoscaling status* 676
- *Amazon SageMaker Studio is now available in the Europe (Frankfurt) AWS region* 677
- *AWS Lambda Extensions: a new way to integrate Lambda with operational tools (in preview)* 677
- *AWS CodeArtifact now supports AWS CloudFormation* 677
- *Amazon Connect chat now provides automation and personalization capabilities with whisper flows* 678
- *AWS Glue Streaming ETL jobs support schema detection and evolution* 678
- *AWS Cost Categories now supports hierarchies and status tracking* 678
- *Announcing Amazon CloudWatch Lambda Insights (preview)* 679
- *Amazon ElastiCache now supports M6g and R6g Graviton2-based instances* 679
- *Amazon EMR now supports placing your EMR master nodes in distinct racks to reduce risk of simultaneous failure* 679
- *AWS Compute Optimizer enhances EC2 instance type recommendations with Amazon EBS metrics* 680
- *Amazon ElastiCache on Outposts is now available* 680
- *AWS IoT SiteWise is now available in Asia Pacific (Singapore) and Asia Pacific (Sydney) AWS regions* 680
- *AWS OpsWorks for Configuration Management now supports new version of Chef Automate* 681
- *AWS Security Hub launches a new user interface for security standards* 681
- *AWS Elastic Beanstalk Adds Support for Running Multi-Container Applications on AL2 based Docker Platform* 681
- *Apache Flink Kinesis Consumer supports EFO and HTTP/2 data retrieval* 682
- *AWS Database Migration Service Now Supports Transaction Commit Date Partitioning in CDC Mode When Using Amazon S3 as a Target* 682
- *Protect Your AWS Compute Optimizer Recommendation Data with customer master keys (CMKs) Stored in AWS Key Management Service* 683
- *Amazon SageMaker Price Reductions – Up to 18% for ml.P3 and ml.P2 instances* 683
- *New digital course on Trailhead: AWS Cloud for Technical Professionals* 683

- *Support for Nielsen non-linear audio watermarking is now available with AWS Elemental MediaConvert*..... 683
- *CodeGuru Profiler now supports resource tagging* 684
- *Amazon ElastiCache for Redis adds support for Redis 6 with managed Role-Based Access Control (RBAC)* 684
- *Manage access to AWS centrally for Ping Identity users with AWS Single Sign-On*..... 684
- *AWS Batch introduces tag-based access control* 685
- *Amazon WorkDocs now supports Dark Mode on iOS* 685
- *AWS Client VPN is now available in the South America (Sao Paulo) Region* 685
- *InSync FrameFormer frame rate conversion now available with AWS Elemental MediaConvert*..... 686
- *Amazon EBS CSI driver now supports AWS Outposts* 686
- *Amazon Connect launches user access controls for contact search using Agent Hierarchy to easily protect sensitive data and maintain compliance* 686
- *Applications using Amazon SNS to send SMS can now be hosted in Europe (London) and Canada (Central) regions* 687
- *New Amazon Builders' Library Article: Avoiding overload in distributed systems by putting the smaller service in control* 687
- *Amazon CloudWatch Synthetics now supports prebuilt canary monitoring dashboard* 687
- *Now launch Amazon SageMaker Studio in your Amazon Virtual Private Cloud (VPC)*..... 688
- *Introducing Distributed Load Testing v1.1* 688
- *Amazon Lumberyard Beta 1.26 now available*..... 688
- *Applications using Amazon SNS to send SMS can now be hosted in five new regions*..... 689
- *Amazon EC2 G4dn Bare Metal Instances with NVIDIA T4 Tensor Core GPUs, now available in 15 additional regions* 689
- *Amazon DynamoDB global tables are now available in the Europe (Milan) and Europe (Stockholm) Regions*..... 689
- *Introducing the redesigned AWS Architecture Center*..... 690
- *Amazon AppFlow supports new options for updating records* 690
- *Amazon AppFlow supports new options for schedule triggered flows*..... 691
- *Amazon Connect supports Amazon Lex bots using the Australian English dialect* 691
- *Amazon EKS now supports configurable Kubernetes service IP address range* 691
- *Amazon Connect supports Amazon Lex bots using the British English dialect*..... 692
- *Amazon Kinesis Data Analytics for Java is now Amazon Kinesis Data Analytics for Apache Flink* 692
- *Amazon Connect now supports Amazon Lex in the Asia Pacific (Tokyo) Region*..... 692
- *Employee onboarding app template now available for Amazon Honeycode* 693
- *AWS and Grafana Labs launch AWS X-Ray data source plugin*..... 693
- *You now can design and visualize Amazon Keyspaces data models more easily by using NoSQL Workbench*..... 693
- *AWS Lake Formation now supports Active Directory and SAML providers for Amazon Athena* 694

- *Amazon EKS Adds Fargate Support in Northern California, Canada, São Paulo, London, Paris, Stockholm, Bahrain, Mumbai, Seoul, and Hong Kong AWS Regions* 694
- *Simplify data management in Amazon Personalize with new APIs* 694
- *Amazon Redshift announces support for HyperLogLog Sketches*..... 695
- *Amazon S3 Object Ownership is available to enable bucket owners to automatically assume ownership of objects uploaded to their buckets*..... 695
- *AWS Config adds 15 new sample conformance pack templates and introduces simplified setup experience for conformance packs* 696
- *Amazon CloudWatch Logs now supports two subscription filters per log group* 696
- *AWS Transfer Family supports FIPS 140-2 compliant endpoints in AWS GovCloud (US) Regions* 696
- *Amazon MSK launches new education classes and labs* 697
- *Amazon EKS now supports the Los Angeles AWS Local Zones* 697
- *AWS Batch now supports Custom Logging Configurations, Swap Space, and Shared Memory* 697
- *AWS Security Hub achieves FedRAMP Moderate authorization* 698
- *AWS Secrets Manager receives DoD Impact Level 4 and 5 authorization*..... 698
- *Announcing general availability of waiters in the AWS SDK for Java 2.x* 698
- *AWS Snowball is now available in the AWS Europe (Milan) Region* 699
- *Now author AWS Systems Manager Automation runbooks using Visual Studio Code* 699
- *AWS DeepRacer announces new Community Races updates* 700
- *AWS CloudFormation Drift Detection now supports CloudFormation Registry resource types* 700
- *vCPU-based Spot Instance Limits are Now Available in Amazon EC2* 700
- *Increased availability for AWS Certification exam online proctoring*..... 701
- *Amazon WorkSpaces introduces sharing images across accounts* 701
- *Amazon MQ is now available in the Europe (Milan) region*..... 701
- *Amazon ECS extensions for AWS Cloud Development Kit now available as a Developer Preview* 701
- *AWS CloudFormation Guard – an open-source CLI for infrastructure compliance – is now generally available* 702
- *AWS AppSync adds support for AWS WAF*..... 702
- *Amazon Rekognition Custom Labels now enables creating a single inference API to find diverse objects and scenes in images with high accuracy*... 702
- *IP Multicast on AWS Transit Gateway is now available in Asia Pacific (Singapore) and AWS GovCloud (US) Regions*..... 703
- *AWS Marketplace launches Geo-Fencing to allow sellers to control availability by country*..... 703
- *Amazon SageMaker Autopilot now Creates Machine Learning Models up to 40% Faster with up to 200% Higher Accuracy* 703
- *Amazon S3 on Outposts is now generally available, expanding object storage to on-premises environments*..... 704
- *Reserved outbound bandwidth now available for AWS Elemental MediaConnect*..... 704
- *AWS Centralized WAF and VPC Security Group Management Solution is Generally Available* 704

- *AWS Marketplace enables ISV self-service authorization of Consulting Partners*..... 705
- *AWS Security Hub adds five new partners* 705
- *Amazon Connect decreases outbound telephony rates up to 50% in Asia Pacific* 706
- *AWS Transfer Family is now available in AWS GovCloud (US) Regions*..... 706
- *Amazon MSK can now automatically expand cluster storage* 706
- *AWS CRT HTTP Client in the AWS SDK for Java 2.x*..... 706
- *Amazon QLDB Launches Index Improvements* 707
- *Amazon EC2 On-Demand Capacity Reservations are now available in the AWS Local Zones in Los Angeles* 707
- *AWS Certificate Manager Private Certificate Authority is now available in the AWS Europe (Milan) and AWS Africa (Cape Town) regions* 707
- *Amazon Timestream is now Generally Available* 708
- *AWS IoT Core Adds the Ability to Stream Time-series Data to Amazon Timestream*..... 708
- *Introducing the new AWS Digital Workplace Competency* 708
- *AWS CodePipeline now Supports GitHub Enterprise Server* 709
- *Amazon MSK adds supports for Apache Kafka version 2.5.1* 709
- *AWS CodePipeline now Supports git clone for Source Actions*..... 709
- *AWS Resource Groups is now available in the AWS China (Beijing) Region, Operated by Sinnet, and the AWS China (Ningxia) Region, Operated by NWCD*..... 710
- *Amazon SageMaker Processing now supports built-in Spark containers for big data processing* 710
- *AWS Client VPN now supports client to client connectivity*..... 710
- *Amazon Pinpoint launches Event-Triggered Journeys*..... 711
- *Amazon Textract supports customer S3 buckets*..... 711
- *Amazon Braket now offers D-Wave’s Advantage quantum system for quantum annealing*..... 711
- *Amazon EventBridge Schema Registry announces support for JSON Schema* 712
- *Amazon EFS integrates with AWS Systems Manager to simplify management of Amazon EFS clients*..... 712
- *Japanese Sellers, Consulting Partners, and Data Providers Now Available in AWS Marketplace and AWS Data Exchange* 712
- *AWS Marketplace launches Discovery API, making it easier to discover relevant third-party software and data products* 713
- *Amazon CloudFront launches in two new countries - Mexico and New Zealand*..... 713
- *AWS Launch Wizard now supports SQL Server Always On deployments on Linux*..... 713
- *Amazon Connect decreases International telephony rates for customers in North America* 714
- *AWS CodeBuild is now available in the Europe (Milan) Region* 714
- *Amazon RDS for SQL Server Now Supports High Availability in AWS US West (Northern California) Region* 714
- *Now it's even easier to connect JetBrains IDEs to Amazon RDS or Redshift Databases*..... 715

- *Amazon ElastiCache is now available in the AWS Local Zones in Los Angeles (LA)*..... 715
- *AWS Launch Wizard now supports SAP deployments with Red Hat Enterprise Linux Version 8.1* 715
- *Introducing AWS Cost Anomaly Detection (Preview)* 716
- *AWS Copilot CLI launches v0.4 focused on autoscaling and operations* 716
- *Amazon Aurora PostgreSQL Supports pglogical Extension* 716
- *Amazon Textract has improved accuracy of detecting currency symbols, key value pairs and checkboxes* 717
- *Amazon Elasticsearch Service now offers T3 Instances*..... 717
- *New courses for AWS Partners: governance, data analytics, migration, and IoT*..... 717
- *Amazon CloudWatch Synthetics strengthens end-to-end canary run debugging with X-Ray traces*..... 718
- *Amazon Connect decreases outbound telephony rates for the second time this year in Europe*..... 718
- *Amazon ECS is now available in the Los Angeles AWS Local Zones* 718
- *Amazon Transcribe adds support for AMR, Ogg and WebM file formats* 719
- *Announcing the General Availability of Amazon Corretto 15* 719
- *Amazon RDS for PostgreSQL supports new Minor Versions 12.4, 11.9, 10.14, 9.6.19, and 9.5.23* 719
- *Queuing purchases of Savings Plans* 720
- *Amazon Redshift Spectrum adds support for querying open source Apache Hudi and Delta Lake* 720
- *Amazon EC2 Inf1 instances based on AWS Inferentia now available in Europe (Paris), Asia Pacific (Mumbai, Singapore) and South America (São Paulo) Regions*..... 720
- *Amazon Aurora Increases Maximum Storage Size to 128TB* 721
- *AWS Lake Formation is now available in the Europe (Milan) region* 721
- *You now can restore Amazon DynamoDB table backups as new tables in the Africa (Cape Town), Asia Pacific (Hong Kong), Europe (Milan), and Middle East (Bahrain) Regions*..... 721
- *New course on Coursera and edX: Building Modern Applications on AWS*..... 721
- *Announcing AWS Glue Studio: Visual job authoring and advanced monitoring for AWS Glue*..... 722
- *AWS Ground Station is now available in the Africa (Cape Town) Region*..... 722
- *AWS Security Hub adds 14 new controls to AWS Foundational Security Best Practices standard*..... 722
- *Amazon RDS M6g and R6g instance types, powered by AWS Graviton2 processors: In preview and now supported on more database versions* 723
- *AWS Backup supports application-consistent backups of Microsoft workloads on EC2* 723
- *Announcing New CloudWatch Metrics for Capacity Monitoring on AWS Outposts* 723
- *Amazon DocumentDB (with MongoDB compatibility) adds the \$out aggregation stage and increases the maximum number of connections and cursors*..... 724
- *Amazon Lex now offers language support for US Spanish* 724

- *Now available AWS SSO credential profile support in the AWS Toolkit for JetBrains IDEs* 724
- *Amazon EC2 C5a instances now available in South America (Sao Paulo) region*..... 725
- *Announcing new AWS Wavelength Zones in Atlanta, New York City, and Washington DC*..... 725
- *Usability Improvements for AWS Management Console now available* 725
- *Amazon Comprehend now supports Amazon Sagemaker GroundTruth training datasets for custom model training*..... 726
- *AWS Fargate increases default resource count service quotas*..... 726
- *Introducing AWS Perspective* 726
- *Amazon WorkSpaces releases self-guided workshop to deploy the End User Computing dashboard*..... 727
- *Amazon AppStream 2.0 releases self-guided workshop to deploy the End User Computing dashboard*..... 727
- *View patch compliance findings across AWS accounts in AWS Security Hub* 727
- *Announcing event logging and self-upgrade capabilities in SSM Agent, with new version 3.0*..... 728
- *AWS CloudFormation now supports StackSets Resource Type in the CloudFormation Registry*..... 728
- *Amazon MSK now supports SASL/SCRAM authentication with usernames and passwords secured by AWS Secrets Manager* 728
- *Amazon Aurora PostgreSQL Patches 2.5.4 / 2.6.1 / 3.2.4 / 3.3.1 now generally available*..... 729
- *AWS Secrets Manager has been OSPAR assessed and approved*..... 729
- *Amazon AppFlow now supports AWS CloudFormation*..... 730
- *Amazon CloudWatch Agent is now Open Source and included with Amazon Linux 2* 730
- *Amazon EKS is now available in the AWS US West (N. California) Region*..... 730
- *Amazon Kendra now supports custom tags for FAQs* 731
- *AWS IoT Greengrass introduces System Health Telemetry, adds new Stream Manager features, and support for Python 3.8*..... 731
- *Amazon Pinpoint now supports up to 250 attributes per endpoint* 731
- *AWS CodeCommit is now available in the EU (Milan) region*..... 732
- *Host Recovery for Amazon EC2 Dedicated Hosts is now available in the AWS South Africa (Cape Town) and AWS Europe (Milan) regions* 732
- *Amazon RDS for SQL Server Now Supports SQL Server Reporting Services (SSRS) on SQL Server 2016* 732
- *Amazon Comprehend now helps you mask personally identifiable information from text documents*..... 733
- *Amazon API Gateway now supports mutual TLS authentication* 733
- *Amazon Transcribe announces Channel Identification support for streaming audio* 733
- *Amazon Connect launches APIs that list prompts within your instance*..... 733
- *Data Lifecycle Manager now supports multiple schedules within in a single lifecycle policy* 734
- *Amazon Connect launches contact flow management APIs* 734
- *Amazon Detective is now available in the Africa (Cape Town) & Europe (Milan) Regions* 734
- *Elasticsearch Audit Logs now available on Amazon Elasticsearch Service*..... 735

- *AWS IoT SDK for Embedded C version 202009.00 now available with refactored MQTT, JSON, and AWS IoT device shadow libraries* 735
- *Amazon Detective introduces IAM Role Session Analysis*..... 735
- *Amazon Athena is now available in the AWS Europe (Milan) region*..... 736
- *Amazon Connect launches API to configure routing profiles programmatically*..... 736
- *AWS Lambda adds console support for visualizing AWS Step Functions workflows*..... 736
- *Announcing Aurora Parallel Query region expansion and MySQL 5.7 compatibility* 737
- *Amazon RDS for SQL Server Now Supports Native Backup/Restore on DB Instances with Read Replicas* 737
- *Amazon Kinesis Data Analytics is now available in the Europe (Milan) AWS region* 737
- *Amazon EC2 C5a instances featuring AMD processors are now available in Asia Pacific (Mumbai) AWS Region* 738
- *AWS Firewall Manager is now available in the Africa (Cape Town) and EU (Milan) Regions* 738
- *Amazon EC2 C5a instances now available in AWS GovCloud (US) Regions* 738
- *Amazon EC2 M6g, C6g and R6g instances powered by AWS Graviton2 processors are now available in US West (Northern California) region*..... 738
- *2 new Exam Readiness classroom courses now available*..... 739
- *Amazon EC2 C5 instances now available in additional sizes in 3 regions* 739
- *Enforce encryption for Amazon Elastic File System resources using AWS IAM* 740
- *New AWS Solutions Consulting Offer - Data Science Acceleration with Troodon Analytics Hub* 740
- *Introducing AWS Cloud Digital Interface (CDI) and input support in AWS Elemental MediaLive*..... 740
- *Amazon SQS now supports Tag-on-Create in AWS GovCloud (US-West) region*..... 741
- *AWS IQ now provides short URLs for expert profiles*..... 741
- *AWS Snowcone is now available in the AWS Europe (Ireland) Region*..... 741
- *AWS Backup Will Automatically Copy Tags from Nested EBS Volumes to EC2 Recovery Points*..... 742
- *AWS Budgets now offers Daily Granularity for Cost & Usage Budgets*..... 742
- *Amazon Route 53 Resolver Now Supports VPC DNS Query Logging in AWS GovCloud (US) Regions* 742
- *Amazon EBS direct APIs for Snapshots now available in the AWS GovCloud (US) Regions*..... 743
- *Amazon Kinesis Data Analytics now supports Apache Flink Kinesis Data Firehose Producer v2.0.0*..... 743
- *Amazon Redshift announces spatial functionality enhancements*..... 743
- *New AWS Solutions Consulting Offer - Confluence Data Center Implementation* 744
- *AWS and Docker extend collaboration to launch new features in Docker Desktop* 744
- *Amazon Kendra now supports CloudFormation*..... 745
- *AWS Systems Manager Explorer now supports grouping and customization of operational data sources*..... 745
- *HIPAA Eligible AWS Services deployed in AWS Wavelength can now be used to process Protected Health Information* 745
- *Amazon Personalize is now available in Frankfurt*..... 745

- *Announcing a new digital course: Getting Started with .NET on AWS*..... 746
- *Announcing APN Navigate for Storage specialization track* 746
- *New 4-course series on Coursera teaches vital product-management skills* 746
- *Announcing AWS Outposts Ready Partners* 747
- *Amazon Lex launches support for British English* 747
- *Amazon Managed Blockchain now supports Hyperledger Fabric v1.4* 747
- *Amazon Transcribe adds support for automatic language identification* 748
- *Amazon Kinesis Data Analytics now supports Java-based Apache Beam streaming workloads* 748
- *Amazon CloudFront announces support for Brotli compression* 749
- *AWS Organizations now supports tagging, tag-on-create and Attribute-Based Access Control (ABAC)*..... 749
- *Amplify JavaScript adds server-side rendering (SSR) support for frameworks like Next.js and Nuxt.js* 749
- *Amazon AppFlow now supports new data formats for ingesting files into Amazon S3*..... 750
- *AWS Glue Data Catalog now supports PartitionIndex, improving query performance on highly partitioned tables* 750
- *Announcing new Amazon EC2 T4g instances powered by AWS Graviton2 processors, available with a free trial* 750
- *AWS Step Functions adds support for AWS X-Ray*..... 751
- *AWS ParallelCluster 2.9.0*..... 751
- *New AWS Solutions Consulting Offer Infosys Cloud Data Validation Solution*..... 751
- *Amazon CloudWatch Dashboards now supports sharing* 752
- *Amazon CloudWatch Synthetics now supports enhanced monitoring for Broken Link and GUI Workflow Blueprints* 752
- *Amazon S3 bucket owner condition helps to validate correct bucket ownership* 753
- *Amazon Pinpoint is now available in three additional regions* 753
- *FreeRTOS kernel v10.4.0 now available with new features and enhanced ports*..... 753
- *Amazon RDS for SQL Server Now Supports More Time Zones*..... 753
- *Announcing Data API for Amazon Redshift*..... 754
- *Amazon CloudWatch Logs Insights now available in AWS GovCloud (US-East) Region*..... 754
- *Amazon Redshift now supports 100K tables in a single cluster* 754
- *Announcing new on-demand training courses for Media Services* 755
- *AWS Elastic Beanstalk now supports sharing of an Application Load Balancer among Elastic Beanstalk environments*..... 755
- *Build Amazon Chime SDK web applications with the React user interface framework* 755
- *PostgreSQL 13 Beta 3 now available in Amazon RDS Database Preview Environment* 756
- *Amazon WorkSpaces introduces support for cross-Region redirection*..... 756
- *Amazon Detective is now available in the Middle East (Bahrain) and Asia Pacific (Hong Kong) Regions* 756

- *AWS Single Sign-On adds account assignment APIs and AWS CloudFormation support to automate multi-account access management*..... 757
- *Amazon EKS now supports assigning EC2 security groups to Kubernetes pods*..... 757
- *Applications using Amazon SNS to send SMS text messages can now be hosted in US West (N. California)* 757
- *AWS IoT Device Defender now available in the AWS GovCloud (US-East) Region* 758
- *Amazon RDS M6g and R6g instances powered by AWS Graviton2 processors are now available in Asia Pacific regions*..... 758
- *Paginatons in AWS SDK for .NET V3.5*..... 758
- *Systems Manager now supports on-demand patching with just two clicks* 759
- *API Gateway HTTP APIs now supports Lambda and IAM authorization options* 759
- *Service Catalog simplifies product discovery, provisioning, and search*..... 759
- *Amazon MSK now offers version 2.4.1.1, fixing a perpetual rebalance bug in Apache Kafka 2.4.1* 760
- *EKS Now Supports Creation and Management of Fargate Profiles Using AWS CloudFormation* 760
- *EKS Now Supports Creation and Management of Fargate Profiles Using AWS CloudFormation* 760
- *AWS App Mesh controller for Kubernetes Version 1.1.1 now available with support for new mesh configuration controls* 761
- *New AWS Solutions Consulting Offer - JD Edwards EnterpriseOne Migration to AWS* 761
- *Amazon CloudWatch now monitors Prometheus metrics from Container environments*..... 761
- *Amazon VPC Endpoints for Amazon EC2 are now available in three availability zones in South America (Sao Paulo) and Canada (Central), and four availability zones in US West (Oregon)* 762
- *AWS Glue is now available in the Europe (Milan) AWS region* 762
- *New AWS Solutions Consulting Offer - Data-Lake-as-a-Service* 762
- *Application Load Balancers now support AWS Outposts* 763
- *Amazon CodeGuru Profiler now supports AWS PrivateLink* 763
- *Amazon Lex launches support for Australian English*..... 763
- *New AWS Solutions consulting offer - Demand AI* 764
- *New AWS Solutions consulting offer - Rubix IoT Fleet Management*..... 764
- *Amazon Aurora PostgreSQL Patches 3.2.3/2.5.3/1.7.3 now generally available*..... 765
- *Amazon CloudWatch releases a Java client library for Embedded Metric Format* 765
- *New AWS Solutions consulting offer - Supply AI* 765
- *Amazon Lightsail now offers new OS blueprints* 766
- *Meetings readiness checker APIs help developers ensure that end-users can join Amazon Chime SDK meetings from their devices* 766
- *AWS X-Ray launches anomaly detection-based actionable insights in preview* 766
- *AWS Launch Wizard now supports SAP deployments with SUSE Linux Enterprise Server 15 SP1 and 12 SP5* 767
- *Amazon Kendra launches confidence scores*..... 767

- *AWS X-Ray launches Auto-Instrumentation Agent for Java* 767
- *AWS AppSync simplifies GraphQL query prototyping in the AWS Console with GraphiQL Explorer and Cognito integration improvements* 768
- *Amazon CloudFront announces support for TLSv1.3 for viewer connections* 768
- *Amazon WorkDocs supports auto provisioning for all directory users* 768
- *Amazon WorkSpaces introduces Microsoft Office Professional Plus bundle for Bring Your Own Windows License WorkSpaces* 769
- *AWS Step Functions increases payload size to 256KB* 769
- *Amazon Aurora PostgreSQL supports rdkit extension* 769
- *AWS Elemental MediaLive adds AVC UHD outputs* 769
- *Amazon Polly NTTS voices now available in Singapore, Tokyo, Frankfurt, and London Regions* 770
- *Amazon Managed Blockchain is now available in the Europe (London) region* 770
- *Amazon Aurora Supports PostgreSQL 11.8, 10.13 and 9.6.18* 771
- *AWS Single Sign-On is available in three additional Asia Pacific Regions* 771
- *AWS Cost & Usage Report now offers Monthly Granularity* 771
- *AWS announces a 86%+ price reduction for AWS IoT Events* 771
- *AWS Systems Manager now supports all current versions of Ubuntu* 772
- *Amplify CLI now supports tagging resources at a project level* 772
- *AWS Solutions is launching a new Solution: Discovering Hot Topics Using Machine Learning that helps organizations discover and analyze trending topics among customers* 772
- *Announcing AWS PrivateLink support for Amazon Textract* 773
- *New digital training course: Amazon FSx for Lustre Primer* 773
- *Introducing AWS Data Streaming Data Solution for Amazon Kinesis* 773
- *AWS Storage Gateway increases performance by 4x for File Gateway* 774
- *AWS WAF and AWS Shield Advanced Now Available in Africa (Cape Town) and EU (Milan)* 774
- *Amazon CloudFront announces real-time logs* 774
- *Amazon EC2/Spot Fleet now support modifying instance types and weights on the run* 775
- *Announcing RxJava Support in Amplify Android* 775
- *AWS Snowball Edge Compute Optimized is now available in the AWS Asia Pacific (Mumbai) Region* 775
- *Announcing the General Availability of Bottlerocket, a new open source Linux-based operating system purpose-built to run containers* 776
- *New AWS Solutions Consulting Offer - Serverless IoT Platform Accelerator* 776
- *AWS IoT Core and AWS IoT Device Management now available in the AWS GovCloud (US-East) Region* 777
- *Orchestrate and parameterize EMR Notebook Executions without graphical user interface access* 777
- *Amazon WorkSpaces enables AWS Resource Groups Tag Editor* 777

- *Amazon Corretto 15 Release Candidate (RC)* 777
- *Amazon AppStream 2.0 enables AWS Resource Groups Tag Editor* 778
- *AWS Snowball Edge Compute Optimized is now available in the AWS GovCloud (US-East) Region*..... 778
- *Amazon RDS for Oracle now supports July 2020 Oracle Patch Set Updates (PSU) and Release Updates (RU)* 778
- *AWS announces General Availability of Amazon GameLift feature update*..... 779
- *Pause and Resume Workloads on M5a and R5a Instances with Amazon EC2 Hibernation* 779
- *Amazon MSK is now available in Europe (Milan)* 779
- *Announcing the express testing capability in Amazon Lex*..... 780
- *AWS Site-to-Site VPN now supports Internet Key Exchange (IKE) initiation*..... 780
- *WebM DASH outputs now available with AWS Elemental MediaConvert* 780
- *Seamlessly join an Amazon EC2 for Linux instance to AWS Directory Service*..... 781
- *Introducing the Amazon AppFlow APIs and SDK* 781
- *Amazon Route 53 Resolver Now Supports VPC DNS Query Logging* 781
- *Amazon RDS for Oracle supports User Authentication with Kerberos and Microsoft Active Directory in AWS GovCloud (US)* 782
- *AWS X-Ray now supports controlling access to X-Ray resources using tags*..... 782
- *Introducing Second Local Zone in Los Angeles, CA* 782
- *AWS IoT Core expands Custom Authentication options* 783
- *Amazon RDS for SQL Server now Supports Trace Flag 692* 783
- *Amazon SNS launches client library supporting message payloads of up to 2 GB*..... 783
- *Amazon RDS for SQL Server now Supports SQL Server Major Version 2019* 784
- *Amazon AppFlow now supports Amazon EventBridge as a destination* 784
- *AWS App Mesh controller for Kubernetes Version 1.1.1 now available with support for new mesh configuration controls* 784
- *Amazon CloudWatch Logs features now available in the AWS Toolkit for Visual Studio Code*..... 785
- *New digital training course for Amazon Managed Blockchain* 785
- *AWS announces General Availability of new Provisioned IOPS Volume (io2) for Amazon EBS*..... 785
- *Price change notice for customers using Amazon Pinpoint to send SMS messages to India* 786
- *AWS OpsWorks for Configuration Management now supports Resources in CloudFormation Registry with Open Implementation* 786
- *AWS CloudFormation StackSets is now available in AWS GovCloud (US-East), EU (Stockholm), and Asia Pacific (Hong Kong) Regions* 786
- *AWS CloudTrail now provides relevant user statistics to act on anomalies detected by CloudTrail Insights*..... 787
- *AWS Database Migration Service now supports MongoDB 4.0 as a source* 787
- *AWS Transfer Family adds support for email addresses as usernames* 787
- *AWS SDK for .NET v3.5 is now generally available*..... 787

- *Provisioned Concurrency for AWS Lambda is now available in AWS GovCloud (US) Regions*..... 788
- *Amazon EKS now supports EC2 Instance Metadata Service v2*..... 788
- *Amazon EC2 Instance Metadata Service Now Supports Additional Fields for Improved Automation and Operability* 788
- *AWS Transit Gateway customers can now use their own Prefix Lists to simplify IP management* 789
- *New AWS Solutions Consulting Offer - ThreatAlert® ATO Acceleration* 789
- *AWS Systems Manager Distributor adds third-party agent, Dynatrace OneAgent* 789
- *AWS Firewall Manager now supports security groups on Application Load Balancers and Classic Load Balancers* 790
- *Amazon Corretto 8 & 11 support extended*..... 790
- *Amazon EC2 M6g, C6g and R6g instances powered by AWS Graviton2 processors are now available in Asia Pacific (Mumbai, Singapore, Sydney) regions* 791
- *Amazon Transcribe now supports speaker labeling for streaming transcription*..... 791
- *Amazon ElastiCache for Redis brings encryption in transit, encryption at rest and additional security features to the AWS Asia Pacific (Osaka) region* 791
- *AWS Site-to-Site VPN now supports additional encryption, integrity and key exchange algorithms* 792
- *Announcing 3 new courses for APN Partners on IoT and data analytics*..... 792
- *6 new training courses for Amazon Connect*..... 792
- *Amazon Connect allows contact-centers to auto-resolve to the best voice*..... 793
- *AWS Systems Manager OpsCenter adds CloudWatch graphs for monitoring and simplifies remediation with contextual runbooks* 793
- *Amplify Flutter now available as Developer Preview* 793
- *API Gateway HTTP APIs adds integration with five AWS services*..... 794
- *Amazon Textract is now available in the AWS GovCloud (US) Regions*..... 794
- *AWS Launch Wizard now enables SQL Server Always on deployments in Asia Pacific (Hong Kong) and Middle East (Bahrain) regions* 794
- *Amazon Chime introduces Amazon Voice Focus for noise suppression* 795
- *Amazon FSx is now available in the AWS South America (Sao Paulo) Region*..... 795
- *AWS Storage Gateway adds data protection features for Tape Gateway*..... 795
- *Amazon Interactive Video Service adds support for playback authorization* 796
- *AWS Migration Hub is now available in the EU (Ireland) & EU (London) Regions* 796
- *Announcing the AWS Controllers for Kubernetes Preview* 796
- *Amazon Personalize can now create up to 50% better recommendations for fast changing catalogs of new products and fresh content* 797
- *Amazon SES now enables customers to bulk import and bulk delete email addresses from the account-level suppression list*..... 797
- *Service Quotas is now available in AWS EU (Milan) and AWS Africa (Cape Town) regions* 798

- *Amazon Keyspaces (for Apache Cassandra) is now generally available in the AWS China (Beijing) Region, Operated by Sinnet, and the AWS China (Ningxia) Region, Operated by NWCD* 798
- *Amazon Kinesis Data Streams announces two new API features to simplify consuming data from Kinesis streams* 798
- *AWS DataSync simplifies automation with API filters*..... 799
- *AWS RoboMaker WorldForge simplifies creating simulation worlds for robotics* 799
- *AWS Cloud9 releases enhanced VPC support*..... 799
- *AWS announces Contact Center Intelligence solutions* 800
- *Amazon EKS support for Arm-based instances powered by AWS Graviton is now generally available* 800
- *Amazon EKS on AWS Fargate now supports Amazon EFS file systems* 800
- *Amazon Augmented AI Launches Delete Human Task UI Capability* 800
- *Application and Classic Load Balancers are adding defense in depth with the introduction of Desync Mitigation Mode* 801
- *Amazon EKS managed node groups now support EC2 launch templates and custom AMIs* 801
- *Amazon Connect adds cut, copy, and paste to the contact flow designer* 802
- *Announcing Swift Combine support in Amplify iOS*..... 802
- *AWS Certificate Manager Private Certificate Authority now supports Private CA sharing* 802
- *CloudWatch Application Insights adds support for CloudFormation Templates*..... 803
- *AWS Site-to-Site VPN Now Supports IPv6 Traffic* 803
- *Amazon Comprehend adds five new languages to Custom Entity Recognition* 803
- *AWS Transfer Family supports FIPS 140-2 compliant endpoints in US and Canada Regions* 804
- *Amazon Chime application and Amazon Chime SDK now support meetings in additional AWS Regions* 804
- *Amazon Connect adds support for early media on outbound phone calls*..... 804
- *Amazon ECS now launches the Amazon ECS Optimized Inferentia AMI* 805
- *Amazon ElastiCache for Redis Now Supports Up To 500 Nodes Per Cluster* 805
- *Amazon AppStream 2.0 adds support for the native desktop experience* 806
- *AWS License Manager adds the ability to enforce license assignment rules with EC2 Dedicated Hosts* 806
- *Amazon Textract now detects and extracts text even more accurately from tables* 806
- *Amazon Connect now returns agents to their previous status after finishing an outbound call* 807
- *AWS Copilot CLI launches v0.3 focused on operations and configuration* 807
- *Amazon API Gateway now supports enhanced observability via access logs*..... 807
- *AWS Step Functions adds support for string manipulation, new comparison operators, and improved output processing* 808
- *New AWS Solutions Consulting Offer - Customer AI* 808
- *New AWS Solutions Consulting Offer - Customer AI* 808

- *Quantum computing is now available on AWS through Amazon Braket*..... 809
- *AWS Systems Manager Explorer now provides a multi-account summary of AWS Support cases* 809
- *AWS Launch Wizard now enables SAP workload deployment in Asia Pacific (Hong Kong), Middle East (Bahrain), Africa (Cape Town) and Europe (Milan) Regions* 809
- *Amazon EC2 Inf1 instances based on AWS Inferentia now available in US East (Ohio), Europe (Frankfurt, Ireland) and Asia Pacific (Sydney, Tokyo) Regions*..... 810
- *AWS Lambda now supports Amazon Managed Streaming for Apache Kafka as an event source* 810
- *Introducing AWS Solution: Improving Forecast Accuracy with Machine Learning* 810
- *Amazon QuickSight launches folders, a new calculations editor experience and more*..... 811
- *Now Available, Amazon EC2 C5ad instances featuring 2nd Generation AMD EPYC Processors* 811
- *Amazon EKS now supports UDP load balancing with Network Load Balancer* 812
- *Amazon CloudWatch Synthetics now available in Asia Pacific (Hong Kong), Middle East (Bahrain), Africa (Cape Town) and Europe (Milan) Regions* 812
- *AWS Transfer Family adds pre-defined security policies to choose cryptographic algorithms* 812
- *AWS Lambda now supports custom runtimes on Amazon Linux 2* 813
- *AWS Lambda now supports Java 8 (Corretto)*..... 813
- *Amazon FSx for Lustre announces high-performance HDD-based shared storage for compute workloads*..... 813
- *AWS IoT Device Defender adds audit finding suppression capability* 814
- *Amazon ElastiCache announces support for resource-level permission policies*..... 814
- *Amazon Cognito User Pools now supports customization of token expiration* 815
- *AWS Lambda now supports Go on Amazon Linux 2*..... 815
- *Now manage a popular third party agent from AWS Systems Manager Distributor* 815
- *AWS Glue now provides the ability to stop and restart your Glue workflows*..... 815
- *Amazon Neptune announces graph visualization in Neptune Workbench* 816
- *Amazon EC2 G4 Instances with NVIDIA T4 Tensor Core GPUs are Now Available in the Africa (Cape Town) and Europe (Milan) Regions* 816
- *Amazon S3 Access Points now support the Copy API* 816
- *Amazon Forecast now uses Convolutional Neural Networks (CNNs) to train forecasting models up to 2X faster with up to 30% higher accuracy*..... 817
- *Amazon Textract is now available in the Asia Pacific (Mumbai) and EU (Frankfurt) regions* 817
- *AWS Security Hub Automated Response & Remediation Solution is generally available* 817
- *AWS Storage Gateway expands availability and streamlines ordering of the hardware appliance* 818
- *Amazon DynamoDB Accelerator (DAX) now supports next-generation, memory-optimized Amazon EC2 R5 nodes*..... 818
- *Multi-Region Infrastructure Deployment solution version 1.1, now with automated rollbacks and AWS CloudFormation drift detection* 818
- *New digital course: Configure and Deploy AWS PrivateLink*..... 819

- *AWS Solutions: Serverless Bot Framework adds support for securely integrating with third-party APIs* 819
- *Amazon Connect CTI Adapter for Salesforce adds CTI Flows* 819
- *Announcing AWS PrivateLink Support for Amazon Comprehend*..... 820
- *Amazon EC2 instances featuring AMD EPYC processors are now available in additional regions*..... 820
- *AWS CodeDeploy now supports deployments to VPC endpoints* 821
- *AWS Fargate for Amazon EKS now included in Compute Savings Plans* 821
- *Amazon VPC Flow Logs extends CloudFormation Support to custom format subscriptions, 1-minute aggregation intervals and tagging*..... 821
- *New AWS Solutions Consulting Offer – IoT Foundations*..... 822
- *AWS Glue version 2.0 featuring 10x faster job start times and 1-minute minimum billing duration* 822
- *Amazon AppStream 2.0 now supports local printer redirection* 822
- *Amazon Elastic Container Service launches more network metrics for containers using the EC2 launch type*..... 823
- *Amazon API Gateway HTTP APIs now supports wildcard custom domain names* 823
- *AWS Lambda now provides IAM condition keys for VPC settings* 823
- *Amazon CloudFront announces a new Regional Edge Cache in AWS’ Europe (Ireland) Region* 824
- *Amazon VPC Endpoints for Amazon EC2 are now available in Europe (Milan) and Africa (Cape Town)* 824
- *Amazon EKS is now available in AWS Africa (Cape Town) and AWS Europe (Milan) Regions* 824
- *Amazon Lex launches accuracy improvements and confidence scores*..... 825
- *AWS Batch is now available in Europe (Milan) Region*..... 825
- *New AWS Solutions Consulting Offer – VPC-In-A-BoxSM*..... 825
- *Amazon Neptune is now available in South America (São Paulo) and Asia Pacific (Hong Kong) Regions* 826
- *Amazon Transcribe launches custom language models*..... 826
- *Announcing the General Availability of AWS Wavelength in Boston and the San Francisco Bay Area*..... 826
- *AWS Cloud9 is now available in the EU (Milan) region* 827
- *Amazon Neptune introduces an alternative query engine (DFE) in lab mode* 827
- *Amazon EBS direct APIs for Snapshots now available in the Europe (Milan) and Africa (Cape Town) Regions*..... 827
- *Amazon Forecast adds holiday calendars for 66 countries, to improve forecast accuracy*..... 828
- *AWS IoT Device Management increases the limit for concurrent Active Jobs to 1,000 per AWS account per region* 828
- *New AWS Solutions Consulting Offer – Knowledge Work Automator* 828
- *New AWS Solutions Consulting Offer – Fog360 Security*..... 829
- *AWS AppSync releases Direct Lambda Resolvers for GraphQL APIs* 829
- *Introducing Genomics Tertiary Analysis and Machine Learning using Amazon SageMaker* 829
- *AWS App Mesh introduces new default mesh configuration* 830

- *AWS CodeDeploy Agent has improved compatibility for Amazon Linux 2, Windows and Ubuntu* 830
- *CodeGuru Reviewer now has Full Repository Analysis Support* 830
- *AWS Step Functions adds support for Amazon SageMaker Processing* 831
- *Live Streaming on AWS with MediaPackage now includes QVBR encoding* 831
- *Amazon EMR now offers more options to diversify your Spot requests and get steep discounts*..... 831
- *Amazon Aurora Supports PostgreSQL 11.7 in AWS GovCloud (US) Regions* 831
- *AWS Certificate Manager Private Certificate Authority now supports Private Link endpoints*..... 832
- *AWS Data Exchange now supports adding data sets to existing products* 832
- *AWS Fargate launches Usage Metrics and applied Service Quotas visibility* 832
- *Amazon ECS announces CloudFormation support for Amazon EFS volumes* 833
- *Elastic Load Balancing simplifies your AWS bill by introducing a new billing section* 833
- *Amazon EKS quotas can now be managed through AWS Service Quotas* 833
- *EC2 Image Builder components can now be developed locally*..... 834
- *NICE DCV Releases Version 2020.1 with Printer Redirection and Support for Amazon EC2 6th Generation Instances based on Graviton2* 834
- *Amazon Personalize enhances Recommendation Filters with filtering on item metadata*..... 834
- *Amazon GuardDuty now available in AWS Africa (Cape Town) and Europe (Milan) Regions* 835
- *Manage access to AWS centrally for OneLogin users with AWS Single Sign-On*..... 835
- *AWS Storage Gateway expands FIPS 140-2 compliant endpoints to all North America Regions* 835
- *AWS DeepComposer launches new learning capsule that deep dives into training an autoregressive CNN model*..... 836
- *Announcing Preview for Amazon RDS M6g and R6g Instance Types, Powered by AWS Graviton2 Processors* 836
- *Amazon Aurora Supports In-Place Upgrade from PostgreSQL 10 to 11*..... 837
- *Amazon GuardDuty expands threat detection coverage to help you better protect your data stored in Amazon S3* 837
- *IP Multicast on AWS Transit Gateway is Now Available in Europe (Frankfurt), South America (São Paulo), Middle East (Bahrain), Asia Pacific (Hong Kong) and Asia Pacific (Seoul) AWS Regions*..... 837
- *AWS Fargate for Amazon ECS now supports UDP load balancing with Network Load Balancer*..... 837
- *EC2 Hibernation feature is now available in the Africa (Cape Town) and Europe (Milan) AWS Regions*..... 838
- *Amazon Elasticsearch Service now supports integration with Tableau and Microsoft Excel*..... 838
- *Amazon RDS for PostgreSQL supports new minor versions 12.3, 11.8, 10.13, 9.6.18, and 9.5.22 in AWS GovCloud (US) Regions* 839
- *Amazon S3 features now available in the AWS Toolkits for Visual Studio Code* 839
- *AWS CodeBuild supports code coverage reporting* 839
- *AWS CodeBuild now supports parallel and coordinated executions of a build project*..... 839
- *AWS Transit Gateway Network Manager is now available in Africa (Cape Town) and Europe (Milan) AWS Regions* 840

- *AWS Firewall Manager now supports centralized logging of AWS WAF logs*..... 840
- *Amazon EC2 On-Demand Capacity Reservations now support Group Targeting* 840
- *AWS Cloud Map simplifies Amazon EC2 instance registration*..... 841
- *ECR now supports encryption of images using AWS KMS keys*..... 841
- *Amazon Kinesis Data Firehose now supports data delivery to MongoDB Cloud*..... 841
- *AWS Directory Service for Microsoft Active Directory and AD Connector are now available in the AWS Africa (Cape Town) and AWS Europe (Milan) Regions*..... 842
- *Amazon Lightsail now offers cPanel & WHM instance blueprint*..... 842
- *Amazon Kinesis Data Firehose now supports data delivery to HTTP endpoints*..... 842
- *Cosine Similarity support in Amazon Elasticsearch Service* 843
- *Service Quotas is now available in AWS EU (Stockholm), AWS Asia Pacific (Hong Kong) and AWS Middle East (Bahrain) regions*..... 843
- *Amazon Translate now supports translation of Office Open XML documents*..... 843
- *AWS Site-to-Site VPN Now Supports Tagging Resources Upon Creation and Resource-Level Permissions* 844
- *AWS Database Migration Service now supports enhanced premigration assessments* 844
- *Amazon Kinesis Data Firehose now supports data delivery to Datadog*..... 845
- *AWS AppSync Now Available in the EU (Milan) Region* 845
- *AWS Security Hub launches new automated security controls* 845
- *Amazon Kinesis Data Firehose now supports data delivery to New Relic* 846
- *Amazon RDS for Oracle Supports Oracle Application Express (APEX) Version 20.1* 846
- *EC2 Image Builder is now available in the Europe (Milan) and Africa (Cape Town) AWS Regions* 846
- *Pausing entitlements now available in AWS Elemental MediaConnect*..... 846
- *AWS Customers can now pay for their AWS Marketplace, AWS Data Exchange, AWS IQ, and Reserved Instance Marketplace invoices in 14 currencies*
847
- *Introducing AWS Purchase Order Management (Preview)* 847
- *HTTP compression support now available in Amazon Elasticsearch Service*..... 847
- *AWS Elemental MediaTailor supports video bumpers before and after ad breaks* 848
- *Amazon RDS for SQL Server lowers the cost for High Availability DB Instances* 848
- *Detect fraud faster using machine learning with Amazon Fraud Detector – now generally available*..... 848
- *Announcing new Amazon EC2 M6gd, C6gd, and R6gd instances powered by AWS Graviton2 processors* 849
- *AWS ParallelCluster 2.8.0*..... 849
- *AWS CloudHSM is now available in the Africa (Cape Town) and Europe (Milan) Regions*..... 849
- *Amazon FSx is now available in the AWS Europe (Paris) Region*..... 850

- *Copy your data between on-premises object storage and AWS using AWS DataSync* 850
- *Amazon SageMaker Ground Truth and Amazon Augmented AI add support for OpenID Connect (OIDC) authentication of private workers* 850
- *Amazon MQ Adds Support for LDAP Authentication And Authorization* 851
- *Amazon Elasticsearch Service now supports Learning to Rank to improve search relevancy ranking*..... 851
- *AWS Systems Manager Distributor adds support to install and update agents on Oracle Linux platforms* 851
- *Easily enable operations best practices across AWS accounts and Regions with AWS Systems Manager Quick Setup* 852
- *Amazon CloudFront adds additional geolocation headers for more granular geotargeting* 852
- *Amazon RDS for MySQL Supports Minor Version 8.0.20*..... 852
- *Amazon QuickSight adds embedded authoring, namespaces for multi-tenancy, and more* 853
- *Amazon Detective enhances VPC flow visibility* 853
- *Amazon Connect supports speaking styles with neural Text-to-Speech voices*..... 853
- *Amazon VPC Resources Now Support Tag on Create* 854
- *Amazon EFS CSI Driver is now generally available* 854
- *Now gain longer access to your AWS resources when switching roles in the AWS Management Console* 854
- *Scale-Out Computing on AWS with REST API, finer-grained job management capabilities, and enhanced web interface* 855
- *Amazon RDS for SQL Server now supports Service Master Key Retention* 855
- *Amazon Elasticsearch Services announces support for Elasticsearch versions 7.7* 855
- *Amazon RDS for MySQL and MariaDB supports additional sizes for db.m5 and db.r5 instance classes* 855
- *Amazon Elastic File System increases per-client throughput by 100%*..... 856
- *Amazon FSx for Lustre Now Supports Automatic Updates from Amazon S3* 856
- *Contact Lens for Amazon Connect is now generally available* 856
- *Amazon Lightsail now offers CDN distributions to accelerate content delivery*..... 857
- *Amazon WorkDocs refreshes the Android mobile app UI to provide a new, simplified user experience* 857
- *Amazon CloudFront announces Cache Key and Origin Request Policies* 857
- *AWS App Mesh achieves HIPAA eligibility*..... 858
- *Amazon CloudWatch Synthetics now available in the AWS GovCloud (US) Regions* 858
- *Announcing the CIS Benchmark for Amazon EKS* 858
- *AWS Secrets Manager has been IRAP assessed and accepted for PROTECTED level* 859
- *Amazon AppFlow now supports private data transfers between AWS and Salesforce* 859
- *AWS Control Tower console update adds more visibility into OUs and accounts* 859
- *AWS X-Ray .NET Auto-Instrumentation Agent is now available in beta* 860
- *Cypress PSoC 64 Standard Secure Microcontroller is Qualified for FreeRTOS* 860

- *FreeRTOS now supports over-the-air update (OTA) suspend and resume operations* 860
- *AWS Snowball Edge Compute Optimized is now available in 11 additional AWS Regions* 860
- *AWS SDK for Java v2 - Metrics Module now available as Developer Preview*..... 861
- *Amazon EBS Fast Snapshot Restore (FSR) is now available for shared EBS Snapshots* 861
- *Amazon Kinesis Data Firehose is now available in the Europe (Milan) and Africa (Cape Town) AWS Regions* 861
- *New classroom course: AWS Cloud Financial Management for Builders*..... 862
- *Announcing AWS Serverless Application Model (SAM) CLI now generally available for production use* 862
- *Amazon Connect now supports integration with Salesforce Service Cloud Voice* 862
- *AWS Backint Agent Now Available in AWS (US) GovCloud Regions*..... 863
- *Alexa for Business now available on Logitech Solutions for Zoom Rooms* 863
- *AWS CodeBuild now supports accessing Build Environments with AWS Session Manager* 863
- *Amazon RDS for SQL Server Supports Disabling Old Versions of TLS and Ciphers*..... 864
- *Amazon EMR now supports Amazon EC2 G4 Instances which provides up to 4.5X faster and 5.4X cheaper XGBoost Training* 864
- *Amazon AppFlow now supports new Salesforce integrations*..... 864
- *Announcing Amazon CloudWatch metrics for Amazon EC2 On-Demand Capacity Reservations* 864
- *Systems Manager Automation now supports higher concurrency limits for execution* 865
- *AWS Managed Services (AMS) Now Offers Context-based Proactive Incident Notification Service* 865
- *AWS Global Accelerator launches One-Click Acceleration for Application Load Balancers* 865
- *Amazon SQS now provides results for the "List Queues" and "List Dead Letter Source Queues" requests in AWS GovCloud (US) Regions* 866
- *Amazon Elasticsearch Service now supports three Availability Zone deployments in EU (Stockholm), Asia Pacific (Seoul), and South America (Sao Paulo)*..... 866
- *Amazon Connect adds call recording APIs* 867
- *Introducing AWS Content Analysis* 867
- *Introducing Migration Evaluator: Fast Track your Business Case for AWS* 867
- *AWS IoT Device Tester v3.1.0 for FreeRTOS is now available* 868
- *Amazon SQS Now Supports New Console Experience* 868
- *Amazon CloudFront announces new TLS1.2 security policy for viewer connections* 868
- *AWS IoT Analytics is now available in the Sydney AWS Region* 869
- *Amazon MQ adds support for new micro broker (mq.t3.micro)* 869
- *Amazon EC2 VM Import / Export adds support for Red Hat Linux (RHEL) 8 and CentOS 8* 869
- *Amazon RDS for SQL Server now supports Windows authentication in the AWS GovCloud (US) Regions*..... 869
- *New Amazon Elastic File System console simplifies file system creation and management*..... 870

- *Announcing automatic backups for Amazon Elastic File System* 870
- *Lumberyard Beta 1.25 Now Available*..... 870
- *AWS Asia Pacific (Seoul) Region Adds Fourth Availability Zone* 871
- *AWS Systems Manager now supports adding offsets to maintenance window schedules*..... 871
- *Announcing 4 new and updated courses for APN Partners*..... 871
- *Introducing Amazon Interactive Video Service (Amazon IVS)* 872
- *Announcing CDK Pipelines Preview, continuous delivery for AWS CDK applications* 872
- *New digital courses on disaster recovery and migration to the AWS Cloud* 872
- *Amazon Corretto 8u262 & Corretto 11.0.8 are now available*..... 873
- *New AWS public datasets available from the National Cancer Institute, Massachusetts Institute of Technology, Amazon, the National Renewable Energy Laboratory, and others*..... 873
- *Amazon SageMaker Debugger is now available in the AWS GovCloud (US-West) Region*..... 873
- *Fluent Bit supports Amazon Elasticsearch Service as a destination to route container logs* 874
- *AWS Service Catalog is now available in Africa (Cape Town) and Europe (Milan)*..... 874
- *Amazon Athena adds support for querying Apache Hudi datasets in Amazon S3-based data lake* 874
- *AWS Key Management Service (AWS KMS) now supports VPC Endpoint Policies* 875
- *New digital course: Amazon FSx for Windows File Server Primer* 875
- *Amazon EKS now supports Kubernetes version 1.17*..... 875
- *AWS Managed Services customers can now leverage AWS Service Catalog* 875
- *Introducing Amazon Virtual Andon 2.0: Andon system for manufacturers* 876
- *AWS DeepRacer Evo and Sensor Kit now available for purchase* 876
- *New AWS Solutions Consulting Offer - Cloud Foundation*..... 877
- *AWS App Mesh launches ingress support with virtual gateways*..... 877
- *Amazon EC2 C5n, M5n, M5dn, R5n, and R5dn instances now available in additional regions*..... 877
- *Amazon DocumentDB (with MongoDB compatibility) adds support for cross-region snapshot copy*..... 878
- *Identify, arrange, and manage secrets easily using enhanced search in AWS Secrets Manager*..... 878
- *Provisioned product outputs are now available in AWS Service Catalog*..... 878
- *Track file changes on Systems Manager managed instances with AWS Config* 879
- *Amazon QuickSight's SPICE data engine now supports data sets up to 250M rows*..... 879
- *AWS Managed Services now supports Oracle Linux 7.5 and later minor versions*..... 879
- *Amazon Athena adds support for managing data catalogs using AWS CloudFormation*..... 880
- *EC2 Image Builder can now stream logs to CloudWatch* 880

- *Introducing Genomics Tertiary Analysis and Data Lakes Using AWS Glue and Amazon Athena* 880
- *AWS Launch Wizard for SAP supports integration with Amazon Route53 for domain naming and routing outbound internet connections via your own Proxy Servers*..... 881
- *Amazon AppFlow now sends flow status notifications to Amazon CloudWatch Events* 881
- *AWS Secrets Manager now enables you to attach resource-based policies to secrets from the AWS Secrets Manager console and uses Zelkova to validate these policies*..... 881
- *Amazon RDS for Oracle supports Oracle Spatial for Oracle Standard Edition 2*..... 882
- *Easily manage your content policies for AI services with AWS Organizations* 882
- *Amazon Neptune is now available in the US West (N. California) Region* 882
- *Amazon AppStream 2.0 is now available in the AWS Asia Pacific (Mumbai) region* 883
- *Updates to the AWS Well-Architected Framework and the AWS Well-Architected Tool*..... 883
- *Amazon Forecast now supports resource tagging* 883
- *Amazon EBS direct APIs now enable you to create snapshots directly from any block storage* 884
- *AWS RoboMaker releases rosbag upload cloud extension for Robot Operating System (ROS)* 884
- *Amazon RDS Application Programming Interface supports AWS PrivateLink*..... 884
- *AWS Systems Manager Opscenter is now available in AWS GovCloud (US) Regions*..... 885
- *Amazon Fraud Detector Preview launches normalized model scores* 885
- *Create an opt-out policy for AI services across accounts with AWS Organizations* 885
- *Docker and AWS collaborate to help deploy applications to Amazon ECS on AWS Fargate*..... 886
- *Support for X-Forwarded-For (XFF) header is now available for AWS WAF* 886
- *AWS Config Launches 28 Additional Managed rules* 886
- *AWS Systems Manager Explorer is now available in AWS GovCloud (US) Regions*..... 887
- *AWS Firewall Manager is now available in Asia Pacific (Hong Kong) and Middle East (Bahrain)* 887
- *Amazon Comprehend launches real time Custom Entity Recognition* 887
- *AWS WAF Security Automations now supports WAFv2 API*..... 888
- *AWS IoT SiteWise is now generally available* 888
- *Amazon Keyspaces now enables you to back up your table data continuously by using point-in-time-recovery (PITR)* 888
- *Introducing Video Support using Amazon SageMaker Ground Truth* 888
- *Amazon Route 53 Resolver Endpoints for Hybrid Cloud Are Now Available in the Africa (Cape Town) and Europe (Milan) Regions*..... 889
- *The new Amazon Redshift console is now available in AWS GovCloud (US) Regions* 889
- *AWS IoT Core now supports multiple shadows for a single IoT device* 889
- *Amazon ECS announces AWS Copilot, a new CLI to deploy and operate containers in AWS*..... 890

- *AWS Firewall Manager launches managed rules to audit VPC security groups*..... 890
- *Amazon EC2 now supports tagging EC2 Spot Instance requests* 890
- *Announcing AWS PrivateLink Support for Amazon Kendra*..... 891
- *AWS Direct Connect launches first location in Israel*..... 891
- *Amazon EMR now supports Managed Scaling – automatically resizing clusters to lower cost*..... 892
- *AWS announces the Migration Acceleration Program for Storage*..... 892
- *Amazon Neptune supports specifying conditions in IAM policy using tags* 892
- *Amazon FSx for Lustre Now Supports AWS Graviton2-based Instances* 892
- *AWS Marketplace now offers integrated third-party software solutions for AWS Control Tower* 893
- *AWS Storage Gateway increases local cache storage by 4x for File Gateway* 893
- *AWS Storage Gateway simplifies cache management for File Gateway* 893
- *Quickly identify public access to resources using the IAM Access Analyzer console* 894
- *Amazon Forecast now supports generating predictions for 10X more items* 894
- *AWS Marketplace AMIs now supported with Spot Instances in the EC2 Launch Instance Wizard* 894
- *Amazon EMR now supports encrypting log files using Customer-managed CMKs in AWS Key Management Service (KMS)* 895
- *Amazon Connect now supports Kevin, Polly’s latest text to speech voice*..... 895
- *Amplify CLI adds support for Lambda layers to easily share code & assets across Lambda functions* 896
- *Amazon Web Services announced Amazon Relational Database Service (RDS) support for MySQL and PostgreSQL databases on AWS Outposts*..... 896
- *Amazon ECS announces increased service quotas* 896
- *EC2 Image Builder can now produce and distribute encrypted AMIs* 896
- *Amazon RDS for MariaDB Supports Minor Versions 10.3.23 and 10.4.13* 897
- *AWS Transit Gateway now supports more granular CloudWatch Metrics for improved network monitoring*..... 897
- *Amazon Personalize adds improved handling of missing metadata*..... 897
- *Live Streaming on AWS with MediaStore now supports AWS Elemental Link* 898
- *AWS Direct Connect supports AWS Transit Gateway in AWS Africa (Cape Town) and AWS Europe (Milan) Regions* 898
- *AWS Resource Access Manager is Now Available in the Europe (Milan) Region* 898
- *AWS Resource Access Manager is Now Available in the Africa (Cape Town) Region* 898
- *Amazon Comprehend Medical adds relationship extraction to medical condition*..... 899
- *Announcing AWS App2Container - Containerize and Migrate Applications to the AWS Cloud* 899
- *Introducing Porting Assistant for .NET - an analytic tool to help migrate .NET Framework to .NET Core* 899
- *AWS AppSync introduces new 12xlarge instance for server-side API caching* 900
- *Introducing EC2 Launch v2 to simplify customizing Windows instances*..... 900

- *AWS DataSync can now automatically configure your Amazon CloudWatch Logs configuration*..... 900
- *Amazon Simple Email Service is now available in the US East (Ohio), Asia Pacific (Singapore), Asia Pacific (Tokyo), and Asia Pacific (Seoul) Regions* 901
- *AWS Config multi-account, multi-region data aggregation and advanced query capabilities now available in Asia Pacific (Hong Kong) and Middle East (Bahrain) Regions*..... 901
- *AWS DataSync agents are now supported on Linux KVM and Microsoft Hyper-V hypervisors*..... 901
- *AWS AppSync Now Available in EU (Paris and Stockholm), Canada (Central), South America (Sao Paulo) and US (N. California)* 902
- *Amazon MQ now supports ActiveMQ Version 5.15.12* 902
- *AWS Systems Manager adds support for patching newer versions of supported Linux platforms*..... 902
- *Amazon Lex now available in Asia Pacific (Tokyo) AWS Region*..... 902
- *Amazon RDS Proxy is Generally Available* 903
- *Amazon Chime SDK supports audio and video calling from mobile browsers* 903
- *Amazon DocumentDB (with MongoDB compatibility) now supports T3 medium instances* 903
- *Amazon QuickSight launches Histogram, new languages, and cross region APIs* 904
- *AWS SDK for C++ Version 1.8 – General Availability* 904
- *Amazon Connect allows you to continue engaging with your customer after an agent hangs-up*..... 904
- *Amazon QuickSight now supports Lake Formation–protected Athena data sources* 905
- *Amazon Elastic File System increases file system minimum throughput* 905
- *AWS CodeDeploy now enables automated installation and scheduled updates of the CodeDeploy Agent* 905
- *AWS CodeBuild supports resource utilization metrics in CloudWatch* 906
- *Amazon DocumentDB (with MongoDB compatibility) is Now Available in the AWS GovCloud (US-West) Region* 906
- *Find your most expensive lines of code and improve code quality with Amazon CodeGuru - now generally available*..... 906
- *Amazon Virtual Private Cloud (VPC) customers can now use their own Prefix Lists to simplify the configuration of security groups and route tables* 907
- *Kernel Live Patching for Amazon Linux 2 is now generally available* 907
- *AWS IoT Device Tester v3.1.0 for AWS IoT Greengrass is now available* 907
- *Amazon Athena adds support for Partition Projection* 907
- *Amazon MSK provides additional EC2 M5 broker sizes for more flexibility and cost optimization*..... 908
- *Amazon MSK now supports 3 AWS Availability Zones in São Paulo and Canada regions*..... 908
- *Amazon AppStream 2.0 Now Supports Drawing Tablets* 908
- *Announcing AWS PrivateLink Support for Amazon Transcribe Real-Time Streaming* 909
- *AWS CodePipeline Supports AWS AppConfig as a New Deploy Action type* 909
- *Announcing AWS PrivateLink Support for Amazon Transcribe Medical Real-Time Streaming* 909
- *Amazon RDS for MySQL now Supports Minor Versions 5.6.48 and 5.7.30* 910

- *Amazon Data Lifecycle Manager now available in the Europe (Milan) and Africa (Cape Town) Regions* 910
- *Manage your AWS Identity and Access Management quotas with AWS Service Quotas* 910
- *Amazon Rekognition Custom Labels now supports single object training* 911
- *AWS CodeBuild Now Supports Additional Shell Environments* 911
- *Amazon EMR uses real-time capacity insights to provision spot instances to lower cost and interruption* 911
- *User management and other improvements added to Serverless Developer Portal* 912
- *Amazon Kinesis Data Analytics is now available in the AWS China (Beijing) Region, Operated by Sinnet and the AWS China (Ningxia) Region, Operated by NWCD* 912
- *Announcing Cross-Cluster Search support for Amazon Elasticsearch Service for AWS GovCloud (US)* 912
- *AWS Fargate is now available in Europe (Milan) Region* 913
- *Amazon FSx for Lustre now provides highly-durable file system backups* 913
- *AWS Backup and AWS Organizations bring cross-account data protection management and monitoring* 913
- *Announcing Amazon Honeycode* 913
- *Amazon ECS Management Console now supports custom capacity provider strategy with run task* 914
- *Amazon Kinesis Data Analytics is now available in AWS GovCloud (US) Regions* 914
- *AWS Backup is now available in AWS GovCloud (US) Regions* 914
- *Amazon Database Migration Accelerator is now available* 915
- *Announcing Amazon Aurora Serverless with MySQL 5.7 compatibility* 915
- *AWS Elastic Beanstalk Announces .NET Core on Linux Platform* 915
- *Amazon Redshift RA3 nodes are now available in the Asia Pacific (Mumbai) Region* 916
- *Announcing availability of AWS Outposts in nine additional countries in Africa, Asia Pacific, Latin America, and Middle East* 916
- *AWS Organizations is now available in AWS China (Beijing) region, operated by Sinnet and AWS China (Ningxia region) operated by NWCD* 916
- *The AWS Well-Architected Tool is now available in the Middle East (Bahrain), Asia Pacific (Hong Kong), and Canada (Central) Regions* 917
- *AWS CodeCommit now supports Emoji Reactions to Comments* 917
- *Amplify Console adds support for automatically creating and deleting custom sub-domains for every branch deployment* 917
- *AWS Config integrates with the AWS CloudFormation Registry* 918
- *Amazon DocumentDB (with MongoDB compatibility) adds sixteen additional Amazon CloudWatch metrics for monitoring MongoDB opcounters, connections, cursors, operations on documents and index cache hits* 918
- *AWS Single Sign-On is available in the EU (Stockholm) Region* 918
- *Introducing Digital User Engagement Events Database* 919
- *Amazon CloudWatch Logs Insights is now available in the AWS Middle East (Bahrain) Region* 919
- *Announcing media analysis features for Amazon Rekognition Video* 919

- *Amazon SQS now provides results for the "List Queues" and "List Dead Letter Source Queues" requests in multiple pages* 920
- *Amazon SQS FIFO Queues are now available in the EU (Milano) region* 920
- *Amazon DocumentDB (with MongoDB compatibility) adds \$regex indexing and support for null characters in strings* 921
- *ELB lifecycle events now available with Amazon ECS services registered with multiple target groups* 921
- *AWS DeepComposer announces the launch of Chartbusters, a monthly challenge for developers to showcase their machine learning skills* 921
- *Introducing Multi-Region Application Architecture* 922
- *PostgreSQL 13 Beta 1 Now Available in Amazon RDS Database Preview Environment*..... 922
- *Introducing AWS Solutions Constructs* 922
- *AWS Cloud Map now supports resource tagging API and tags-on-create* 923
- *Amazon Redshift materialized views support external tables* 923
- *NexGuard forensic watermarking is now available with AWS Elemental MediaConvert* 923
- *Amazon Aurora Global Database supports read replica write forwarding* 924
- *New digital course on edX: Migrating to the AWS Cloud*..... 924
- *AWS Elemental MediaLive improves input switching for live channels* 924
- *Amazon Connect now supports higher-quality, natural-sounding Text-to-Speech voices* 925
- *Amazon RDS on VMware Adds Support for Read Replica* 925
- *Amazon Pinpoint now supports International Long Distance Operator (ILDO) routes to send SMS messages to India* 925
- *Enable WebRTC simulcast to improve video performance for applications built with the Amazon Chime SDK* 926
- *Amazon Fraud Detector Preview now supports connectivity through AWS PrivateLink* 926
- *Amazon WorkDocs refreshes the iOS app mobile UI to provide a new, simplified user experience*..... 927
- *Amazon Route 53 Launches New API Action to list Private Hosted Zones associated with your Amazon VPCs* 927
- *Amazon RDS Data API and Amazon RDS Query Editor for Amazon Aurora Serverless with PostgreSQL compatibility are Available in Europe (Frankfurt)*
927
- *New Amazon Builders' Library Article: Automating safe, hands-off deployments*..... 927
- *AWS Systems Manager Explorer is now available in the AWS China (Beijing) Region, Operated by Sinnet, and in the AWS China (Ningxia) Region,
Operated by NWCD*..... 928
- *Amazon SES can now send event notifications when the delivery of an email is delayed* 928
- *AWS App Mesh controller for Kubernetes is now generally available*..... 928
- *Detailed Cost Management Data is now available on AWS Console Mobile Application* 929
- *CloudWatch Application Insights adds support for SQL Server High Availability configurations* 929
- *AWS App Mesh introduces timeout configuration support*..... 929
- *AWS announces AWS Snowcone - a small, portable, rugged, and secure edge computing and data transfer device* 930

- *AWS DataSync can now transfer data to and from AWS Snowcone*..... 930
- *Amazon RDS for Oracle supports management of diagnostic data with Oracle Automatic Diagnostic Repository Command Interpreter (ADRCI) utility*
930
- *Amazon API Gateway allows subprotocols on a WebSocket API connection*..... 931
- *New on Coursera: Digital course on building Amazon DynamoDB-friendly apps* 931
- *Amazon Lex announces built-in search intent to enable Amazon Kendra integration*..... 931
- *Amazon Corretto for Alpine Linux now in preview* 932
- *Amazon RDS for PostgreSQL Supports New Minor Versions 12.3, 11.8, 10.13, 9.6.18, and 9.5.22* 932
- *AWS Certificate Manager Extends Automation of Certificate Issuance Via CloudFormation* 932
- *AWS Lambda support for Amazon Elastic File System now generally available* 933
- *AWS DataSync now available in the Europe (Milan) and Africa (Cape Town) AWS Regions* 933
- *AWS AppConfig announces the launch of hosted configurations* 933
- *AWS Amplify Console now supports deploying and hosting web apps managed in monorepos* 934
- *Introducing AWS CloudFormation Guard (Preview) – a new open-source CLI for infrastructure compliance* 934
- *Amazon ECS Capacity Providers Now Support Delete Functionality* 934
- *Sellers, Consulting Partners, and Data Providers from UAE, Bahrain, Norway, and Switzerland Now Available in AWS Marketplace and AWS Data Exchange*..... 934
- *Amazon Polly launches a child US English NTTS Voice* 935
- *Amazon EC2 Auto Scaling now supports Instance Refresh within Auto Scaling Groups* 935
- *FreeRTOS over-the-air update (OTA) now supports new job configurations* 935
- *EMR Console Access to Persistent YARN Timeline Server and Tez UI* 936
- *Amazon EKS now Supports EC2 Inf1 Instances*..... 936
- *AWS Transit Gateway is Now Available in AWS Africa (Cape Town) and AWS Europe (Milan) Regions* 936
- *Simplify cloud resource management with AWS Service Management Connector for ServiceNow* 937
- *AWS Service Catalog now supports sharing portfolios across an organization from a delegated member account*..... 937
- *Digital course now on Coursera: Building Containerized Applications on AWS* 937
- *Updated digital course: Architecting Serverless Solutions* 938
- *Amazon CloudFront enables configurable origin connection attempts and origin connection timeouts* 938
- *Amazon EC2 C6g and R6g instances powered by AWS Graviton2 processors are now generally available* 938
- *Amazon Elasticsearch Service now supports three Availability Zone deployments in Canada (Central) Region* 939
- *Amazon FSx is now available in the AWS Canada (Central) Region* 939
- *EC2 Image Builder now supports connectivity through AWS PrivateLink* 939

- *Introducing 3D Point Cloud Labeling Workflows using Amazon SageMaker Ground Truth*..... 940
- *Introducing AWS CodeArtifact: A fully managed software artifact repository service* 940
- *Amazon Pinpoint adds support for SMS, Push, and Custom Channels for Journeys* 940
- *AWS Transfer Family enables Source IP as a factor for authorization* 941
- *AWS Elastic Beanstalk adds support for IMDSv2 and Service Linked Role for Managed Updates*..... 941
- *Amazon Aurora Snapshots can be managed via AWS Backup*..... 941
- *AWS Compute Optimizer Now Supports Exporting Recommendations to Amazon S3* 942
- *Announcing new CloudWatch metrics for Amazon ElastiCache for Redis*..... 942
- *Improve productivity with interactive SQL tools in Amazon Elasticsearch Service*..... 942
- *New course teaches APN Partners how to co-sell with AWS* 943
- *AWS Shield Advanced now supports proactive response to events* 943
- *Amazon EC2 C5n, M5n, M5dn, R5n, and R5dn instances now available in additional regions*..... 943
- *Alexa for Business now available on Lifesize Icon meeting room systems*..... 944
- *Amazon ECS Cluster Auto Scaling now available in seven additional regions*..... 944
- *CloudWatch Application Insights now supports MySQL, Amazon DynamoDB, custom logs, and more* 944
- *Introducing Recommendation Filters in Amazon Personalize* 945
- *Amazon Connect adds filtering by channel to the ‘Get queue metrics’ block* 945
- *Amazon Redshift now supports writing to external tables in Amazon S3*..... 945
- *Secure AWS Elemental MediaPackage VOD Endpoints using CDN Authorization* 946
- *Amazon Aurora with PostgreSQL Compatibility for PostgreSQL 11 is available in AWS GovCloud (US) Regions* 946
- *Announcing the General Availability of Amazon EC2 G4dn Bare Metal Instances - GPU instances with up to 8 NVIDIA T4 GPUs* 947
- *Amazon ECS adds support for AWS PrivateLink in three additional regions*..... 947
- *Amazon Augmented AI enables quality control via metadata for customers using a private workforce* 947
- *Amazon Aurora PostgreSQL Global Database Supports Managed Recovery Point Objective (RPO)* 948
- *Amazon Aurora Supports PostgreSQL Versions 11.7, 10.12, and 9.6.17, and Adds Global Database for PostgreSQL 11.7*..... 948
- *Amazon Aurora with PostgreSQL Compatibility Supports T3.large Instances*..... 948
- *Now Available, Amazon EC2 C5a instances featuring 2nd Generation AMD EPYC Processors*..... 948
- *Now Install Custom Kernels and Data Science Libraries on EMR clusters directly from EMR Notebooks* 949
- *AWS Elastic Beanstalk announces General Availability of Amazon Linux 2 Based Tomcat platforms* 949
- *Real-time anomaly detection support in Amazon Elasticsearch Service* 949
- *Amazon Aurora Serverless with PostgreSQL compatibility now available in Europe (Frankfurt)*..... 950
- *WebM outputs with VP8 and VP9 video now available with AWS Elemental MediaConvert*..... 950

- *AWS CloudFormation Resource Import now supports CloudFormation Registry types* 950
- *Introducing AWS CloudEndure Migration Factory Solution* 951
- *AWS Config Supports 9 New Managed Rules*..... 951
- *AWS Config adds conformance pack for NIST CSF operational best practices*..... 951
- *AWS Auto Scaling is Now Available in 7 additional AWS Regions Worldwide and Offers Predictive Scaling for Amazon EC2* 952
- *Amazon QuickSight now available in Asia Pacific (Mumbai) Region* 952
- *AWS Direct Connect enables Failover Testing* 952
- *Database Activity Streams now available for Aurora with MySQL compatibility* 953
- *Amazon RDS for MySQL supports minor version 8.0.19* 953
- *Infineon’s OPTIGA Trust M now qualified for use with FreeRTOS and available for use with AWS IoT Core Multi-Account Registration* 953
- *Tighten S3 permissions for your IAM users and roles using access history of S3 actions*..... 954
- *Announcing Cross-Cluster Search support for Amazon Elasticsearch Service* 954
- *AWS DeepComposer adds a new generative AI algorithm that allows developers to generate music in the style of Bach* 954
- *AWS Systems Manager Explorer now adds support for a delegated administrator account to view operational data across multiple accounts and regions* 955
- *Amazon SageMaker Components for Kubeflow Pipelines*..... 955
- *Amazon Redshift now delivers better cold query performance by significantly improving compilation times*..... 956
- *Announcing storage controls for schemas in Amazon Redshift* 956
- *Use Apache Hive Metastore as a metadata catalog with Amazon Athena* 956
- *Amazon FSx is now available in the AWS Asia Pacific (Mumbai) Region* 956
- *AWS Data Migration Service now supports copying graph data from relational sources to Amazon Neptune* 957
- *Amazon FSx for Windows File Server now enables you to grow storage and to scale performance on your file systems*..... 957
- *Amazon Textract is now SOC and ISO Compliant*..... 957
- *Amazon DynamoDB support for empty values for non-key String and Binary attributes in DynamoDB tables is now available in the AWS GovCloud (US) Regions* 958
- *AWS Marketplace enables SaaS contract upgrades and renewals* 958
- *AWS Storage Gateway consolidates alarms and metrics for simplified console monitoring and management* 958
- *3 New Role-Based Learning Paths for AWS Media Services*..... 959
- *Amazon RDS for PostgreSQL Supports R5, M5, and T3 Instance Types now available in AWS GovCloud (US) Regions* 959
- *AWS Elemental MediaConvert is now FedRAMP compliant* 959
- *Amazon Elasticsearch Service now supports three Availability Zone deployments in Asia Pacific (Mumbai) Region*..... 960
- *Amazon RDS Proxy (Preview) Now Available in 8 Additional AWS Regions* 960

- *AWS Toolkit for JetBrains announces support for CLion, PhpStorm, GoLand and RubyMine IDEs*..... 960
- *Manage access to AWS centrally for Okta users with AWS Single Sign-On* 961
- *Amazon RDS Data API and Amazon RDS Query Editor are available in additional regions* 961
- *CodePipeline supports invoking Step Functions with a new action type*..... 961
- *AWS Fargate now encrypts data stored on ephemeral storage by default in platform version 1.4* 962
- *Amazon MSK now supports Apache Kafka version upgrades* 962
- *Announcing General Availability of Amplify iOS and Amplify Android, with new authentication, data, and AI/ML support* 962
- *Network Load Balancer now supports TLS ALPN Policies*..... 963
- *AWS SAM adds support for AWS Step Functions* 963
- *Now deploy AWS Config rules and conformance packs across an organization from a delegated member account* 963
- *Amazon ECS launches container health checks and load balancer views in Spinnaker v1.20*..... 964
- *AWS Solutions: Serverless Bot Framework adds a remastered user interface and uses AWS Amplify* 964
- *Amazon Connect now supports selection of multiple blocks within the contact flow editor* 964
- *AWS Systems Manager Explorer now provides a multi-account, multi-region summary of AWS Compute Optimizer recommendations* 965
- *AWS Outposts is now supported in AWS Europe (Milan) Region* 965
- *AWS Lake Formation is now available in the Europe (Paris) AWS region* 966
- *Amazon S3 adds support for IPv6 protocol in AWS China (Beijing) Region, operated by Sinnet and AWS China (Ningxia) Region, operated by NWCD*
966
- *Data Lifecycle Manager adds support for scheduling based on cron expressions and additional backup intervals including weekly, monthly and annual schedules*..... 966
- *Amazon QuickSight launches integration with Amazon SageMaker and more* 966
- *Now Query for AWS Availability Zones and Local Zones using AWS Systems Manager Parameter Store* 967
- *AWS Solutions: Real-time Analytics with Spark Streaming now supports Spark SQL, Dataframes and more* 967
- *AWS Lake Formation is now available in the Europe (Stockholm) AWS region* 967
- *AWS CodeBuild Test Reporting is now Generally Available* 968
- *AWS Storage Gateway supports FIPS 140-2 compliant endpoints in AWS GovCloud (US) Regions* 968
- *AWS Marketplace launches rapid data delivery for Sellers and Consulting Partners* 968
- *Amazon DynamoDB local adds support for empty values for non-key String and Binary attributes and 25-item transactions*..... 969
- *AWS announces custom chat retention policies for the Amazon Chime application* 969
- *Amazon RDS for PostgreSQL Supports PostgreSQL 12 and New Minor Versions 11.7, 10.12, 9.6.17, and 9.5.21 in AWS GovCloud (US) Regions* 969
- *Amazon Virtual Private Cloud (VPC) now supports Bring Your Own IPv6 Addresses (BYOIPv6)* 970
- *AWS announces Deep Learning Containers for TensorFlow 2.2*..... 970

- *New Digital Course on AWS Security, Identity, and Compliance Now Available* 970
- *Amazon Neptune refreshes the console to simplify database creation* 971
- *AWS Resource Groups now available in AWS Africa (Cape Town) and AWS Europe (Milan) Regions* 971
- *AWS Global Accelerator Now Supports Endpoints in the Africa (Cape Town) and Europe (Milan) Regions* 971
- *Amazon Elastic File System (Amazon EFS) is now available in the Europe (Milan) region* 972
- *Amazon Transcribe now supports vocabulary filtering for real-time transcription* 972
- *AWS Backup supports new options for customizing backup selections* 972
- *Amazon Chime SDK adds Data Messages for Real-time Signaling*..... 973
- *Amazon QLDB now supports real-time streaming* 973
- *Amazon RDS for SQL Server now supports SQL Server Integration Services (SSIS)*..... 973
- *NXP’s EdgeLock™ SE050 Secure Element now qualified for use with AWS IoT Core Multi-Account Registration and AWS IoT Greengrass* 974
- *AWS Client VPN now supports Federated Authentication via SAML 2.0*..... 974
- *Introducing the Game Analytics Pipeline* 974
- *Amazon Fraud Detector Preview is now available in Ohio, Ireland, Singapore and Sydney AWS Regions* 975
- *AWS CloudFormation now supports blue/green deployments for Amazon ECS* 975
- *AWS CloudFormation StackSets is now available in the AWS GovCloud (US-West) Region* 975
- *AWS Elastic Beanstalk adds Traffic Splitting Deployment Policy* 976
- *Introducing Live Streaming on AWS with MediaStore* 976
- *Amazon Elastic Container Service now supports Environment files for the EC2 launch type* 976
- *Amazon Chime SDK Meetings support up to 250 attendees*..... 977
- *Lumberyard Beta 1.24 now available*..... 977
- *EC2 Instance Connect now supports Attribute Based Access Control (ABAC)* 977
- *Introducing the Amazon EKS Best Practices Guide for Security*..... 978
- *Announcing price reduction for AWS Outposts in Bahrain*..... 978
- *AWS Artifact service launches new user interface* 978
- *Easily backup and restore your SAP HANA database to and from Amazon S3 with AWS Backint Agent* 979
- *Announcing availability of AWS Outposts in United Arab Emirates and Kingdom of Saudi Arabia* 979
- *Amazon DynamoDB now supports empty values for non-key String and Binary attributes in DynamoDB tables*..... 979
- *Amazon RDS for SQL Server now supports SQL Server Reporting Services (SSRS)*..... 979
- *Amazon RDS for SQL Server supports Bulk Insert on highly available DB Instances using Amazon S3 Integration* 980
- *Amazon Redshift now leverages Bloom filters to improve data lake query performance by up to 2x*..... 980
- *Espressif’s ESP32-WROOM-32SE module is now qualified for use with AWS IoT Multi-Account Registration* 980

- *Amazon Chime Voice Connector now supports real-time audio streaming for Cisco Unified Border Element Network-Based Recording.....* 981
- *Amazon Chime SDK for JavaScript supported on Ubuntu* 981
- *CloudWatch Application Insights for .NET and SQL Server now supports AWS X-Ray and custom application tiers.....* 981
- *AWS Global Accelerator now supports AWS CloudFormation* 982
- *New Intensive Exam Readiness Course for Architects Available* 982
- *Amazon Forecast now supports new automated data imputation options for the related and target time series datasets* 983
- *AWS Systems Manager enhances support for State Manager resources in AWS CloudFormation* 983
- *AWS Migration Hub is now available in the Asia Pacific (Tokyo) and US East (N. Virginia) Regions* 983
- *AWS Direct Connect launches second location in Bahrain* 983
- *AWS Cloud9 is now available in 5 more regions* 984
- *Amazon RDS for Oracle now supports April 2020 Oracle Patch Set Updates (PSU) and Release Updates (RU)* 984
- *New AWS CloudTrail console simplifies trail creation and management* 984
- *Amazon CodeGuru Reviewer announces support for Bitbucket repositories and enhancements.....* 985
- *Amazon CodeGuru announces -javaagent switch to start Profiler* 985
- *New Digital Course Available: Planning an AWS Outposts Implementation.....* 985
- *New Digital Course Available: Configure and Deploy AWS Client VPN* 986
- *AWS Cloud9 is now available with a new default theme* 986
- *Enhanced Amazon CloudWatch Metrics now available in the AWS Elemental MediaConnect Console* 986
- *Announcing major enhancements to Amazon Macie, an 80%+ price reduction, and global region expansion.....* 987
- *Introducing the CDK for Kubernetes, a New Software Development Framework and Open Source Project for Defining Kubernetes Applications Using Code 987*
- *Amazon EKS now available in the AWS GovCloud (US) Regions* 987
- *AWS Single Sign-On supports zero-downtime external IdP certificate rotation.....* 988
- *Amazon Cognito Is Now Available in the AWS GovCloud (US-West) Region* 988
- *Amazon Route 53 is now available in AWS China (Ningxia) Region, Operated by NWCD* 988
- *AWS Secrets Manager is now FedRAMP compliant* 988
- *Amazon Elastic File System (Amazon EFS) is now available in the AWS Africa (Cape Town) region.....* 989
- *Amazon CloudFront announces its first Edge locations in Kolkata and Hamburg* 989
- *AWS Fargate is now available in Africa (Cape Town) Region.....* 989
- *Amazon Kinesis Data Analytics now provides enhanced monitoring for Apache Flink applications.....* 990
- *AWS Console Mobile Application adds support for new services on Android* 990
- *AWS Systems Manager adds support for patching Debian and Oracle Linux instances* 990

- *Enhanced monitoring capabilities for AWS Direct Connect* 991
- *AWS Deep Learning Containers for PyTorch 1.5.0* 991
- *Updates to AWS Deep Learning Containers for TensorFlow 1.15.2 with Python-3.7*..... 991
- *Updates to AWS Deep Learning Containers with Amazon Elastic Inference for TensorFlow and PyTorch & Training and Inference For TensorFlow* ... 992
- *Introducing Heapothesis - An Open-Source Garbage Collector Latency Benchmark with Predictable Allocation Rates* 992
- *Amazon Kendra is now generally available*..... 992
- *Control your email flows in Amazon WorkMail using AWS Lambda*..... 993
- *Amazon EC2 M6g instances powered by AWS Graviton2 processors are now generally available* 993
- *Amazon Connect Now automatically changes Agent Status to Offline on Logout* 993
- *AWS Elemental MediaLive adds content delivery flexibility with three new capabilities*..... 994
- *Introducing AWS Elemental Media Event Management*..... 994
- *Amazon Comprehend Medical is now available in the AWS GovCloud (US-West) Region*..... 994
- *Parameter support is now available with service actions in AWS Service Catalog* 995
- *EC2 Image Builder now includes support for AWS CloudFormation* 995
- *AWS Storage Gateway is now available in AWS Europe (Milan) and AWS Africa (Cape Town) Regions* 995
- *Amazon Aurora with PostgreSQL Compatibility Supports User Authentication with external Microsoft Active Directory* 996
- *Amazon Aurora Multi-Master expands availability to 8 AWS Regions* 996
- *Introducing AWS Trusted Advisor Explorer* 996
- *Amazon EBS direct APIs for Snapshots now available in five additional regions* 997
- *AWS Lake Formation is now available in the South America (Sao Paulo) AWS region* 997
- *AWS Systems Manager now supports resource groups as targets for State Manager*..... 997
- *Video on Demand on AWS now leverages AWS Elemental MediaConvert Accelerated Transcoding*..... 997
- *Amazon CloudWatch Logs Insights now allows you to save queries* 998
- *Amazon Chime adds new policies to govern meeting access*..... 998
- *Introducing Batch Mode Processing for ICD-10-CM and RxNorm Ontology Linking* 998
- *AWS Trusted Advisor adds 5 Cost Optimization checks* 999
- *Announcing higher EBS and Networking performance and 1-year reservation purchase option on Amazon EC2 High Memory Instances* 999
- *AWS Security Hub launches in AWS Europe (Milan) Region*..... 1000
- *Amazon Lightsail firewall now supports source-IP based rules and PING*..... 1000
- *Amazon CodeGuru Reviewer announces pull request dashboard*..... 1000
- *AWS Security Hub launches in AWS Africa (Cape Town) Region* 1000
- *Announcing new query monitoring capabilities in the Amazon Redshift console*..... 1001

- *AWS Database Migration Service Now Supports Expression-Based Data Transformations* 1001
- *AWS Secrets Manager is now available in the AWS Europe (Milan) and AWS Africa (Cape Town) regions* 1001
- *Amazon MSK is now available in AWS GovCloud (US) Regions*..... 1002
- *Amazon RDS for PostgreSQL Supports R5, M5, and T3 Instance Types now available in AWS China (Beijing) region, operated by Sinnet and in AWS China (Ningxia) region, operated by NWCD*..... 1002
- *Neptune Streams feature is now available outside of lab mode*..... 1002
- *AWS Step Functions now supports AWS CodeBuild service integration*..... 1003
- *Add enriched metadata to Amazon VPC flow logs published to CloudWatch Logs and S3*..... 1003
- *Fraud Detection Using Machine Learning adds improved model accuracy and flexibility*..... 1003
- *AWS RoboMaker now supports account-level metrics for simulation resources*..... 1004
- *Amazon EC2 now supports aliases for Amazon Machine Images (AMIs)*..... 1004
- *Amazon CloudWatch now monitors Prometheus metrics - Now in Beta*..... 1004
- *AWS announces Amazon Elasticsearch Service UltraWarm general availability*..... 1005
- *Amazon RDS for SQL Server now supports Distributed Transactions*..... 1005
- *Introducing the new AWS SaaS Competency* 1005
- *Introducing Amazon RDS Ready Partners* 1006
- *Amazon RDS Performance Insights supports SQL-level metrics on Amazon Aurora with MySQL compatibility*..... 1006
- *AWS Elemental MediaLive adds Enhanced Video Quality Mode for AVC Outputs and HDR to SDR conversion process*..... 1006
- *Amazon Pinpoint is now in the AWS GovCloud (US-West) Region*..... 1007
- *NoSQL Workbench for DynamoDB adds support for Linux* 1007
- *AWS Transit Gateway now Supports Inter-Region Peering in AWS GovCloud (US) Regions*..... 1007
- *AWS Systems Manager Explorer now provides a multi-account summary of Trusted Advisor checks* 1008
- *Amazon EC2 Instance Connect is now available in AWS GovCloud (US) Regions*..... 1008
- *AWS License Manager now supports AWS PrivateLink*..... 1008
- *AWS announces a 90%+ price reduction for AWS IoT Device Management Jobs* 1009
- *Amazon S3 Batch Operations adds support for S3 Object Lock* 1009
- *Amazon CodeGuru Profiler announces availability of hourly recommendation reports to remediate issues quickly* 1009
- *Announcing Route Analyzer in AWS Transit Gateway Network Manager*..... 1010
- *AWS DeepComposer announces real-time visualizations for in-console model training and improved interactivity in learning capsules* 1010
- *Amazon CodeGuru Reviewer launches new, more cost-effective pricing model*..... 1010
- *Amazon Fraud Detector Preview is now available in the US West (Oregon) Region* 1011
- *Amazon RDS for SQL Server now supports Windows authentication in more AWS Regions* 1011

- *ECR now supports Manifest Lists for multi-architecture images*..... 1011
- *Amazon Translate now adds support for Mexican Spanish* 1012
- *Amazon Connect now supports Amazon Lex in the Europe (Frankfurt), Europe (London), and Asia Pacific (Singapore) AWS Regions* 1012
- *Amazon EKS Improves Cluster Creation and Management in the AWS Console*..... 1012
- *Amazon Connect decreases telephony pricing* 1013
- *AWS License Manager now supports cross-account license tracking in AWS GovCloud (US) Regions* 1013
- *AWS Storage Gateway adds Amazon S3 Intelligent-Tiering for File Gateway* 1013
- *Simplify IoT device registration and easily move devices between AWS accounts with AWS IoT Core Multi-Account Registration, now generally available*..... 1013
- *Announcing the general availability of AWS IoT Core Fleet Provisioning, a new feature that makes it easy to onboard large numbers of manufactured devices to AWS IoT Core at scale* 1014
- *Amazon Relational Database Service (RDS) Data API Client Library for Java now generally available* 1014
- *Amazon EventBridge schema registry is now generally available* 1014
- *The AWS Well-Architected Tool is now available in the Northern California, São Paulo, and Singapore Regions*..... 1015
- *MATE Desktop Environment added to the Amazon Linux 2 AMI with .NET Core & Mono*..... 1015
- *Amazon SES is now in the AWS GovCloud (US-West) Region*..... 1015
- *Amazon EKS now supports Kubernetes version 1.16*..... 1016
- *AWS Elastic Beanstalk Announces General Availability of Amazon Linux 2 Based Node.js, PHP, Go, and Ruby Platforms* 1016
- *Amazon EFS Updates Service Level Agreement to 99.99%*..... 1016
- *Amazon EBS increases concurrent snapshot copy limits to 20 snapshots per destination Region*..... 1016
- *Announcing General Availability of Amazon SageMaker Notebooks and expansion of Amazon SageMaker Studio to additional AWS regions* 1017
- *Amazon EMR announces support for running clusters with Amazon EC2 Spot Instances in the AWS GovCloud (US) Regions* 1017
- *AWS WAF now supports migration wizard for converting WAF rules from AWS WAF Classic* 1017
- *Amazon SES now offers VPC Endpoint support for SMTP Endpoints*..... 1018
- *Amazon RDS for PostgreSQL Supports New Minor Versions 11.7, 10.12, 9.6.17, and 9.5.21* 1018
- *Amazon RDS for SQL Server supports new Minor Versions* 1018
- *Amazon Transcribe Medical now supports custom vocabulary* 1019
- *Amazon Kinesis Video Streams adds API support to easily retrieve media clips* 1019
- *AWS Config adds additional conformance packs*..... 1019
- *AWS CodeCommit is Now Available in the AWS China (Beijing) Region, Operated by Sinnet, and in the AWS China (Ningxia) Region, Operated by NWCD*..... 1020
- *Kernel Live Patching is now available in Preview for Amazon Linux 2* 1020

- *Introducing Genomics Secondary Analysis using AWS Step Functions and AWS Batch* 1020
- *Standard Contract for AWS Marketplace accelerates software procurement with standardized license terms* 1021
- *AWS Service Catalog adds three new Getting Started portfolios*..... 1021
- *Introducing AWS Lambda Ready Partners* 1021
- *Discover, review, and remediate unintended access to S3 buckets shared through S3 Access Points*..... 1022
- *AWS Data Exchange introduces configurable encryption for data exports to Amazon S3* 1022
- *Amazon CodeGuru Profiler improves process for authorizing new applications*..... 1023
- *AWS Glue now supports serverless streaming ETL*..... 1023
- *Announcing availability of AWS Outposts in Indonesia*..... 1023
- *Announcing the new AWS Europe (Milan) Region* 1024
- *Amazon CloudFront in China announces support for Origin Access Identity* 1024
- *Amazon Aurora with PostgreSQL Compatibility for PostgreSQL 11 is available in all commercial AWS Regions* 1024
- *Amazon Kinesis Data Firehose adds support for streaming data delivery to an Amazon Elasticsearch Service domain in an Amazon Virtual Private Cloud (VPC)* 1025
- *EKS Adds Fargate Support in Frankfurt, Oregon, Singapore, and Sydney AWS Regions* 1025
- *Introducing Amazon Augmented AI (A2I) for human reviews of machine learning predictions* 1025
- *AWS DataSync enhances monitoring capabilities with file-level logging*..... 1026
- *AWS IQ waives fees until June 30, 2020*..... 1026
- *Amazon Keyspaces (for Apache Cassandra) is now generally available* 1026
- *Amazon CloudWatch Synthetics is now generally available* 1027
- *AWS Storage Gateway automates creating new virtual tapes on Tape Gateway*..... 1027
- *Amazon RDS is now available in the Los Angeles AWS Local Zone* 1027
- *AWS AppSync enables support for generic WebSockets clients with GraphQL real-time subscriptions* 1028
- *AWS Storage Gateway increases Tape Gateway write and read performance by 2x*..... 1028
- *Amazon DocumentDB (with MongoDB compatibility) adds improved multi-key indexing capabilities*..... 1028
- *Amazon Detective is now available in the AWS Canada (Central) Region* 1028
- *Introducing Multi-Region Infrastructure Deployment*..... 1029
- *Announcing general availability of Amazon Pinpoint Custom Channels*..... 1029
- *Announcing cost controls for Amazon Redshift Spectrum and Concurrency Scaling* 1029
- *Introducing Multi-Region User Pools* 1030
- *Amazon Lex now available in Europe (London), Europe (Frankfurt) and Asia Pacific (Singapore) AWS Regions*..... 1030
- *Introducing the AWS Transfer Family with fully managed support for SFTP, FTPS, and FTP* 1030

- *CloudWatch Application Insights for .NET and SQL Server now supports AWS Lambda and CloudWatch Events 1031*
- *Amazon EKS managed node groups allow fully private cluster networking 1031*
- *AWS Ground Station is now available in the EU (Ireland) Region 1031*
- *Announcing the new AWS Africa (Cape Town) Region..... 1032*
- *AWS Chatbot Now Generally Available 1032*
- *AWS Config Conformance packs is now available in Asia Pacific (Hong Kong) and Middle East (Bahrain) Regions 1032*
- *You can now use AWS Control Tower to set up new multi-account AWS environments in AWS Organizations..... 1033*
- *Amazon SageMaker now supports Inf1 instances providing high performance and cost-effective machine learning inference 1033*
- *AWS Security Hub launches in AWS GovCloud (US) Regions 1033*
- *AWS Security Hub launches the Foundational Security Best Practices standard 1034*
- *Introducing Amazon AppFlow 1034*
- *AWS Firewall Manager now supports organizational units for policy scoping 1035*
- *Amazon Connect now enables customers to interrupt Amazon Lex Chatbots 1035*
- *Introducing Amazon Linux 2 Ready Partners 1035*
- *AWS Elemental MediaTailor ad break fill preference for live streaming 1036*
- *Introducing TorchServe: a PyTorch model serving framework..... 1036*
- *AWS IoT Events actions now support AWS IoT SiteWise and Amazon DynamoDB as targets 1036*
- *Amazon QuickSight adds Stacked Area charts, legend actions and more 1037*
- *Custom dictionary files now supported on Amazon Elasticsearch Service 1037*
- *Introducing AWS Cost Categories..... 1037*
- *Amazon Route 53 supports Domain Name Transfer between AWS accounts 1038*
- *Amazon GuardDuty simplifies multi-account threat detection with support for AWS Organizations 1038*
- *Now easily identify the identity responsible for the actions performed using IAM roles 1038*
- *AWS Cost Explorer Rightsizing Recommendations Integrates with AWS Compute Optimizer..... 1039*
- *Amazon Redshift introduces support for multi-factor authentication 1039*
- *Amazon RDS for SQL Server now supports SQL Server Analysis Services (SSAS) 1039*
- *Track changes to secrets stored in AWS Secrets Manager using AWS Config and AWS Config Rules 1040*
- *AWS Elemental MediaStore adds lower cost infrequent access storage tier 1040*
- *Amazon FSx is Now Available in the AWS Asia Pacific (Seoul) Region 1040*
- *Exporting HTTP APIs as OpenAPI 3.0 Now Supported by Amazon API Gateway..... 1041*
- *Amazon DocumentDB (with MongoDB compatibility) adds support for cluster deletion protection using AWS CloudFormation..... 1041*
- *Amazon Translate Batch Translation is Now Available in Europe (London)..... 1041*

- *Introducing AWS Elemental Link: A Device to Send Live Video to AWS*..... 1042
- *EC2 Image Builder adds support for Ubuntu, RHEL, CentOS, and SLES* 1042
- *Amazon SageMaker now supports ml.g4dn and ml.c5n instances for ML model training* 1042
- *AWS OpsWorks for Puppet Enterprise Now Supports Custom Domains* 1043
- *AWS Elemental MediaPackage Now Available in Europe (Stockholm) Region* 1043
- *AWS Certificate Manager Private Certificate Authority now includes increased certificate issuance rate limits and support for Amazon S3 bucket encryption* 1044
- *Amazon Connect supports adjustable timeouts for Amazon Lex chatbots* 1044
- *Amazon CloudWatch Synthetics now supports monitoring private endpoints in a VPC* 1044
- *AWS Transit Gateway Network Manager now available in additional AWS Regions*..... 1045
- *Amazon RDS for SQL Server now supports Multifile Native Backups* 1045
- *Amazon MSK is now available in AWS China (Beijing) region, operated by Sinnet and AWS China (Ningxia) region, operated by NWCD*..... 1045
- *Amazon Polly launches Spanish Newscaster style voice* 1045
- *AWS Security Hub launches a new API called BatchUpdateFindings and new Workflow Statuses* 1046
- *Amazon Redshift announces general availability for federated querying* 1046
- *Introducing AWS OpsHub for Snow Family, a graphical user interface to manage AWS Snowball devices* 1047
- *AWS Snowball now supports local AWS IAM* 1047
- *AWS Snowball adds task automation with AWS Systems Manager* 1047
- *AWS Snowball Edge Storage Optimized now delivers 25% faster data transfer performance* 1048
- *New AWS Public Datasets Available from Ford, the Allen Institute for Brain Science, the National Cancer Institute, and others* 1048
- *NICE DCV Releases Version 2020.0 with Surround Sound 7.1 and Stylus Support* 1048
- *AWS Toolkit for JetBrains IDEs Adds New CloudWatch Logs Integration*..... 1049
- *AWS X-Ray SDK for Go is now generally available* 1049
- *AWS IoT Events adds support for custom actions payloads and custom timers* 1049
- *Amazon EKS Now Supports Service-Linked Roles* 1050
- *Amazon RDS now supports MySQL 8.0 in AWS GovCloud (US) Regions*..... 1050
- *AWS Config now supports multi-account, multi-region advanced query in AWS GovCloud (US) Regions*..... 1050
- *Amazon Aurora with PostgreSQL compatibility Supports Additional Sizes for the db.r5 Instance Class*..... 1051
- *Amazon EMR announces EMR release 6.0.0 with new major versions of Hadoop, Hive, HBase, Amazon Linux 2, and support for Docker* 1051
- *Amazon EMR is now available in the AWS Local Zone in Los Angeles* 1051
- *New AWS Elastic Beanstalk console now available* 1052
- *Amazon QuickSight dashboards are now denser with slick look and feel*..... 1052

- *Amplify Framework announces new, rearchitected UI Component and modular JavaScript libraries* 1052
- *AWS CodePipeline now available in the AWS GovCloud (US-West) Region* 1053
- *Amazon Textract now reads Checkboxes and other Selection Elements more accurately*..... 1053
- *AWS Launch Wizard now supports deployment of HANA based SAP applications*..... 1053
- *NICE DCV with a free 90-day demo license is now available*..... 1054
- *Amazon Neptune now supports the T3.medium instance type*..... 1054
- *Amazon ECS and AWS Fargate support for Amazon EFS File Systems now generally available* 1054
- *Amazon DynamoDB global tables are now available in the AWS China (Beijing) Region, operated by Sinnet, and the AWS China (Ningxia) Region, operated by NWCD* 1055
- *AWS Migration Hub now automatically tags migration results for cost tracking* 1055
- *AWS Elastic Beanstalk adds API support for listing platform branches* 1055
- *AWS Fargate launches Platform Version 1.4*..... 1056
- *AWS Elemental MediaConnect and MediaLive add input failover features*..... 1056
- *Local launch constraints are now generally available in AWS Service Catalog*..... 1056
- *Amazon RDS Proxy with PostgreSQL Compatibility (Preview)*..... 1057
- *Create Amazon MSK clusters with T3 brokers for less than \$2.50/day*..... 1057
- *Amazon Managed Cassandra Service now enables you to manage access to resources based on tags* 1057
- *Support for Manifest Filtering and Other Improvements Now Available with AWS Elemental MediaPackage* 1058
- *AWS Elastic Beanstalk Announces General Availability of Amazon Linux 2 Based Docker, Corretto, and Python Platforms* 1058
- *AWS Data Exchange achieves ISO Compliance* 1058
- *Amazon VPC Traffic Mirroring now available in AWS Middle East (Bahrain) region* 1059
- *Amazon Detective is now available in the US West (N. California) Region* 1059
- *Support for Queue Hopping now available with AWS Elemental MediaConvert* 1059
- *Amazon RDS for Oracle Supports Oracle Application Express (APEX) Version 19.2* 1060
- *Announcing support for fine-grained IAM permissions for PrivateLink interface endpoints* 1060
- *Amazon Managed Cassandra Service (preview) now helps you coordinate increments and decrements to column values by using counters*..... 1060
- *Announcing the ability to run Windows Server license included instances on EC2 Dedicated Hosts* 1061
- *Updates to AWS Deep Learning Containers for PyTorch 1.4.0 and MXNet 1.6.0*..... 1061
- *Amazon Cognito Identity Pools now supports Sign in with Apple* 1061
- *New Classroom Course: AWS Security Essentials*..... 1062
- *New Trailhead Training Content: Learn the AWS Cloud Practitioner Essentials* 1062
- *AWS Transit Gateway now Supports Inter-Region Peering in 11 additional regions* 1062

- *Amazon Managed Blockchain now supports Amazon CloudWatch Logs* 1063
- *Introducing Amazon Chime Proxy Phone Sessions* 1063
- *VPC Input and Output Support now available with AWS Elemental MediaConnect* 1064
- *AWS DeepLens launches new tutorials website and adds supports for Python 3* 1064
- *Amplify CLI adds support for additional Lambda runtimes (Java, Go, .NET and Python) and Lambda cron jobs* 1064
- *Amazon Redshift now supports changing node types within minutes with elastic resize*..... 1064
- *AWS announces the Migration Acceleration Program for Windows* 1065
- *Amazon Personalize now provides scores for recommended items*..... 1065
- *Amazon RDS now supports MariaDB 10.4* 1066
- *AWS Elastic Beanstalk Launches support for AWS PrivateLink* 1066
- *AWS Serverless Application Repository allows sharing public applications from all commercial AWS regions*..... 1066
- *AWS Glue now supports the ability to create new tables, update schema and partitions in your Glue Data Catalog from Glue Spark ETL jobs* 1066
- *Amazon RDS for SQL Server now supports In-Region Read Replicas*..... 1067
- *AWS IoT Device Defender Now Available in the AWS China (Beijing) Region, operated by Sinnet, and the AWS China (Ningxia) Region, operated by NWCD*..... 1067
- *AWS RoboMaker now supports configurable Simulation Unit limit*..... 1067
- *AWS Glue now supports reading and writing to Amazon DocumentDB (with MongoDB compatibility) and MongoDB collections using Glue Spark ETL jobs* 1068
- *AWS IoT Device Tester now supports automatic updates for test suites* 1068
- *Amazon GameLift in 2020 – Major update now available in preview* 1068
- *Amazon CloudWatch Logs Insights now available in AWS GovCloud (US-West) Region* 1069
- *Amazon CloudWatch Contributor Insights for Amazon DynamoDB is now available in the AWS GovCloud (US) Regions* 1069
- *Sellers, consulting partners, and data providers from Australia and New Zealand now available in AWS Marketplace and AWS Data Exchange*..... 1070
- *AWS WAF and AWS Shield Advanced now available in Asia Pacific (Hong Kong) and Middle East (Bahrain)*..... 1070
- *Amazon Redshift launches RA3.4xlarge nodes with managed storage* 1070
- *Amazon WorkSpaces enables the bring your own license (BYOL) option in the AWS China (Ningxia) Region, Operated by NWCD* 1070
- *Amazon EBS crash-consistent snapshot ability now available in AWS GovCloud (US) Regions* 1071
- *Amazon CodeGuru Profiler flame graphs are now easier to use*..... 1071
- *Amazon MSK adds support for Apache Kafka version 2.4.1*..... 1071
- *Amazon Data Lifecycle Manager Now Available in the AWS GovCloud (US) Regions* 1072
- *Amazon CloudWatch Contributor Insights is now generally available*..... 1072
- *Amazon Transcribe Medical now supports batch transcription of medical audio files*..... 1072

- *Amazon CodeGuru Profiler now includes support for AWS CloudFormation* 1073
- *AWS IoT Device Defender now supports Dimensions for topic-based metric monitoring* 1073
- *Amazon Rekognition Custom Labels now supports delete functionality for Projects and Models*..... 1073
- *Amazon CloudWatch Contributor Insights for Amazon DynamoDB is now generally available* 1074
- *AWS DeepComposer is now generally available* 1074
- *Receive Notifications for AWS CodeBuild, AWS CodeCommit, AWS CodeDeploy, and AWS CodePipeline in Slack* 1074
- *Amazon Neptune now supports the r5.8xlarge instance type* 1075
- *Amazon Elastic File System announces 400% increase in read operations for General Purpose mode file systems* 1075
- *Amazon Sumerian supports exporting your scenes to glTF*..... 1075
- *Amazon Connect adds custom terminating keypress for DTMF* 1076
- *Amazon SES is now available in the Canada (Central), EU (London), and South America (Sao Paulo) Regions*..... 1076
- *AWS Storage Gateway adds audit logs for File Gateway to address enterprise compliance requirements* 1076
- *New Classroom Course: The Machine Learning Pipeline on AWS* 1077
- *AWS Firewall Manager support for AWS WAF and AWS Managed Rules* 1077
- *The AWS Toolkit for Visual Studio Code now supports AWS Step Functions*..... 1077
- *AWS Lambda now supports .NET Core 3.1* 1078
- *Simplify cloud resource management with AWS Service Management Connector for Jira Service Desk*..... 1078
- *AWS Elemental MediaStore now supports CloudWatch Metrics* 1078
- *Amazon Managed Blockchain is now available in the Asia Pacific (Seoul) region* 1079
- *Amazon Detective is now generally available* 1079
- *Amazon RDS Now Supports PostgreSQL 12* 1079
- *Amazon Managed Cassandra Service (preview) now enables you to label and categorize resources by using tags* 1080
- *Review and remediate unintended access allowed on your AWS resources from outside your AWS organization*..... 1080
- *AWS Canada (Central) Region Adds Third Availability Zone* 1080
- *Amazon Redshift RA3 nodes are now available in the Canada, Brazil (São Paulo), and Europe (Paris) regions* 1081
- *All Amazon Chime meetings now support up to 250 attendees*..... 1081
- *AWS Database Migration Service now supports replicating data to Apache Kafka streaming platform* 1081
- *AWS App Mesh adds support to connect services deployed in multiple AWS accounts into a shared mesh* 1082
- *Amazon FSx for Windows File Server is Now Available in the AWS Asia Pacific (Hong Kong) Region* 1082
- *Amazon FSx for Lustre is Now Available in the AWS Asia Pacific (Hong Kong) Region* 1082
- *AWS Managed Services expands big data capabilities with support for Amazon Sagemaker, AWS Lake Formation, and Amazon CloudSearch* 1082
- *New Quick Start deploys AWS Database Migration Service Automation Framework* 1083

- *AWS Service Catalog quotas can now be managed through AWS Service Quotas* 1083
- *Amazon DocumentDB (with MongoDB compatibility) Adds Support for Role-Based Access Control* 1083
- *Amazon FSx for Windows File Server launches the lowest cost file storage in the cloud for Windows workloads at 1.3 cents per GB-month* 1084
- *Amazon EKS Updates Service Level Agreement to 99.95%* 1084
- *Amazon Redshift now recommends sort keys for improved query performance* 1084
- *AWS Service Catalog is now available in the AWS GovCloud (US-East) Region* 1085
- *Introducing AWS Solutions Consulting Offers* 1085
- *Amazon Managed Blockchain now supports Amazon CloudWatch Logs* 1085
- *Amazon Route 53 Resolver endpoints for hybrid cloud are now available in the South America (São Paulo) and Middle East (Bahrain) Regions* 1086
- *AWS Systems Manager announces enhanced AWS Resource Groups view* 1086
- *AWS Outposts is now Supported in AWS GovCloud (US) Regions* 1086
- *AWS Cost Explorer now offers Savings Plans Recommendations for Member (Linked) Accounts* 1086
- *AWS Migration Hub is now available in the Asia Pacific (Sydney) Region* 1087
- *Amazon Managed Cassandra Service now helps you automate the creation and management of resources by using AWS CloudFormation* 1087
- *Updated Classroom Course: DevOps Engineering on AWS* 1087
- *Introducing Voicemail for Amazon Connect* 1088
- *AWS Resource Groups now supports AWS CloudFormation* 1088
- *Updates to AWS Deep Learning Containers for TensorFlow (1.15.2 & 2.1.0), PyTorch 1.4.0, and MXNet 1.6.0* 1088
- *AWS License Manager’s Dedicated Host management capabilities are now available in additional regions* 1089
- *AWS Data Exchange Released Multiple Console Enhancements Making It Easier for Subscribers and Providers to Interact with Data Sets* 1089
- *Build Mobile Communications Applications with the Amazon Chime SDKs for iOS and Android* 1089
- *AWS License Manager now allows you to track Oracle database licenses on Amazon Relational Database Service (RDS)* 1090
- *AWS Transit Gateway Network Manager now includes support for AWS CloudFormation* 1090
- *Amazon DocumentDB (with MongoDB compatibility) adds \$dateFromString and executionStats capabilities* 1090
- *AWS Global Accelerator launches TCP Termination at the Edge* 1091
- *Amazon Kinesis Data Streams now supports scaling up to 10,000 MB/s throughput with a single API call* 1091
- *Review and remediate unintended access allowed on your AWS resources from outside your AWS organization* 1091
- *Use Amazon VPC Endpoint Policies for granular control of Amazon EC2 APIs* 1092
- *Amazon CloudWatch cross-account cross-region dashboards now available in AWS GovCloud (US) Regions* 1092
- *Amazon CloudWatch now supports AWS PrivateLink in AWS GovCloud (US) Regions* 1092
- *AWS Site-to-Site VPN now supports certificate authentication for connections to AWS Transit Gateway* 1093
- *Amazon CloudWatch dashboards metric quotas has increased* 1093

- *RDS MySQL and MariaDB Increase Maximum Storage Size for R5 Instances* 1093
- *Amazon CloudWatch now provides more metric data, faster, with GetMetricData quota increase* 1094
- *Amazon QuickSight launches image support on dashboards and more* 1094
- *Applications using Amazon SNS to send SMS can now be hosted in the AWS GovCloud (US-West) Region*..... 1094
- *Amazon AppStream 2.0 Now Supports EC2 g4dn Instances* 1095
- *Amazon Elastic Container Service (Amazon ECS) now supports Service Discovery in three additional AWS regions* 1095
- *Amazon EBS crash-consistent snapshot ability now available in Asia Pacific (Osaka) Region*..... 1095
- *Amazon Data Lifecycle Manager now available in the Asia Pacific (Osaka) region*..... 1096
- *Amazon EC2 Hibernation now Lets you Pause and Resume Your Workloads on T2 Instance Types*..... 1096
- *Amazon Managed Blockchain is now available in the Europe (Ireland) region* 1096
- *Execute Chef recipes on Linux with AWS Systems Manager* 1097
- *Amazon Managed Cassandra Service (preview) is now available in 18 AWS Regions*..... 1097
- *Amazon GuardDuty Price Reduction* 1097
- *AV1 Encoding Now Available with AWS Elemental MediaConvert* 1098
- *Reduce ML inference costs on PyTorch with Amazon Elastic Inference* 1098
- *Amazon ECS supports in Preview updating Placement Strategy and Constraints for existing ECS Services* 1098
- *Amazon Managed Cassandra Service now helps you manage access to your keyspaces and tables by using AWS IAM roles and federated identities*
1099
- *Amazon VPC Flow Logs Now Support Resource Tagging and Tag-on-Create* 1099
- *AWS Ground Station is now available in the Asia Pacific (Sydney) Region in Australia* 1099
- *Introducing Customizations for AWS Control Tower solution* 1100
- *You now can update your Amazon DynamoDB global tables from version 2017.11.29 to the latest version with a few clicks in the DynamoDB Console*
1100
- *Amazon S3 adds tagging support for S3 Batch Operations jobs* 1100
- *Amazon Connect Adds Phone Numbers in Twelve New Countries*..... 1101
- *Amazon ElastiCache for Redis announces Global Datastore*..... 1101
- *Amazon Forecast is now available in three new regions - Asia Pacific (Sydney, Mumbai) and Europe (Frankfurt)*..... 1101
- *AWS App Mesh launches support for end to end encryption* 1102
- *Amazon EC2 X1e Instance’s largest size is Now Available in the South America (Sao Paulo) AWS Region* 1102
- *Amazon DynamoDB on-demand capacity mode is now available in the Asia Pacific (Osaka-Local) Region* 1102
- *Amazon CloudWatch Anomaly Detection now available in the AWS GovCloud (US) Regions*..... 1103
- *Amazon Athena adds support for managing Athena Workgroups using AWS CloudFormation* 1103

- *Introducing Amazon Personalize Optimizer Using Amazon Pinpoint Events*..... 1103
- *Amazon ECS Cluster Auto Scaling now Available in AWS GovCloud (US) Regions* 1104
- *AWS Batch now supports FSx for Lustre new persistent and scratch file systems* 1104
- *Amazon Athena now publishes CloudWatch Events for Athena query state transitions* 1104
- *AWS Security Hub adds new fields and resources to the AWS Security Finding Format* 1104
- *Amazon Managed Blockchain is now available in the Asia Pacific (Tokyo) region* 1105
- *AWS AppConfig announces integration with Amazon S3* 1105
- *API Gateway offers private integrations with AWS ELB and AWS CloudMap as part of HTTP APIs GA release* 1106
- *Amazon Redshift introduces support for materialized views (Generally Available)*..... 1106
- *AWS Resource Access Manager is Now Available in the Middle East (Bahrain) Region* 1106
- *AWS Storage Gateway is now available in AWS GovCloud (US-East)* 1107
- *AWS Elastic Beanstalk Launches Docker on AL2 Platform (Beta)* 1107
- *Amazon Lex now supports resource tagging*..... 1107
- *Amazon Elasticsearch Service announces support for Elasticsearch versions 7.4*..... 1107
- *Amazon Redshift launches pause and resume* 1108
- *Amazon Kinesis Data Firehose now supports AWS PrivateLink in the AWS GovCloud (US) Regions*..... 1108
- *AWS Directory Service for Microsoft Active Directory and AD Connector are now available in the AWS Middle East (Bahrain) Region* 1108
- *Amazon Neptune is Now Available in the AWS EU (Paris) Region* 1109
- *AWS Resource Access Manager is Now Available in the Asia Pacific (Hong Kong) Region*..... 1109
- *AWS App Mesh is now available in Asia Pacific (Hong Kong) Region* 1109
- *HDR to SDR Tone Mapping Now Available with AWS Elemental MediaConvert* 1109
- *Announcing the AWS Game Tech Learning Path* 1110
- *New AWS Certification validates expertise in AWS databases* 1110
- *Amazon RDS Performance Insights Supports Amazon RDS for MySQL Version 8.0* 1110
- *AWS Serverless Application Repository adds support for sharing applications with AWS organizations* 1111
- *Announcing Bottlerocket, a new open source Linux-based operating system purpose-built to run containers* 1111
- *Amazon EKS now supports Kubernetes version 1.15*..... 1111
- *ECR now supports PrivateLink in AWS GovCloud (US-East)*..... 1112
- *Amazon Aurora with PostgreSQL Compatibility supports Amazon Aurora Global Database* 1112
- *Amazon Data Lifecycle Manager (DLM) Adds Support For 1 hour Backup Interval* 1112
- *AWS Config support for Amazon SNS is now available in AWS Commercial and AWS GovCloud (US) Regions*..... 1113
- *AWS CloudFormation Drift Detection and Resource Import now available in seven additional AWS regions*..... 1113

- *New AWS Deep Learning AMIs with Updated Framework Support: Tensorflow (1.15.2 & 2.1.0), PyTorch 1.4.0, MXNet 1.6.0, and Elastic Inference with Pytorch 1.3.1* 1113
- *Amazon VPC NAT Gateway Now Supports Tag-on-Create*..... 1113
- *Amazon SageMaker Ground Truth Now Supports Multi-Label Image and Text Classification and Amazon CloudWatch Events* 1114
- *Amazon RDS for MySQL now Supports Minor Versions 5.6.46, 5.7.28, and 8.0.17*..... 1114
- *Applications using Amazon SNS to send SMS can now be hosted in the Asia Pacific (Mumbai) and Europe (Frankfurt) regions* 1114
- *AWS adds the ability for customers to enable AWS Local Zones themselves*..... 1115
- *Provision AWS Chatbot configurations with AWS CloudFormation* 1115
- *Amazon Managed Blockchain is now available in the Asia Pacific (Singapore) region*..... 1115
- *AWS WAF adds Anonymous IP List for AWS Managed Rules*..... 1116
- *AWS RoboMaker simulation now supports GUI streaming for robot and simulation applications* 1116
- *AWS Console Mobile Application Launches a New Android Version*..... 1117
- *AWS Config now supports multi-account, multi-region aggregation & advanced query in Europe (Stockholm) Region* 1117
- *Amazon Aurora with PostgreSQL compatibility supports in-place upgrade from PostgreSQL 9.6 to 10* 1117
- *Amplify Console adds command line interface for configuring continuous deployment and hosting* 1117
- *Amazon EKS adds envelope encryption for secrets with AWS KMS* 1118
- *AWS Backup is Now Available in AWS China (Beijing) Region, operated by Sinnet, and AWS China (Ningxia) Region, operated by NWCD* 1118
- *AWS Control Tower now available in Asia Pacific (Sydney) Region* 1118
- *Announcing column-level access control for Amazon Redshift*..... 1119
- *AWS CodeCommit Introduces git-remote-codecommit, a New Git Credential Helper*..... 1119
- *Amazon Pinpoint added template personalization using Machine Learning* 1119
- *Amazon CloudWatch now allows you to combine multiple alarms* 1120
- *Now proactively manage your ECR API use with CloudWatch Metrics and Service Quotas* 1120
- *AWS ParallelCluster 2.6.0 with CloudWatch Logs integration and More*..... 1120
- *NoSQL Workbench for Amazon DynamoDB is now generally available*..... 1121
- *Automate index management with Amazon Elasticsearch Service* 1121
- *Build k-Nearest Neighbor (k-NN) similarity search engine with Amazon Elasticsearch Service*..... 1121
- *New Classroom Course: Media Essentials for IT Business Decision Makers*..... 1122
- *Amazon Aurora with PostgreSQL Compatibility 10.7 is now available in AWS GovCloud (US) Regions* 1122
- *AWS Secrets Manager now supports larger size for secrets and higher request rate for GetSecretValue API* 1122
- *Amazon VPC Endpoints For Amazon SQS Are Now Available In The Middle East (Bahrain) Region* 1123
- *Amazon FSx for Lustre CSI Driver Supports New File System Deployment Options*..... 1123

- *Amazon Aurora with PostgreSQL Compatibility Supports User Authentication with Kerberos and Microsoft Active Directory* 1123
- *Amazon Neptune refreshes the console experience to simplify management of your database* 1123
- *Amazon Athena adds support for querying data in S3 buckets using AWS Identity and Access Management’s aws:CalledVia condition key*..... 1124
- *AWS Lambda@Edge now supports Node 12.x and Python 3.8*..... 1124
- *AWS Control Tower now supports single-step account provisioning* 1124
- *US commercial regions now support Bank Redirect payment method in Chinese Yuan for China based customers*..... 1125
- *Introducing AWS Config multi-account, multi-region support for advanced query* 1125
- *Announcing Time Expression for Amazon Comprehend Medical*..... 1125
- *Amazon AppStream 2.0 adds support for native application mode on Windows PCs* 1126
- *Amazon FSx now enables you to create and use file systems in Shared Amazon Virtual Private Clouds (VPCs)* 1126
- *Amazon EKS now available in the AWS China (Beijing) Region, operated by Sinnet, and the AWS China (Ningxia) Region, operated by NWCD*..... 1126
- *Amazon Connect makes it easier to customize the caller experience by adding attributes to existing contact flow blocks* 1127
- *AWS Systems Manager now supports AWS PrivateLink in the AWS GovCloud (US) Regions* 1127
- *New Quick Start deploys Nubeva TLS Decrypt on the AWS Cloud*..... 1127
- *Amazon Lightsail now supports resource monitoring, alarming and notifications*..... 1128
- *Improve your training time, model stability and accuracy on Amazon Forecast by leveraging new hyperparameters now supported on DeepAR+*.. 1128
- *AWS X-Ray now available in AWS GovCloud (US) Regions*..... 1128
- *AWS IoT Device Tester v2.3.0 for AWS IoT Greengrass is now available* 1128
- *AWS Global Accelerator now supports Bring Your Own IP Addresses and Resource Tagging* 1129
- *New AWS Deep Learning Containers with Tensorflow (1.15.2, 2.0.1, & 2.1.0), PyTorch 1.4.0, and MXNet 1.6.0* 1129
- *Amazon Connect announces per-second billing, saving customers up to 5% in telephony costs* 1130
- *Amazon MSK can now stream broker logs to CloudWatch Logs, Amazon S3, or Amazon Elasticsearch Service*..... 1130
- *Announcing 36% faster EBS-optimized performance on additional AWS Nitro System-based Amazon EC2 instances* 1130
- *Amazon Managed Cassandra Service quota information is now available through Service Quotas*..... 1131
- *Amazon RDS Performance Insights Supports Amazon RDS for MariaDB Version 10.3* 1131
- *New Quick Start deploys Amazon FSx for Windows File Server on AWS*..... 1131
- *Amazon Transcribe now supports automatic content redaction* 1132
- *Amazon RDS MariaDB 10.3 is now available in AWS GovCloud (US) Regions* 1132
- *AWS IoT Greengrass now supports Advanced Package Tool (APT) package management*..... 1132
- *AWS Service Catalog is now available in Hong Kong and Bahrain*..... 1133
- *The AWS Well-Architected Tool is now available in the Stockholm, Paris, and Mumbai Regions* 1133
- *New version of AWS Certified Solutions Architect - Associate exam is now available* 1133

- *AWS Step Functions now supports CloudWatch Logs for standard workflows* 1133
- *Amazon Managed Cassandra Service now enables you to add new columns to existing tables* 1134
- *Amazon EC2 now supports tagging EC2 spot fleet requests* 1134
- *AWS Chatbot Now Supports Amazon CloudWatch Metrics and Logs* 1134
- *Amazon FSx for Lustre Launches Persistent File Systems, Increases Performance on Scratch File Systems, Supports AWS KMS, and Enables Encryption In-Transit* 1135
- *AWS launches Activate Founders package, offering up to \$1,000 in credits to select bootstrapped startups* 1135
- *Amazon EC2 Auto Scaling now provides notifications via AWS Health Service* 1135
- *Amazon ECS Now Supports secret versions and JSON Keys with AWS Secrets Manager Version for EC2 Launch Type* 1136
- *Amazon RDS for Oracle now supports January 2020 Oracle Patch Set Updates (PSU) and Release Updates (RU)* 1136
- *New partner integrations available for AWS Security Hub* 1136
- *Amazon RDS for MariaDB Supports Minor Version 10.3.20* 1137
- *AWS Identity and Access Management (IAM) introduces a new control for requests that AWS services make on your behalf* 1137
- *Amazon CloudFront in China announces support for Usage and Activity Reports in the Console* 1137
- *AWS Lambda participates in Compute Savings Plans* 1138
- *Amazon RDS on VMware can report disconnected status* 1138
- *Slice system updates and NVIDIA Cloth Gem arrive in Lumberyard Beta 1.23* 1138
- *Amazon Pinpoint achieves HIPAA eligibility for the SMS channel* 1139
- *Amazon Managed Cassandra Service now enables you to optimize the price of throughput for predictable workloads* 1139
- *AWS Lambda now supports Ruby 2.7* 1139
- *New Quick Start deploys the Compliance IRAP PROTECTED Reference Architecture on the AWS Cloud* 1140
- *Amazon EC2 Auto Scaling Now Supports Enabling and Disabling Scaling Policies* 1140
- *Amazon RDS for SQL Server now supports Z1d instances* 1140
- *Amazon Neptune Now Supports Stopping and Starting of Database Clusters* 1141
- *Amazon Neptune now enforces SSL connections* 1141
- *AWS IoT Device Tester v1.7.0 for FreeRTOS is now available* 1141
- *You can now receive notifications about pull request approvals in AWS CodeCommit* 1142
- *Amazon ECR raises and simplifies image API quotas to start new workloads quicker* 1142
- *Announcing Microsoft Azure Active Directory support for Amazon Redshift* 1142
- *Amazon VPC Endpoints and Endpoint Services now support Tag-On Create* 1143
- *Amazon Forecast now uses public holiday data from over 30 countries to improve forecast accuracy* 1143
- *AWS Lambda metric for Concurrent Executions now supports all functions, versions, and aliases* 1143

- *You can now restore Amazon DynamoDB table backups as new tables in other AWS Regions* 1143
- *AWS Firewall Manager now supports AWS CloudFormation*..... 1144
- *Amazon Rekognition now detects text in videos, and lets you filter results by region, bounding box size and confidence score* 1144
- *AWS Console Mobile Application adds support for new services on iOS*..... 1145
- *AWS Security Hub launches security checks aligned to the Payment Card Industry Data Security Standard*..... 1145
- *Amazon RDS for SQL Server Now Supports Joining a Domain Across AWS Accounts and VPCs using Managed Microsoft AD*..... 1145
- *Amazon EBS Multi-Attach now available on Provisioned IOPS io1 volumes* 1146
- *AWS Directory Service enhances security between AWS applications and Active Directory with secure LDAP improvements*..... 1146
- *Amazon EKS Announces Release of VPC CNI Version 1.6* 1146
- *AWS Config Support for Amazon SQS Is Now Available in AWS Commercial and AWS GovCloud (US) Regions*..... 1147
- *AWS Shield Advanced now supports Health Based Detection* 1147
- *Now enable Amazon EC2 Hibernation for On-Demand and Reserved Instances through AWS CloudFormation* 1147
- *Amazon ECS-optimized Linux 2 AMIs now come with pre-installed AWS Systems Manager Agent* 1148
- *Amazon WorkSpaces New Client Release* 1148
- *AWS Systems Manager now enables auto-approval of patches by date*..... 1148
- *AWS Data Exchange introduces email notifications for subscription requests* 1149
- *Amazon MSK increases the default broker limit per cluster to 30 brokers* 1149
- *AWS Storage Gateway is now available in AWS China (Ningxia)*..... 1149
- *Notification rules for AWS CodeCommit, AWS CodeBuild, and AWS CodeDeploy are now available in Hong Kong and Bahrain* 1150
- *AWS AppConfig launches support for AWS CloudFormation* 1150
- *Amazon RDS for Oracle now supports Oracle OLAP*..... 1150
- *AWS App Mesh is now available in Europe (Stockholm), South America (São Paulo) and Middle East (Bahrain) regions* 1150
- *AWS CloudFormation StackSets introduces automatic deployments across accounts and regions through AWS Organizations*..... 1151
- *Amazon Cognito User Pools service now supports case insensitivity for user aliases*..... 1151
- *Amazon Comprehend is Now Available in the AWS Asia Pacific (Seoul), Asia Pacific (Tokyo), and Asia Pacific (Mumbai) regions* 1152
- *Aurora PostgreSQL Supports Machine Learning, Export to Amazon S3, and New Minor Versions*..... 1152
- *Amazon RDS for Oracle now supports Federal Information Processing Standard (FIPS) 140-2 for Secure Sockets Layer (SSL)*..... 1152
- *Amazon RDS for PostgreSQL Supports New Minor Versions 11.6, 10.11, 9.6.16, and 9.5.20* 1152
- *Amazon RDS for PostgreSQL now supports additional sizes for db.m5 and db.r5 instance classes*..... 1153
- *Now Available: Updated Versions of 2 APN Partner Digital Courses* 1153
- *AWS Elastic Beanstalk Launches Python 3.7 on AL2 Platform (Beta)*..... 1153
- *AWS Well-Architected Tool now supports AWS Serverless Lens* 1154

- *Amazon EC2 I3en and C5 Instances are Now Available in additional regions*..... 1154
- *Configure fine-grained data access with Amazon Elasticsearch Service* 1154
- *EC2 Hibernation adds support for Ubuntu 16.04 LTS* 1155
- *Up to 50 Outputs per Flow Now Supported in AWS Elemental MediaConnect*..... 1155
- *Introducing Multi-Region Asynchronous Object Replication Solution*..... 1155
- *Introducing content filtering for Amazon EventBridge* 1155
- *Amazon EC2 vCPU-based On-Demand Instance Limits are Now Available in GovCloud (US) Regions*..... 1156
- *AWS Managed Services (AMS) supports additional AWS Services*..... 1156
- *Amazon Personalize can now use 10X more item attributes to improve relevance of recommendations* 1156
- *New Quick Start deploys Poly-integrated Amazon Connect CCP on AWS* 1157
- *AWS AppSync releases integration with AWS X-Ray and GraphQL Info object support* 1157
- *AWS RoboMaker now supports creating simulation jobs in batch with a single API call* 1157
- *Amazon Lex announces support for Alphanumeric slot type* 1158
- *Use the new Amazon CloudWatch metrics for Amazon DynamoDB Accelerator (DAX) to gain more insights into your DAX clusters' performance*.. 1158
- *Amazon RDS Data API now supports AWS PrivateLink* 1158
- *Amazon Elastic Container Service has added support for canary deployments*..... 1159
- *AWS CodeBuild Adds Support for Amazon EFS* 1159
- *Amazon EC2 adds the ability to easily query the billing information of Amazon Machine Images (AMIs)*..... 1159
- *Amazon DocumentDB (with MongoDB compatibility) adds \$objectToArray, \$arrayToObject, \$slice, \$mod, and \$range Aggregation Pipeline Operators*
1160
- *New Quick Start deploys Provectus Streaming Data Platform on AWS* 1160
- *DynamoDB global tables are now available in the Asia Pacific (Mumbai), Canada (Central), EU (Paris), and South America (Sao Paulo) Regions*.... 1160
- *Amazon ECS now Supports tagging for Task Sets* 1161
- *AWS Security Hub adds 15 new resources, increases resources limit, and adds RelatedRequirements field* 1161
- *Amazon RDS Performance Insights Supports SQL-level Metrics on Amazon RDS for MariaDB* 1161
- *Now rerun commands with AWS Systems Manager Run Command in just a few clicks* 1162
- *Amazon MQ is Now Available in Asia Pacific (Hong Kong), and Middle East (Bahrain) regions*..... 1162
- *Amazon VPC Flow Logs Now Support 1-minute Aggregation Intervals* 1162
- *Announcing AWS Ground Station Cross Region Data Delivery*..... 1163
- *Amazon Cognito User Pools service now supports logging for all API calls with AWS CloudTrail*..... 1163
- *Introducing the Desktop Client for AWS Client VPN* 1163
- *Amazon RDS Performance Insights Supports SQL-level Metrics on Amazon RDS for MySQL*..... 1164

- *Amazon Elastic File System (Amazon EFS) is now available in the AWS GovCloud (US-East) Region* 1164
- *Amazon QuickSight launches enhancements to narrative editor and anomaly detection* 1164
- *Amazon Redshift now supports per-second billing* 1165
- *AWS Storage Gateway is now available on Linux KVM hypervisor* 1165
- *Cloud9 launches support for tagging new and existing environments* 1165
- *AWS Trusted Advisor expands to new regions and updates existing checks* 1165
- *Amazon EBS increases limits on Fast Snapshot Restore and expands availability to additional regions*..... 1166
- *AWS RoboMaker supports sudo access inside robot and simulation applications at runtime*..... 1166
- *Amazon Polly Launches Brand Voice*..... 1166
- *Amazon Translate is now FedRAMP compliant*..... 1167
- *AWS Compute Optimizer Available In 11 Additional Regions* 1167
- *AWS Config now supports multi-account, multi-region aggregation in AWS GovCloud (US) Regions*..... 1167
- *AWS Backup is now available for Amazon Elastic File System (Amazon EFS) in 4 additional regions*..... 1168
- *Amazon Managed Cassandra Service now supports ordering clauses in CQL queries and AWS CloudTrail logging* 1168
- *AWS Batch now available in AWS GovCloud (US) Regions*..... 1168
- *New Digital Course: Architecting Serverless Solutions* 1168
- *New Digital Course: AWS Transit Gateway Networking and Scaling*..... 1169
- *AWS Certificate Manager Private Certificate Authority Now Offers CloudFormation Resources* 1169
- *AWS OpsWorks for Chef Automate Now Supports In-Place Upgrade to Chef Automate 2*..... 1169
- *Amazon Forecast now available in Seoul (Asia Pacific) region* 1170
- *Amazon EC2 T3 instances now support launching as Dedicated Instances* 1170
- *AWS DataSync can now transfer data to and from Amazon FSx for Windows File Server* 1170
- *AWS Cloud Map supports editing custom service instance attributes in the AWS Console* 1171
- *AWS Elemental MediaConnect Now Available in Asia Pacific (Hong Kong) Region*..... 1171
- *Amazon GuardDuty announces threat detection enhancements, reducing alert volume and increasing accuracy for common customer deployed architectures* 1171
- *Amazon MSK is now available in Middle East (Bahrain)* 1172
- *Announcing Amazon Relational Database Service (RDS) Snapshot Export to S3* 1172
- *Deep Learning Containers Updates for SageMaker Debugger and Tensorflow Serving* 1172
- *AWS IAM policy simulator now simulates permissions boundary policies*..... 1173
- *AWS Elastic Beanstalk adds support for Windows Server 2019 and .NET Core 3.1* 1173
- *Amazon MQ now supports ActiveMQ Version 5.15.10* 1173

- *AWS Auto Scaling now available in AWS GovCloud (US) Regions*..... 1174
- *Amazon RDS for MySQL Supports Authentication with Microsoft Active Directory*..... 1174
- *Amazon Elastic File System (Amazon EFS) is now available in the AWS China (Beijing) Region, operated by Sinnet, and AWS China (Ningxia) Region, operated by NWCD* 1174
- *AWS Control Tower introduces lifecycle event notifications*..... 1174
- *Quick Start Update: HashiCorp Consul on the AWS Cloud* 1175
- *Amazon EBS direct APIs for Snapshots Now Available in Ten Additional Regions* 1175
- *New AWS Public Datasets Available from Ford, NASA, and NREL*..... 1175
- *Amazon EKS Announces a 50% Price Reduction*..... 1176
- *Amazon Neptune provides database deletion protection*..... 1176
- *Amazon VPC Ingress Routing Now Supports AWS CloudFormation*..... 1176
- *AWS IoT Greengrass Core SDK for Node.js (v1.6.0) now supports Greengrass Stream Manager* 1176
- *AWS Outposts is now available in seven new regions and additional countries*..... 1177
- *Amazon CloudWatch Synthetics is now available in 13 additional regions* 1177
- *New Classroom Course: Planning and Designing Databases on AWS*..... 1177
- *Announcing the AWS Game Tech Starter Pack Digital Training Curriculum* 1178
- *New Digital Course on edX: Building Containerized Applications on AWS*..... 1178
- *AWS Key Management Service expands support for asymmetric keys*..... 1178
- *Amazon SageMaker Now Supports TensorFlow 2.0*..... 1179
- *Amazon CloudWatch Synthetics is now available in 13 additional regions* 1179
- *Query Volume Metrics Now Available for Amazon Route 53 Resolver Endpoints*..... 1179
- *Amazon Personalize is now available in Asia Pacific (Seoul)*..... 1180
- *AWS CodePipeline Enables Stopping Pipeline Executions* 1180
- *AWS to Launch Standard AWS Region in Osaka in Early 2021*..... 1180
- *AWS announces 80% price reduction for CloudEndure Disaster Recovery*..... 1181
- *MP3 Audio Output Now Available with AWS Elemental MediaConvert* 1181
- *Amazon ECS Preview Support for EFS file systems Now Available* 1181
- *AWS Direct Connect supports AWS Transit Gateway for AWS Middle East (Bahrain) Region* 1182
- *Amazon Data Lifecycle Manager Now Available in the Asia Pacific (Hong Kong) and Middle East (Bahrain) Region*..... 1182
- *AWS Health enables aggregation of health events across AWS Organizations*..... 1182
- *Amazon Aurora Supports the READ COMMITTED Isolation Level on Read Replicas* 1183
- *AWS Elastic Beanstalk Command Line Interface (EBCLI) is now open source* 1183

- *AWS Glue adds new transforms (Purge, Transition and Merge) for Apache Spark applications to work with datasets in Amazon S3.....* 1183
- *AWS Systems Manager now provides flexible reboot options for patching.....* 1184
- *AWS Client VPN now Supports Port Configuration.....* 1184
- *R5 instance family is now available in the South America (Sao Paulo) Region.....* 1184
- *Amazon Connect Now Supports Amazon Lex in the Asia Pacific (Sydney) AWS Region.....* 1185
- *Amazon Kinesis Data Analytics is now available in Asia Pacific (Hong Kong) and Middle East (Bahrain).....* 1185
- *AWS Security Hub releases the ability to disable specific compliance controls.....* 1185
- *Amazon Neptune is now available in AWS China (Ningxia) Region, Operated by NWCD.....* 1186
- *New Quick Start deploys IBM FileNet Content Manager on AWS.....* 1186
- *AWS Security Hub releases integrations with 4 new partners.....* 1186
- *Amazon Polly launches in Middle East (BAH) and Asia Pacific (HKG) regions.....* 1187
- *AWS Now Offers NVIDIA Quadro Virtual Workstations for EC2 G4 Instances at No Additional Cost.....* 1187
- *AWS Transit Gateway is Now Available in the Europe (Stockholm) AWS Region.....* 1187
- *AWS Device Farm announces Desktop Browser Testing using Selenium.....* 1188
- *New Quick Start deploys Matillion ETL for Amazon Redshift on AWS.....* 1188
- *AWS Backup adds support for Amazon Elastic Cloud Compute (EC2) instance backup.....* 1188
- *AWS Marketplace Offers New Pricing options for Container-based Software.....* 1189
- *Amazon Lightsail expands selection of instance blueprints.....* 1189
- *AWS Backup Delivers Fast Restore Experience for Amazon Elastic File System (EFS) Item-Level Recovery.....* 1189
- *AWS Backup supports Cross-Region Backup.....* 1190
- *Amazon Elastic File System now supports AWS Identity and Access Management for Network File System clients.....* 1190
- *Amazon Elastic File System introduces EFS Access Points.....* 1190
- *Amazon EC2 Spot instances can now be stopped and started similar to On-Demand instances.....* 1191
- *Amazon Cognito now supports CloudWatch Usage Metrics.....* 1191
- *Introducing Workload Shares in AWS Well-Architected Tool.....* 1191
- *The AWS Well-Architected Tool is now available in the Asia Pacific (Seoul) Region.....* 1192
- *Amazon CloudFront launches in five new countries - Bulgaria, Greece, Hungary, Kenya, and Romania.....* 1192
- *AWS Transfer for SFTP supports VPC Security Groups and Elastic IP addresses.....* 1193
- *The Amazon Builders' Library is Now Available in 16 Languages.....* 1193
- *Amazon WorkSpaces Migrate Enables Migration to the Windows 10 Desktop Experience and the New WorkSpaces Streaming Protocol in Beta ...* 1193
- *Amazon Route 53 Resolver Endpoints for Hybrid Cloud Now Available in the Asia Pacific (Hong Kong) AWS Region.....* 1193
- *Amazon Redshift Spectrum launches in AWS China (Ningxia) Region, operated by NWCD.....* 1194

- *Amazon FSx for Lustre Announces AWS Repository for Lustre Clients* 1194
- *Access Resources within your Amazon Virtual Private Cloud using Amazon Kinesis Data Analytics* 1194
- *Amazon SQS Now Supports 1-Minute CloudWatch Metrics In All Commercial Regions* 1195
- *AWS Elastic Beanstalk Launches Public Roadmap* 1195
- *Amazon Translate introduces Batch Translation* 1195
- *AWS Systems Manager Quick Setup now supports targeting all instances* 1196
- *Updated Quick Start deploys IBM Cloud Pak for Data on a Red Hat OpenShift Container Platform cluster on AWS* 1196
- *New Quick Start deploys iBASEt Solumina on the AWS Cloud*..... 1196
- *Introducing AWS Systems Manager Change Calendar*..... 1196
- *Amazon Comprehend launches multi-label custom classification* 1197
- *Amazon SES now lets you use your existing IP address ranges to send email* 1197
- *AWS PrivateLink now supports Private DNS names for internal and 3rd party services* 1197
- *AWS Direct Connect supports AWS Transit Gateway for AWS Asia Pacific (Hong Kong) Region*..... 1198
- *Amazon QuickSight launches new analytical functions, Athena Workgroup and Presto VPC connector support* 1198
- *Data Deduplication, user storage quotas, and other recently launched administration features are now available on all Amazon FSx file systems* . 1198
- *Secure AWS Elemental MediaPackage Live Endpoints Using CDN Authorization* 1199
- *Easily measure forecast model accuracy to optimize your business objectives with Amazon Forecast* 1199
- *Announcing new Amazon EC2 G4ad instances, powered by AMD Radeon Pro V520 GPUs, with the best price performance for graphics intensive applications in the cloud* 1200
- *Amazon RDS for MySQL Supports Authentication with Active Directory* 1200
- *The AWS Architecture Center now features industries and more domains* 1200
